

ON-CALL AGREEMENT FOR PROFESSIONAL SERVICES

THIS AGREEMENT FOR PROFESSIONAL SERVICES (“Agreement”) is made and entered into as of the date stated on the City’s signature page below (the “**Effective Date**”) by and between the **CITY AND COUNTY OF DENVER**, a municipal corporation of the State of Colorado acting on behalf of its Department of Aviation (the “**City**”), and **RS&H, Inc**, a Florida corporation (“**Consultant**”) (collectively the “**Parties**”).

WITNESSETH:

WHEREAS, the City owns, operates, and maintains Denver International Airport (“**DEN**”); and

WHEREAS, the City desires to obtain professional airside and landside engineering services; and

WHEREAS, the City has undertaken a competitive process to solicit and receive proposals for such services, and has selected the proposal submitted by Consultant of the On-Call Airside & Landside Engineering Services; and

WHEREAS, Consultant is qualified, willing, and able to perform the services, as set forth in this Agreement in a timely, efficient, and economical manner; and

NOW, THEREFORE, for and in consideration of the premises and other good and valuable consideration, the Parties agree as follows:

ARTICLE I. LINE OF AUTHORITY

The Chief Executive Officer of the Department of Aviation, their designee or successor in function (the “**CEO**”), authorizes and directs all work performed under this Agreement. Until otherwise notified in writing by the CEO, the CEO has delegated the authority granted herein to the Airport Infrastructure Management. The relevant Senior Vice President (the “**SVP**”), or their designee (the “**Director**”), will further designate a Project Manager to coordinate professional services under this Agreement. Reports, memoranda, correspondence, and other submittals required of Consultant hereunder shall be processed in accordance with the Project Manager directions.

ARTICLE II. SCOPE OF WORK AND CONSULTANT RESPONSIBILITIES

A. Scope of Services. Consultant shall provide professional services and provide deliverables for the City as designated by the CEO, and/or designee, from time to time and as described in the attached *Exhibit A* (“**Scope of Work**”) in accordance with schedules and budgets set by the City.

B. Task Orders. The Project Manager will issue task orders for work to be completed under this Agreement (“**Task Orders**”). The terms of each Task Order may include but are not limited to information regarding schedule, staffing, and pricing. The Director may reduce or increase the scope of work and/or staffing required by a Task Order and the time and cost of performance shall be adjusted to reflect the time and cost resulting from the reduction or increase. In the City’s sole discretion, the Project Manager may elect to directly solicit or competitively procure the work under each Task Order. Consultant shall comply with *Exhibit D* regarding Task Orders.

C. Standard of Performance.

1. Contractor shall faithfully perform the work required under this Agreement in accordance with the standard of care, skill, efficiency, knowledge, training, and judgment provided by highly competent professionals who perform work of a similar nature to the work described in this Agreement.

2. Consultant understands and acknowledges that it shall create and assist in the implementation of the drawings, plans, specifications, reports, and/or any other such deliverables necessary to complete the work (collectively hereinafter referred to as the “**Design Deliverables**”), as required by the City.

3. Consultant shall strictly conform to and be bound by written standards, criteria, budgetary considerations, Task Orders, and memoranda of policy furnished to it by the City.

4. Consultant shall develop Design Deliverables using Building Information Modeling (“**BIM**”) as set forth in the Design Standards Manual, which is incorporated herein by reference. For each Task Order, Consultant will develop a draft BIM Project Execution Plan (“**BPXP**”) with the City and all sub-consultants.

5. Consultant shall organize its Design Deliverables for any method of construction contracting selected by the City. Consultant shall fully coordinate Design Deliverables with the contractor selected to construct the work outlined in the Design Deliverables.

6. In performing all work under this Agreement, Consultant shall fully coordinate and integrate all services and Design Deliverables with related work being performed by other contractors, Consultant’s sub-contractors, the City, the City’s consultants, related suppliers and subcontractors of any tier, and, at the City’s request, other adjacent projects at DEN.

7. Consultant shall be liable to the City for all acts and omissions of Consultant and its employees, subcontractors, agents and any other party with whom Consultant contracts to perform any portion of the work under this Agreement, including any design elements of any authorized Task Order.

D. Time Is of the Essence. Consultant acknowledges that time is of the essence in its performance of all work and obligations under this Agreement. Consultant shall perform all work under this Agreement in a timely and diligent manner.

E. Construction Administration. If the City tasks Consultant with construction administration duties, such duties shall commence upon the earlier to occur of the following events: (a) the City's execution of a construction contract(s); (b) issuance of a construction task order pursuant to an existing construction contract; or (c) the City's issuance of the notice to proceed to the contractor(s).

F. Subcontractors.

1. In order to retain, hire, and/or contract with an outside subcontractor for work under this Agreement that is not identified in *Exhibit A* or *Exhibit B*, Consultant must obtain the prior written consent of the CEO or the CEO's designee. Consultant shall request the CEO's approval in writing and shall include a description of the nature and extent of the services to be provided, the name, address and professional experience of the proposed subcontractor, and any other information requested by the City.

2. The CEO shall have the right to reject any proposed outside subcontractor deemed by the CEO to be unqualified or unsuitable for any reason to perform the proposed services. The CEO shall have the right to limit the number of outside subcontractors and/or to limit the percentage of work to be performed by them.

3. Any final agreement or contract with an approved subcontractor must contain a valid and binding provision whereby the subcontractor waives any and all rights to make any claim of payment against the City or to file or claim any lien or encumbrance against any City property arising out of the performance or non-performance of this Agreement and/or the subcontract.

4. Consultant is subject to Denver Revised Municipal Code ("D.R.M.C.") § 20-112, wherein Consultant shall pay its subcontractors in a timely fashion. A payment is timely if it is mailed to the subcontractor no later than seven (7) days after receipt of any payment from the City. Any late payments are subject to a late payment penalty as provided in the Denver Prompt Payment Ordinance (D.R.M.C. §§ 20-107 through 20-118).

5. Neither this Section, nor any other provision of this Agreement, shall not create any contractual relationship between the City and any subcontractor. The City's approval of a subcontractor shall not create in that subcontractor a right to any subcontract. The City's approval of a subcontractor does not relieve Consultant of its responsibilities under this Agreement, including the work to be performed by the subcontractor.

G. Personnel Assignments.

1. Consultant or its subcontractor(s) shall assign all key personnel identified in this Agreement, including Task Order(s), to perform work under this Agreement ("Key Personnel"). Only Key Personnel shall perform work under this Agreement, unless otherwise approved in writing by the SVP or their authorized representative. In the event

that replacement of Key Personnel is necessary under this Section G(i), the City shall approve or reject the replacement, if any, or shall determine that no replacement is necessary, all in the City's sole discretion.

2. It is the intent of the Parties that all Key Personnel perform their specialty for all such services required by this Agreement. Consultant and its subcontractor(s) shall retain Key Personnel for the entire Term of this Agreement to the extent practicable and to the extent that such services maximize the quality of work performed.

3. If, during the Term of this Agreement, the Project Manager determines that the performance of any Key Personnel is not acceptable or that any Key Personnel is no longer needed, the Project Manager shall notify Consultant and may give Consultant notice of the period of time which the Project Manager considers reasonable to correct such performance or remove the Key Personnel, as applicable.

4. If Consultant fails to correct such performance, then the City may revoke its approval of the Key Personnel in question and notify Consultant that such Key Personnel will not be retained on this project. Within ten (10) days of receiving this notice, Consultant shall use its best efforts to obtain adequate substitute personnel who must be approved in writing by the Project Manager. Consultant's failure to obtain the Project Manager's approval shall be grounds for Termination for Cause in accordance with Article IV, Section C.3.

ARTICLE III. OWNERSHIP AND DELIVERABLES

Upon payment to Consultant, all records, data, deliverables, and any other work product prepared by Consultant or any custom development work performed by Consultant for the purpose of performing this Agreement on or before the day of the payment, whether periodic or final, shall become the sole property of the City. Upon request by the City, or based on any schedule agreed to by Consultant and the City, Consultant shall provide the City with copies of the data/files that have been uploaded to any database maintained by or on behalf of Consultant or otherwise saved or maintained by Consultant as part of the services provided to the City under this Agreement. All such data/files shall be provided to the City electronically in a format agreed to by the Parties. Consultant also agrees to allow the City to review any of the procedures Consultant uses in performing any work or other obligations under this Agreement, and to make available for inspection any and all notes, documents, materials, and devices used in the preparation for or performance of any of the scope of work, for up to six (6) years after termination of this Agreement. Upon written request from the City, Consultant shall deliver any information requested pursuant to this Article within ten (10) business days in the event a schedule or otherwise agreed-upon timeframe does not exist.

ARTICLE IV. TERM AND TERMINATION

A. Term. The Term of this Agreement shall commence on the Effective Date and shall expire three (3) years thereafter, unless terminated in accordance with the terms stated herein (the "**Expiration Date**"). The Term of this Agreement may be extended for **two (2) one-year**

options, on the same terms and conditions, by written notice from the CEO to Consultant. However, no extension of the Term shall increase the Maximum Contract Amount stated below.

B. If the Term expires prior to Consultant completing the work under this Agreement, subject to the prior written approval of the CEO or their authorized representative, this Agreement shall remain in full force and effect until the completion of any services commenced prior to the Expiration Date. Consultant has no right to perform services beyond the Expiration Date nor to seek compensation for services performed after the Expiration Date without express approval from the CEO or their authorized representative.

C. Suspension and Termination.

1. Suspension. The City may suspend performance of this Agreement at any time with or without cause. Upon receipt of notice from the Director, Consultant shall stop work as directed in the notice and, as directed in the notice, shall submit an invoice for any work performed but not yet billed. Any milestones or other deadlines shall be extended by the period of suspension unless otherwise agreed to by the City and Consultant. The Expiration Date shall not be extended as a result of a suspension.

2. Termination for Convenience. The City may terminate this Agreement at any time without cause upon written notice to Consultant from the Director.

3. Termination for Cause. In the event Consultant fails to perform any provision of this Agreement, the City may either:

a. Terminate this Agreement for cause with ten (10) days prior written notice to Consultant; or

b. Provide Consultant with written notice of the breach and allow Consultant an Opportunity to Cure.

4. Opportunity to Cure. Upon receiving the City's notice of breach pursuant to Section C.3.b of this Article, Consultant shall have five (5) days to commence remedying its defective performance. If Consultant diligently cures its defective performance to the City's satisfaction within a reasonable time as determined by the City, then this Agreement shall not terminate and shall remain in full force and effect. If Consultant fails to cure the breach to the City's satisfaction, then the City may terminate this Agreement pursuant to Article IV, Section C.3.a.

5. Compensation for Services Performed Prior to Suspension or Termination Notice. If this Agreement is suspended or terminated, the City shall pay Consultant the reasonable cost of only those services performed to the satisfaction of the CEO or their authorized representative prior to the notice of suspension or termination. Consultant shall submit a final invoice for these costs within thirty (30) days of the date of such notice. Consultant has no right to compensation for services performed after any such notice unless directed to perform those services by the City as part of the termination process or as provided in Section 6 below.

6. Reimbursement for Cost of Orderly Termination. In the event of Termination for Convenience of this Agreement pursuant to Article IV, Section C.2., Consultant may request reimbursement from the City of the reasonable costs of orderly termination associated with the Termination for Convenience as part of its submittal of costs pursuant to Section C.5. In no event shall the total sums paid by the City pursuant to this Agreement, including Sections C.5 and C.6, exceed the Maximum Contract Liability.

7. No Claims. Upon termination of this Agreement, Consultant shall have no claim of any kind against the City by reason of such termination or by reason of any act incidental thereto. Consultant shall not be entitled to loss of anticipated profits or any other consequential damages as a result of termination.

D. Remedies. In the event Consultant performs services under this Agreement in violation of any provision herein, Consultant shall be liable to the City for all costs of correcting the work without additional compensation, including but not limited to:

1. All costs of correcting and replacing any affected design documents, including reproducible drawings;
2. All removal and replacement costs of any improvements or other work installed or performed pursuant to and in accordance with design documents containing negligent errors, omissions, and/or defects; and
3. Additional costs incurred by the City, its tenants, or its other contractors arising out of Consultant's defective work.
4. These remedies are in addition to, and do not limit, the remedies available to the City in law or in equity. These remedies do not amend or limit the requirements of Article VII and Article VIII of this Agreement.

ARTICLE V. COMPENSATION AND PAYMENT

A. Maximum Contract Liability. Notwithstanding any other provision of this Agreement, the City shall not be liable under any theory for payment for services rendered and expenses incurred by Consultant under the terms of this Agreement for any amount in excess of the sum of **Three Million Dollars and No Cents (\$3,000,000.00)** ("**Maximum Contract Liability**"). Consultant shall perform the services on either an hourly rate basis or a lump sum basis up to the Maximum Contract Liability.

B. Limited Obligation of City. The obligations of the City under this Agreement shall extend only to monies appropriated and encumbered for the purposes of this Agreement. Consultant acknowledges and understands the City does not by this Agreement irrevocably pledge present cash reserves for payments in future fiscal years, and this Agreement is not intended to create a multiple-fiscal year direct or indirect debt or financial obligation of the City. The City is not under any obligation to make any future encumbrances or appropriations for this Agreement nor is the City under any obligation to amend this Agreement to increase the Maximum Contract Liability above.

C. Payment Source. For payments required under this Agreement, the City shall make payments to Consultant solely from funds of the Airport System Fund and from no other fund or source. The City has no obligation to make payments from any other source.

D. Fee. Initial individual hourly rates and charges are set forth in *Exhibit B*. The Project Manager, in their sole discretion, may annually adjust the hourly rates and/or the multiplier on the anniversary of the Effective Date through a Task Order, to be applicable to future work as further provided in the Task Order. Hourly rate adjustments shall not exceed the Denver-Aurora-Lakewood Consumer Price Index issued by the U.S. Department of Labor, Bureau of Labor Statistics.

E. Payment Schedule. Subject to the Maximum Contract Liability, for payments required under this Agreement, the City shall pay Consultant's fees and expenses in accordance with this Agreement and *Exhibit B*. Unless otherwise agreed to in writing, Consultant shall invoice the City on a regular basis in arrears and the City shall pay each invoice in accordance with Denver's Prompt Payment Ordinance, D.R.M.C. § 20-107, et seq., subject to the Maximum Contract Liability.

F. Invoices. Unless otherwise provided in a Task Order, Consultant shall submit to the City a monthly progress invoice containing reimbursable costs and receipts from the previous month for professional services rendered under this Agreement to be audited and approved by the City ("**Invoice**"). Each Invoice shall provide the basis for payments to Consultant under this Agreement. In submitting an Invoice Consultant shall comply with all requirements of this Agreement, including *Exhibit E*:

1. Include an executive summary and status report(s) that describe the progress of the services and summarize the work performed during the period covered by the Invoice;
2. Include a statement of recorded hours that are billed at an hourly rate;
3. Include the relevant purchase order ("**PO**") number related to the Invoice;
4. Ensure that amounts shown on the Invoices comply with and clearly reference the relevant services, indicate the hourly rate and multiplier where applicable, and identify the allowable reimbursable expenses;
5. For only those reimbursable costs incurred in the previous month, submit itemized business expense logs and, where billing is based upon receipts, include copies of receipts for all allowable reimbursable expenses;
6. Include the signature of an authorized officer of Consultant, along with such officer's certification they have examined the Invoice and found it to be correct; and
7. Submit each Invoice via email to ContractAdminInvoices@flydenver.com.

8. Late Fees. Consultant understands and agrees interest and late fees shall be payable by the City only to the extent authorized and provided for in the City's Prompt Payment Ordinance.

9. Travel Expenses. Travel and any other expenses are not reimbursable unless such expenses are related to and in furtherance of the purposes of Consultant's engagement, are in accordance with this Agreement, and Consultant receives prior written approval of the SVP or their authorized representative.

G. Timesheets. Consultant shall maintain all timesheets kept or created in relation to the services performed under this Agreement and *Exhibit E*. The City may examine such timesheets upon the City's request.

H. Disputed Invoices. The City reserves the right to reject and not pay any Invoice or part thereof, including any final invoice resulting from a Termination of this Agreement where the SVP or their authorized representative determines the amount invoiced exceeds the amount owed based upon the work satisfactorily performed. The City shall pay any undisputed items contained in an Invoice. Disputes concerning payments under this provision shall be resolved in accordance with procedures set forth in Article IX and D.R.M.C. § 5-17.

I. Carry Over. If Consultant's total fees for any of the services provided under this Agreement are less than the amount budgeted for, the amount remaining in the budget may be used for additional and related services rendered by Consultant if the CEO or their authorized representative determines such fees are reasonable and appropriate and provides written approval of the expenditure.

ARTICLE VI. MWBE, WAGES AND PROMPT PAYMENT

A. Minority/Women Business Enterprise.

1. This Agreement is subject to Article III, Divisions 1 and 3 of Chapter 28, Denver Revised Municipal Code ("D.R.M.C."), designated as §§ 28-31 to 28-40 and 28-51 to 28-90 (the "**MWBE Ordinance**") and any Rules or Regulations promulgated pursuant thereto. The contract goal for MWBE participation established for this Agreement by the Division of Small Business Opportunity ("**DSBO**") is 28%. Consultant shall comply with the Utilization Plan attached as *Exhibit F* and as it may be modified in the future during performance of this Agreement.

2. Under § 28-68, D.R.M.C., Consultant has an ongoing, affirmative obligation to maintain for the duration of this Agreement, at a minimum, compliance with its originally achieved level of MWBE participation upon which this Agreement was awarded, unless the City initiates a material alteration to the scope of work affecting MWBEs performing on this Agreement through contract amendment, or other contract modifications, or as otherwise described in § 28-70, D.R.M.C. Consultant acknowledges that:

- a. If required by DSBO, Consultant shall develop and comply with a Utilization Plan in accordance with § 28-63, D.R.M.C. Along with the Utilization Plan

requirements, Consultant must establish and maintain records and submit regular reports, as directed by DSBO, which will allow the City to assess progress in complying with the Utilization Plan and achieving the MWBE participation goal. The Utilization Plan is subject to modification by DSBO.

- b. If Agreement modifications are issued under the Agreement, Consultant shall have a continuing obligation to immediately inform DSBO in writing of any agreed upon increase or decrease in the scope of work of such contract, upon any of the bases discussed in § 28-70, D.R.M.C., regardless of whether such increase or decrease in scope of work has been reduced to writing at the time of notification.
- c. If amendments or other contract modifications are issued under the contract that include an increase in the scope of work of this Agreement, which increases the dollar value of the contract, whether or not such change is within the scope of work designated for performance by an MWBE at the time of contract award, such amendments or modifications shall be immediately submitted to DSBO for notification purposes.
- d. Those amendments or other modifications that involve a changed scope of work that cannot be performed by existing project subconsultants are subject to the original goal. Consultant shall satisfy the goal with respect to such changed scope of work by soliciting new MWBEs in accordance with § 28-70, D.R.M.C. Consultant must also satisfy the requirements under §§ 28-64 and 28-73, D.R.M.C., with regard to changes in scope or participation. Consultant shall supply to the DSBO Director all required documentation described in §§ 28-64, 25-70, and 28-73, D.R.M.C., with respect to the modified dollar value or work under the Agreement.
- e. Failure to comply with these provisions may subject Consultant to sanctions set forth in § 28-76 of the MWBE Ordinance.
- f. Should any questions arise regarding DSBO requirements, Consultant should consult the MWBE Ordinance or may contact the Project's designated DSBO representative at (720) 913-1999.

3. Prompt Pay of MWBE Subcontractors. For contracts of one million dollars (\$1,000,000.00) and over, Consultant is required to comply with the Contractor Prompt Payment provisions under § 28-72, D.R.M.C., regarding prompt payments by Consultant to MWBE subcontractors. Payment to MWBE subcontractors shall be made no later than thirty-five (35) days after receipt of an MWBE subcontractor invoice.

B. Prevailing Wage. To the extent required by law, Consultant shall comply with, and agrees to be bound by, all requirements, conditions and City determinations regarding the Payment of Prevailing Wages Ordinance, §§20-76 through 20-79, D.R.M.C. including, but not limited to, the requirement that every covered worker working on a City owned or leased building

or on City-owned land shall be paid no less than the prevailing wages and fringe benefits in effect on the Effective Date of this Agreement.

1. Prevailing wage and fringe rates will adjust on, and only on, the anniversary of the Effective Date of this Agreement. Unless expressly provided for in this Agreement, Consultant will receive no additional compensation for increases in prevailing wages or fringe benefits.

4. Consultant shall provide the Auditor with a list of all subcontractors providing any services under the contract.

5. Consultant shall provide the Auditor with electronically-certified payroll records for all covered workers employed under this Agreement.

6. Consultant shall prominently post at the work site the current prevailing wage and fringe benefit rates. The posting must inform workers that any complaints regarding the payment of prevailing wages or fringe benefits may be submitted to the Denver Auditor by calling 720-913-5000 or emailing auditor@denvergov.org.

7. If Consultant fails to pay workers as required by the Prevailing Wage Ordinance, Consultant will not be paid until documentation of payment satisfactory to the Auditor has been provided. The City may, by written notice, suspend or terminate work if Consultant fails to pay required wages and fringe benefits.

C. City Minimum Wage. To the extent required by law, Consultant shall comply with and agrees to be bound by all requirements, conditions, and the City determinations regarding the City's Minimum Wage Ordinance, §§20-82 through 20-84, D.R.M.C., including, but not limited to, the requirement that every covered worker shall be paid no less than the City Minimum Wage in accordance with the City's Minimum Wage Ordinance. By executing this Agreement, Consultant expressly acknowledges that Consultant is aware of the requirements of the City's Minimum Wage Ordinance and that any failure by Consultant, or any other individual or entity acting subject to this Agreement, to strictly comply with the foregoing D.R.M.C. Sections shall result in the penalties and other remedies authorized therein.

D. City Prompt Pay. The City will make monthly progress payments to Consultant for all services performed under this Agreement based upon Consultant's monthly invoices or shall make payments as otherwise provided in this Agreement. The City's Prompt Payment Ordinance, §§ 20-107 to 20-118, D.R.M.C., applies to invoicing and payment under this Agreement.

1. Final Payment to Consultant shall not be made until after the Project is accepted, and all certificates of completion, record drawings and reproducible copies are delivered to the City, and the Agreement is otherwise fully performed by Consultant. The City may, at the discretion of the DSBO Director, withhold reasonable amounts from billing and the entirety of the final payment until all such requirements are performed to the satisfaction of the Director. However, no deductions shall be made from Consultant's compensation because of penalty, liquidated damages or other sums withheld from payments to contractor(s)/consultants.

ARTICLE VII. INSURANCE REQUIREMENTS

A. Consultant shall obtain and keep in force all of the minimum insurance coverage forms and amounts set forth in *Exhibit C* (“**Insurance Requirements**”) during the entire Term of this Agreement, including any extensions of the Agreement or other extended period stipulations stated in *Exhibit C*. All certificates of insurance and any required endorsements must be received and approved by DEN Risk Management before any airport access or work commences.

B. Unless specifically waived in writing by DEN Risk Management, if Consultant shall be using subcontractors to provide any part of the services under this Agreement, Consultant shall do one of the following:

1. Include all subcontractors performing services hereunder as insureds under its required insurance and specifically list on all submitted certificates of insurance required under *Exhibit C*; or

8. Ensure that each subcontractor provides its own insurance coverage in accordance with the requirements set forth in this Agreement.

C. The City in no way warrants or represents the minimum limits contained herein are sufficient to protect Consultant from liabilities arising out of the performance of the terms and conditions of this Agreement by Consultant, its agents, representatives, employees, or subcontractors. Consultant shall assess its own risks and maintain higher limits and/or broader coverage as it deems appropriate and/or prudent. Consultant is not relieved of any liability or other obligations assumed or undertaken pursuant to this Agreement by reason of its failure to obtain or maintain insurance in sufficient amounts, duration, or types.

D. In no event shall the City be liable for any of the following: (i) business interruption or other consequential damages sustained by Consultant; (ii) damage, theft, or destruction of Consultant's inventory, or property of any kind; or (iii) damage, theft, or destruction of an automobile, whether or not insured.

E. The Parties understand and agree that the City, its elected and appointed officials, employees, agents and volunteers are relying on, and do not waive or intend to waive by any provisions of this Agreement, the monetary limitations and any other rights, immunities and protections provided by the Colorado Governmental Immunity Act, §§ 24-10-101 to 120, C.R.S., or otherwise available to the City, its elected and appointed officials, employees, agents and volunteers.

ARTICLE VIII. DEFENSE AND INDEMNIFICATION

A. To the fullest extent permitted by law, Consultant hereby agrees to defend, indemnify, reimburse and hold harmless City, its appointed and elected officials, agents and employees for, from and against all liabilities, claims, judgments, suits or demands for damages to persons or property arising out of, resulting from, or relating to the work performed under this Agreement that are attributable to the negligence or fault of the Consultant or the Consultant's agents, representatives, subcontractors, or suppliers (“**Claims**”). This indemnity shall be

interpreted in the broadest possible manner consistent with the applicable law to indemnify the City.

B. Consultant's obligation to defend and indemnify City may be determined after Consultant's liability or fault has been determined by adjudication, alternative dispute resolution, or otherwise resolved by mutual agreement between the parties. Consultant's duty to defend and indemnify City shall relate back to the time written notice of the Claim is first provided to City regardless of whether suit has been filed and even if Consultant is not named as a Defendant.

C. Consultant will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation, including but not limited to time expended by the City Attorney Staff, whose costs shall be computed at the rate of two hundred dollars and no cents (\$200.00) per hour of City Attorney time. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.

D. Insurance coverage requirements specified in this Agreement shall in no way lessen or limit the liability of the Consultant under the terms of this indemnification obligation. The Consultant shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.

E. This defense and indemnification obligation shall survive the expiration or termination of this Agreement.

ARTICLE IX. DISPUTES

All disputes arising under or related to this Agreement shall be resolved by administrative hearing under the procedures described in D.R.M.C. § 5-17 and all related rules and procedures. The determination resulting from said administrative hearing shall be final, subject only to Consultant's right to appeal the determination under Colorado Rule of Civil Procedure, Rule 106.

ARTICLE X. GENERAL TERMS AND CONDITIONS

A. Status of Consultant. Parties agree that the status of Consultant shall be an independent Consultant retained on a contractual basis to perform professional or technical services for limited periods of time as described in §9.1.1(E)(x) of the Charter of the City and County of Denver (the "**City Charter**"). It is not intended, nor shall it be construed, that Consultant or its personnel are employees or officers of the City under D.R.M.C. Chapter 18 for any purpose whatsoever.

B. Assignment. Consultant shall not assign, pledge or transfer its duties, obligations, and rights under this Agreement, in whole or in part, without first obtaining the written consent of the CEO or their authorized representative. Any attempt by Consultant to assign or transfer its rights hereunder without such prior written consent shall, at the option of the CEO or their authorized representative, automatically terminate this Agreement and all rights of Consultant hereunder.

C. Compliance with all Laws and Regulations. Consultant and its subcontractor(s) shall perform all work under this Agreement in compliance with all existing and future applicable laws, rules, regulations, and codes of the United States, the State of Colorado and with the City Charter, ordinances, and rules and regulations of the City.

D. Compliance with Patent, Trademark and Copyright Laws.

1. Consultant agrees that all work performed under this Agreement shall comply with all applicable patent, trademark and copyright laws, rules, regulations and codes of the United States, as they may be amended from time to time. Consultant will not utilize any protected patent, trademark or copyright in performance of its work unless it has obtained proper permission, all releases, and other necessary documents. If Consultant prepares any documents which specify any material, equipment, process or procedure which is protected, Consultant shall disclose such patents, trademarks and copyrights in such documents.

2. Pursuant to Article VIII, Consultant shall indemnify and defend the City from any and all claims, damages, suits, costs, expenses, liabilities, actions or proceedings resulting from, or arising out of, directly or indirectly, the performance of work under this Agreement which infringes upon any patent, trademark or copyright protected by law.

The City making any such payment when any breach or default exists shall not impair or prejudice any right or remedy available to the City with respect to such breach or default. The City's assent, expressed or implied, to any breach of any one or more covenants, provisions or conditions of this Agreement shall not be deemed or taken to be a waiver of any other breach.

G. No Third-Party Beneficiaries. The Parties agree that enforcement of the terms and conditions of this Agreement and all rights of action relating to such enforcement shall be strictly reserved to the City and Consultant, and nothing contained in this Agreement shall give or allow any such claim or right of action by any third party. 2. In the event of a request to the City for disclosure of such information, time and circumstances permitting, the City will make a good faith effort to advise Consultant of such request in order to give Consultant the opportunity to object to the disclosure of any material Consultant may consider confidential, proprietary, or otherwise exempt from disclosure. In the event Consultant objects to disclosure, the City, in its sole and absolute discretion, may file an application to the Denver District Court for a determination of whether disclosure is required or exempted. In the event a lawsuit to compel disclosure is filed, the City may tender all such material to the court for judicial determination of the issue of disclosure. In both situations, Consultant agrees it will either waive any claim of privilege or confidentiality or intervene in such legal process to protect materials Consultant does not wish disclosed. Consultant agrees to defend, indemnify, and hold harmless the City, its officers, agents, and employees from any claim, damages, expense, loss, or costs arising out of Consultant’s objection to disclosure, including prompt reimbursement to the City of all reasonable attorney’s fees, costs, and damages the City

2. Consultant represents that, in its Response or Proposal, as applicable, it disclosed any and all current or potential conflicts of interest of which it is aware, including transactions, work, activities, or conduct that might affect the judgment, actions, or work of Consultant or which might give Consultant an unfair advantage in this or a future procurement. If the Parties identified a conflict of interest and agreed to a plan to mitigate such conflict, Consultant agrees it will comply with that mitigation plan.

3. The City, in its sole discretion, shall determine the existence of a conflict of interest and may terminate this Agreement if such a conflict exists, after it has given Consultant written notice which describes such conflict. If, during the course of the Agreement, the City determines that a potential conflict of interest exists or may exist, Consultant shall have thirty (30) days after the notice is received in which to eliminate or cure the conflict of interest in a manner which is acceptable to the City.

4.2 Contractor Responsible to Review Coverage

Contractor acknowledges that all references to DEN ROCIP policy terms, conditions, and limits of liability in this document, as well as the DEN ROCIP Insurance Manual, are for reference only. Contractor and its subcontractors of any tier are responsible for conducting their own independent review and analysis of the DEN ROCIP insurance policies in formulating any opinion or belief as to the applicability of such coverage in the event of any loss or potential claim. Any type of insurance or increase of limits not described above, which the Contractor requires for its own protection or on account of statute, shall be its own responsibility and at its own expense.

4.3 Audit

Contractor agrees to make its records available for review and to cooperate with DEN, its insurers and insurance brokers, the City Auditor, and representatives of the aforesaid parties in the event of an audit. In the event that a DEN audit of Contractor's records, as permitted in the Contract or other DEN ROCIP documents, reveals a discrepancy in the insurance, payroll, safety, or any other information required to be provided to DEN or the DEN ROCIP Administrator, or reveals inclusion of costs for DEN ROCIP coverage or other coverage beyond what is described above in any payment for the Work, DEN will have the right to deduct from payments due Contractor all such insurance costs as well as all audit costs.

4.4 Insurance Costs Removed

Contractor warrants that the costs for insurance as provided under the DEN ROCIP were not included in Contractor's bid or proposal for the Work, the Contract Price/Contract Sum, and will not be included in any change order or any request for payment for the Work or extra work.

5. Contractor Obligations

5.1 ROCIP Documents Shall be Provided to Subcontractor

Contractor shall furnish each bidding subcontractor, vendor, supplier, material dealer or other party a copy of this Exhibit, the DEN ROCIP Insurance Manual and the DEN ROCIP Safety Manual and shall incorporate the terms of this Exhibit in all contracts and agreements entered into for performance of any portion of the Work.

5.2 Timely Enrollment Required

Contractor shall enroll in the DEN ROCIP within five (5) business days following a request by DEN or the DEN ROCIP Administrator. Contractor shall notify each subcontractor of the process for enrolling in DEN ROCIP and confirm that enrollment is mandatory, but not automatic. 5.3 Compliance with Conditions

Contractor shall not violate any condition of the policies of insurance provided by DEN under the terms of this Exhibit, the DEN ROCIP Insurance Manual or the DEN ROCIP Safety Manual. All requirements imposed by the subject policies and to be performed by Contractor shall likewise be imposed on, assumed, and performed by each subcontractor of any tier.

5.4 Claims Cooperation

Contractor shall participate in claim reporting procedures. Contractor agrees to assist and cooperate in every manner possible in connection with the adjustment of all claims arising out of operations within the scope of the Work required by the Contract, and to cooperate with DEN's insurer(s) in all claims and demands which DEN's insurer(s) is called upon to adjust or to defend against. Contractor shall take all necessary action to assure that its subcontractors of any tier comply with any request for assistance and cooperation. This obligation includes, without limitation, providing light or modified duty for injured workers, appearing in mediation, arbitration or court proceedings and/or participating in settlement meetings, as may be required.

5.5 Monthly Payroll Submission

All Enrolled Parties shall submit monthly payrolls and worker-hour reports to DEN and/or the DEN ROCIP Administrator via the DEN ROCIP Administrator's online reporting system as outlined in the DEN ROCIP Insurance Manual. The online reporting instructions will be provided to all Contractors at time of enrollment. Failure to submit these reports may result in funds being held or delayed from monthly progress payments. Payroll must be submitted online for each month, including zero (0) payroll, if applicable, until completion of the Work under each Contract and Subcontract. For subcontractors of any tier performing Work under multiple Subcontracts, a separate payroll report is required for each Subcontract under which Work is being performed.

5.6 Response to Information Requests

All insurance underwriting, payroll, rating or loss history information requested by DEN or the DEN ROCIP Administrator shall be provided by the Contractor within three (3) business days of request. Contractor agrees (and will require each subcontractor to agree) that DEN, DEN's insurers or its representative may audit the Contractor's records or records of subcontractors of any tier to confirm the accuracy of all insurance information provided including, without limitation, any such information that may have any effect on insurance resulting from changes in the Work. At all times during performance of the Contract and Subcontracts, the Contractor and subcontractors of any tier shall cooperate with DEN, the DEN ROCIP Administrator and DEN's insurers.

5.7 Responsibility for Safety

Notwithstanding the DEN ROCIP, the Contractor shall initiate, maintain and supervise all safety precautions and programs in connection with the Work. Nothing herein shall relieve the Enrolled Parties of their respective obligations to exercise due care in the performance of their duties in connection with the Work or to complete the Work in strict compliance with this Contract and subsequent subcontracts.

6. Notices and Costs

6.1 Limitations on DEN Provided Coverage and DEN Right to Purchase Other Coverage

DEN assumes no obligations to provide insurance other than that evidenced by the policies referred to in Section 3.8. DEN, however, reserves the right to furnish insurance coverage of various types and limits provided that such coverage shall not be less than that specified in Section 3.8 and the costs of such insurance shall be paid by DEN. Apart from the DEN ROCIP, DEN may at its option purchase additional insurance coverages that insure the Project that may not necessarily insure the Contractor or the subcontractors. Without limitation, examples of such coverage may include pollution liability, excess professional liability, and excess automobile liability insurance.

6.2 Contractors Responsible for Own Equipment

Contractor and subcontractors are solely responsible for loss or damage of all construction tools and other equipment whether owned, leased, rented, borrowed or used on Work at the Project Site. If an individual Enrolled Party purchases insurance on their tools and equipment, such insurance shall contain a waiver of subrogation in favor of the City and County of Denver, its elected and appointed officials, agents, employees and volunteers and all other Enrolled Parties. If an individual Enrolled Party does not purchase such insurance, that Enrolled Party will hold harmless the City and County of Denver, its elected and appointed officials, agents, employees and volunteers and other Enrolled Parties for loss or damage to its tools and equipment.

6.3 No Release; No Waiver of Immunity

The provision of the DEN ROCIP shall in no way be interpreted as relieving Contractor or subcontractors of any tier of any responsibility or liability under the Contract Documents, the DEN ROCIP insurance policies or applicable laws including, without limitation, Contractor's and subcontractor's responsibilities relative to indemnification and their obligation to exercise due care in the performance of the Work and to complete the Work in strict compliance with the Contract Documents. The parties hereto understand and agree that the City and County of Denver, its elected and appointed officials, agents, employees and volunteers are relying on, and do not waive or intend to waive by any provisions of this agreement, the monetary limitations or any other rights, immunities and protections provided by the Colorado Governmental Immunity Act, §§ 24-10-101 to 120, C.R.S., or otherwise available to DEN, its officers, officials and employees.

6.4 DEN Right to Withhold Payments

In addition to any other rights of withholding that DEN may have under the Contract Documents, DEN has the right to withhold any payments otherwise due to Contractor in the event of a failure by Contractor or any subcontractor to comply with the requirements of this Exhibit, the DEN ROCIP Insurance Manual or the DEN ROCIP Safety Manual. DEN may withhold from any payment owing to Contractor the costs of DEN ROCIP coverages if included in a request for payment. Such withholding by DEN shall not be deemed to be a default under the Contract. DEN shall withhold from Contractor the costs of DEN ROCIP coverages attributable to an increase in an Enrolled Party's total payroll for the Work over the amount reported to DEN and/or the DEN ROCIP Administrator at time of enrollment.

6.5 DEN Remedies

Without limitation upon any of DEN’s other rights or remedies, any failure of an Enrolled Party to comply with any provision of this Exhibit, the DEN ROCIP Insurance Manual, or the DEN ROCIP Safety Manual shall be deemed a material breach of the Contract, thereby entitling DEN, at its option, upon notice to Contractor, to (1) suspend performance by Contractor and/or the offending subcontractor, without any adjustment to Contract Sum Payable or Contract Time, until there is full compliance, or (2) terminate this Contract for cause.

6.6 Off Site Storage

Unless otherwise provided in the Contract Documents, the property insurance provided by DEN shall not cover portions of the Work stored off the Site without written approval of DEN. Contractor shall be responsible for reporting such property or work if ownership has been transferred to DEN. If ownership rests with the Contractor, Contractor shall be responsible for obtaining insurance to protect its interests.

6.7 Partial Occupancy

Partial occupancy or use shall not commence until DEN insurer(s) providing Builders Risk and/or Property Insurance have consented to such partial occupancy or use by endorsement or otherwise. DEN and the Contractor shall take reasonable steps to obtain consent of the insurer(s) and shall, without mutual written consent, take no action with respect to partial occupancy or use that would cause cancellation, lapse or reduction of insurance.

6.8 DEN Right to Exclude Parties from the DEN ROCIP

DEN reserves the right to exclude any subcontractor from the DEN ROCIP, before or after enrollment by the subcontractor. If DEN elects to exclude a subcontractor from the DEN ROCIP, the Contractor will be responsible for ensuring the insurance coverages outlined in the Contractor’s Subcontract Agreement are provided to DEN or the DEN ROCIP Administrator before the subcontractor can begin or resume Work on the Project.

6.9 DEN’s Right to Modify or Discontinue DEN ROCIP Coverages

If DEN determines that modification or discontinuation of the DEN ROCIP is in the best interest of DEN, the Contractor and subcontractor will receive sixty (60) days advance written notice to secure and maintain such insurance as is required to provide replacement coverage comparable to that provided under the DEN ROCIP. Provided that the foregoing is not the result of any failure by the Contractor or any subcontractor to comply with the requirements of the Contract Documents, the DEN ROCIP Insurance Manual or DEN ROCIP Safety Manual, the costs of such replacement insurance shall be deemed a cost of Work for which the Contractor shall be entitled to a Contract Adjustment, without any sum added thereto for Allowable Markup. The form, content, limits of liability, cost and the rating of the insurer(s) issuing such replacement coverage shall be subject to DEN’s prior written approval.

2.2 TASK ORDER SCOPE OF WORK

2.2.1 The SVP of AIM Development or the designated DEN representative will issue to the Consultant a Task Order Request for Proposal (see form PS-02) for each specific Task Order. If the work will produce a product used for construction, the City will also issue a construction budget. The Consultant will prepare and submit a fee proposal and its Task Order design schedule within 14 days of receipt of the signed Task Order Request for Proposal, unless an alternate delivery duration is defined by the DEN Project Manager in the Task Order Request for Proposal. Task Order Requests for Proposal may not result in an executed Task Order.

2.2.2 The Consultant shall provide a fee proposal that includes the following:

- 2.2.2.1 A narrative of the understanding of the requested Task Order including all assumptions, exclusions, expenses, and breakdown of scope of work performed by all subconsultants.
- 2.2.2.2 A completed Fee Proposal Spreadsheet (see Form PS-F) broken down by personnel pay classifications, agreed hourly billing rates (see Exhibit B), schedule, and hours necessary to complete the Task Order scope of work.
- 2.2.2.3 A schedule identifying all phases of scope of work with DEN review durations.

2.2.2.4 Identification of lump sum not to exceed design fee.

2.3 TASK ORDER REQUEST FOR PROPOSAL

- 2.3.1 For each Task Order scope of work issued, the City will review the fee proposal and Task Order design schedule. The Consultant will not begin work on any Task Order scope of work without having received a fully executed On-Call Task Order Authorization (see form-PS-03). In the event of approval of the Consultant's fees and schedule, the Consultant will perform such work within the time agreed and for the compensation that is approved by the SVP of AIM Development or the designated DEN representative.
- 2.3.2 Design Standards Manuals: Each Task Order Request for Proposal will identify the specific chapters or volumes of the DEN Design Standards Manuals (DSMs) that will be applicable to the Task Order scope of work. The Consultant will prepare its fee proposal based upon the Task Order definition and performing the requirements defined in each applicable chapter of the design standards manual. These DSMs are documents which define the requirements for project design, constructability, operability, and performance for airport projects. As such, these documents are periodically updated, revised, and improved. Throughout the duration of this Agreement the most current version of the published DSMs will apply at the time of each On-Call Task Order Authorization, and these versions will supersede previous published versions.
- 2.3.3 DEN Technical Specifications and Criteria: Denver International Airport has developed specific technical specifications and criteria for, but not limited to, various mechanical, electrical, communications, security systems, structural systems, process procedures, etc. The Consultant will be provided those specifications and criteria for the development of each assigned Task Order(s). The Consultant will review those technical specifications to determine if the technical specifications and / or criteria are contrary to or in opposition to its professional judgment, to its standard professional office practices, or to the standard level of care performed by competent professionals performing similar duties and responsibilities on similar projects. If, as the result of this review, the Consultant's opinion is that the DEN technical specifications and criteria are requiring design and engineering services that are contrary to its professional judgment and professional responsibility, the Consultant will produce a written detailed report outlining its concerns and defining specifically the items of the specifications and criteria that cause its concern. The Consultant will participate in a meeting with DEN personnel to discuss these issues and reach agreement on the direction and development of the Task that will allow the Consultant to proceed within its acceptable standard of care. Technical specifications shall not be used between multiple tasks without written approval of the DEN Project Manager.
- 2.3.4 Following this agreement, the Consultant acknowledges that the design and engineering of the Task is produced in accordance with the Agreement, including its standard of care and accepts full responsibility for the design and engineering of the Task Order according to the rules, regulations, and laws governing its activities.

2.4 CONSULTANT'S PERSONNEL ASSIGNED TO THIS AGREEMENT

- 2.4.1 The Consultant will assign a lead project manager to this Agreement who has experience and knowledge of design and construction industry standards. At a minimum, the project manager must be a licensed architect or registered professional engineer in the State of Colorado. The project manager will be the contact person in dealing with the airport on matters concerning this Agreement and will have the full authority to act for the Consultant's organization and at the direction of the SVP of AIM Development or the designated DEN representative. This project manager will remain on this Agreement during the entire Agreement term, while in the employ of the Consultant, or until such time that his / her performance is deemed unsatisfactory by the City and a formal written request is submitted which requests the removal of the project manager.
- 2.4.2 Should the City request the removal of a project manager, the Consultant will replace that project manager with a person of similar or equal experience and qualifications. The replacement project manager is subject to the approval of the SVP of AIM Development or the designated DEN representative.
- 2.4.3 The Consultant may choose to replace a project manager with a principal, associate principal or other individual that is at a higher hourly billing rate. The time that the principal, associate principal or other individual devotes to tasks that are normally performed by a project manager will be billed at the project manager hourly billing rate. DEN will not pay for work not related to DEN or that DEN deems is not necessary for the scope of work required of Consultant or its project manager.
- 2.4.4 The Consultant may submit, and the City will consider a request for reassignment of a project manager, should the Consultant deem it to be in the best interest of the Consultant's organization or for that project manager's career development or in the best interest of the City. Reassignment will be subject to the approval of the SVP of AIM Development or the designated DEN representative.
- 2.4.5 If the City allows the removal of a project manager, the replacement project manager must have similar or equal experience and qualifications to that of the original project manager. The replacement project manager's assignment to this Agreement is subject to the approval of the SVP of AIM Development or the designated DEN representative.

EXHIBIT E

ON-CALL PROFESSIONAL SERVICES DESIGN & ENGINEERING

SCHEDULING, PROGRESS REPORTING, INVOICING AND CORRESPONDENCE CONTROL

Revised: August 2020

1 INTRODUCTION

- 1.1 This Exhibit describes the Consultant's obligations to prepare and submit schedules, budgets, invoices, progress reports, and correspondences. The Consultant shall prepare invoices that are based on its progress toward completing the Consultant's Task Order. The Consultant schedules the work and identifies the resources (costs and hours), which will be required to complete each scheduled phase of a Task Order. Those resources are totaled for each phase of the Task Order. The Consultant then measures monthly progress and prepares invoices on the basis of payment alternatives, which the Consultant must submit written approval for each Task Order as described in this Exhibit. Billing shall be at one Task Order per invoice.
- 1.2 The Consultant shall be paid on its progress toward completing a task shown on its work schedule for that Task Order. Payments for each Task Order will be calculated in accordance with the payment method set forth in each Task Order, and shall not exceed the Not-to-Exceed amount allocated to that Task Order unless modified by an approved Task Order/Task Order Amendment. Submittal of time sheets may be required concurrent with the submittal of each invoice depending on the payment method.
- 1.3 The City shall have the right to audit all payments made to the Consultant under this Agreement. Any payments to the Consultant which exceed the amount to which the Consultant is entitled under the terms of this Agreement will be subject to set-off and not approved for payment.
- 1.4 In the event of the failure by the Consultant to provide records when requested, then and in that event, the Consultant will pay to the City reasonable damages the City may sustain by reason thereof.

2 WORK SCHEDULE

- 2.1 The Consultant, working jointly with DEN, will follow the schedule management process as implemented by the AIM Development Program Management Office (PMO) to allow for seamless communications of its requirements for managing Task Orders and the City's information requirements to monitor the Consultant's activities. Task Order schedules include all activities that the Consultant must perform to complete the Consultant's Task Order scope of work. The schedule shall also identify activities or actions that must be performed by the City and third parties, which would affect the Consultant's Task Order.
- 2.2 The City will provide its comments to the Consultant within fourteen (14) days after the Task Order Schedule is submitted. The Consultant shall incorporate the City's comments into the Task Order Schedules to establish a baseline against which all progress will be measured.

3 PROGRESS PAYMENT MEASUREMENT ALTERNATIVES

- 3.1 DEN will propose and the Consultant may offer alternatives, one of the following measurement alternatives for each Task Order for calculating progress payments and reporting schedule status to the City. The City shall make the final determination and the Consultant shall use the alternative as approved for the scope of work described in the Task Order.
 - 3.1.1 Level of Effort: Progress payments will be based on the actual number of direct labor-hours expended for the period invoiced to perform a Task Order.

- 3.1.2 In Progress Status: Progress payments will be based on the percentage of designs submittals, drawings, specifications, reports or other documents, which have been prepared, submitted, and reviewed or completed. This alternative is acceptable for Task Orders, which have a long duration, and several months may elapse between submittal dates. The Consultant shall prepare a detailed worksheet for each Task Order showing a schedule of proposed billing points and the number of design submittals, drawings, specifications, reports and reviews that establish each point.
 - 3.1.3 Completion: Payments will be made for completed Task Orders. This method may be used for Task Orders whose total duration is less than one month, if applicable. Submittal of time sheets is required concurrent with the submittal of each invoice.
 - 3.1.4 Submittal Status: Progress payments will be made after the submittals described in a Task Order have been delivered and approved by the City. A portion of the fee will be allocated to each submittal as defined in the Task Order scope. Submittal of time sheets is required concurrent with the submittal of each invoice.
- 3.2 Approvals by the City of submittals do not waive any obligation by the Consultant to provide complete work that has been authorized. Authorized payments on previous invoicing may be set-off on subsequent invoicing in the event work submitted is found to be in non-compliance with the scope of work requirements.

4 INVOICES AND PROGRESS PAYMENTS

- 4.1 Task Orders will be issued for projects, which will have a pre-defined maximum value known as the Not-to-Exceed amount. The Not-to-Exceed is not a guaranteed amount to the Consultant. It is the maximum amount allowed to be paid out for the Task Order, plus or minus any pre-authorized changes. The DEN Project Manager will determine when the Task Order deliverables have been met. DEN expects that the Not-to-Exceed amount will be sufficient to complete the work required under the Task Order and DEN is not obligated to increase the Not-to-Exceed amount without support for the change from the Consultant.
- 4.2 The City will provide the Consultant with the format required to process the payment through Textura® Payment Management. Textura is the default payment system and shall be used on all projects unless an alternative method is expressly stated in the Agreement. The Consultant shall provide to the City a completed invoice report format for review and approval no later than fourteen (14) days after the issuance of Notice to Proceed. This format will identify the measurement alternatives, which will be used to measure progress for an individual task. The DEN Project Manager and the Consultant shall agree on the day of the month the Consultant's invoices shall be submitted. By the day of the month agreed to for submitting invoices, the Consultant shall invoice the City for its achieved progress on each task during the previous 30-day period. The attachment(s) which the Consultant used to calculate progress for the Task Order must be submitted with the copy of the invoice. (The DEN Project Manager must provide written approval of the format for these worksheets before they may be used).
- 4.3 The employee labor data (company name, employee name, hourly rate, and number of hours) on each invoice shall be submitted in Unifier and correspond to the specific Task Order.

- 4.4 Payment for invoices received after the day of the month agreed to for submitting invoices may be delayed. Accordingly, timely submission of invoices is required.
- 4.5 The DEN Project Manager will review all invoices and, in the event, the DEN Project Manager disagrees with the invoiced progress, he/she will notify the Consultant. The Consultant and DEN Project Manager will meet within fourteen (14) days of the receipt of the invoice to discuss the reasons for the disagreement. The DEN Project Manager shall have the authority in his/her sole and absolute discretion to reject any progress payment wherein the progress claimed for any task in the invoice has not been achieved.
- 4.6 In accordance with requirements set forth in this Agreement, the Consultant must have provided the City with the following documentation before any payments will be made to the Consultant:
 - 4.6.1 A current Certificate of Insurance providing the levels of protection required per Prime Agreement
 - 4.6.2 Signed subconsultant agreement(s)
 - 4.6.3 Final Organizational Chart (Updated with new Subconsultants as they are acquired)
 - 4.6.4 Authorization Forms (see form PS-B) for any salaried professional personnel assignment who are not already approved in this Agreement.
 - 4.6.5 Name and Title for Authorized Signatures. The table shall also include the type(s) of documents which can be signed, any dollar threshold limitations, and electronic copy of the employee's signature.
- 4.7 Monthly Invoice Checklist (see form PS-A): The Monthly Invoice Checklist must be submitted to the DEN Project Manager with each invoice. Failure to submit the Monthly Invoice Checklist and all requirements of this Exhibit will be cause for rejection of the invoice until such time that all requirements are fulfilled.
- 4.8 Final Close Out Invoice: By submitting a final close out invoice, Consultant agrees that in consideration of the prior and final payments made and all payments made for authorized changes, the Consultant agrees to release and forever discharge the City from any and all obligations, liens, claims, security interests, encumbrances and/or liabilities arising by virtue of the Agreement and authorized changes between the parties, either verbal or in writing. Consultant agrees that this release is in full settlement of any and all claims, causes of action, and liability of any nature whatsoever which Consultant, any of its subconsultants, suppliers, or the employees of each of them may now have or may assert in the future against the City, its elected and appointed officials, and its officers, employees and agents arising out of or associated with the design of the above-referenced project. It is understood and agreed that this release extends to all claims of every nature and kind whatsoever, known or unknown, suspected or unsuspected. Final closeout invoice is due no later than 30 days after written notification of Task Order completion from DEN Project Manager.
- 4.9 Textura®: The Consultant recognizes and agrees that it is required to use the Textura® Payment Management System (CPM System) for this Project. The City will provide the Textura fee amount to the Consultant during contract negotiations. Consultant will pay the Textura fee along with any

applicable fees or taxes to Textura directly. The City will reimburse the Consultant as a pass-through expense (no mark-up) for the Textura fee with no mark-up.

5 MONTHLY PROGRESS REPORT DEVELOPMENT

- 5.1 Invoice Report: The Consultant shall submit to the DEN Project Manager an electronic submittal of the Monthly Progress Report which is based upon the requirements of Monthly Invoice Checklist (Form PS-A) with its invoice. Form PS-A shall be included as a coversheet to the Monthly Progress Report.
- 5.2 Monthly Progress Report: The exact format and detail level required for the Monthly Progress Report will be established jointly by the DEN Project Manager and the Consultant within seven (7) days after Issuance of Task Order based on a proposed format prepared by the Consultant. The Monthly Progress Report shall describe Task Order(s) completion status in terms of original plan, actual, a forecast of time to complete the Task Order(s) and any expected Task Order budget or schedule completion variances. If required by the DEN Project Manager, the Status of Task Order report shall be formatted separately for each Task Order scope of work.
- 5.3 The Consultant shall be available, when requested, to meet with City representatives to discuss the Monthly Progress Report.

6 SCHEDULE CHANGES AND INCREASE IN PROJECT AMOUNT

- 6.1 Any requests for schedule change or increases in a Task Order amount shall be submitted to the City in writing and shall include an explanation and justification for the proposed schedule and/or cost change or increases. No work may be completed without prior written approval of the DEN Project Manager and AIM Development Directors. DEN is not obligated to grant any schedule or cost changes or increases.

- 7.1 All allowable general and administrative overhead expenses are incorporated in the labor rates and classifications or the overhead / multiplier factor calculation and paid through the application of the overhead multiplier factor against core staff wage reimbursements.
- 7.2 Indirect costs are the general administrative overhead (O.H.) costs that benefit more than one project; costs that cannot be directly identified with a single specific task objective of the project. 7. MWBE Utilization Plan

Identify key personnel (name, title, email, and phone number) and their duties as it relates to the execution to the components of the Utilization Plan, specifically: B2GNow (Small Business Certification and Contract Management System) User, Project Manager(s), Controller, Superintendent (if applicable), and Outreach/Community Engagement Coordinator (if applicable).

MWBE Plan Execution

RS&H takes a collective “enterprise” approach to the contract administration of our MWBE utilization plan. Several staff members oversee the program to make certain a successful and comprehensive utilization plan for small, minority, and women-owned businesses to participate fully on a contract as partners is achieved. Our goal is to utilize our MWBE firms as partners by finding areas that they can provide significant value on the team. Our Program/Contract Manager, Shannon Casner, will monitor the scope of work, identify areas that our partners can provide significant value, and make certain we are providing the greatest opportunity for MWBE partners. Our Contract Specialists make certain of prompt and clear communications regarding contract provisions requirements. **Our current airfield on-call at DEN has an MWBE goal of 25% and we are currently exceeding that goal at 31.10%.**

Our in-house Civil Rights Specialist, Micki Perez-Thompson is the compliance contact for this contract and is a resource that is unique to this team. Micki has an extensive resume, having worked for CDOT as a Civil Rights Manager and specifically with FHWA/CDOT Civil Rights programs for 25 years. She will be involved in the processes for each contract and/or task order, will train staff on MWBE program requirements, and acts as a resource on small business compliance. Micki is experienced in B2GNow, submitting Utilization Plans, and reporting subconsultant payments. She will work jointly with Shannon Casner (Contract/Program Manager) to meet all requirements throughout the life of the contract.

As the user of the B2GNow system, the first, and probably most important duty, is to reply to the monthly audit notices expeditiously. RS&H has internal accounting reports that were created to specifically correspond to the B2GNow audits. As the B2G User, the Contract Support Specialist pulls the corresponding reports and enters the subconsultant payment information. Next, the Contract Support Specialist immediately responds to any audit discrepancy notices from subconsultants. Each Contract Support Specialist has back-up support that is also trained on the B2G system and can respond to audits in their absence. In addition to the reporting process, the Contract Support Specialist monitors the responses and sends out reminders to any subconsultant that has not responded. RS&H documents and maintains a record of the reminders, ensuring if the subconsultant does not respond there is a minimum of three attempted reminders by the Prime.

The B2GNow user works closely with the Contract/Program Manager to facilitate the prompt invoice processing and invoice payments for the subconsultants. Unlike many other firms, RS&H processes subconsultant payments weekly assuring prompt payments to our MWBE partners.

Creative strategies to incorporate new MWBE partners inclusive of but not limited to providing an ongoing list of certified firms that provide capability statements and which of those certified firms were contacted regarding solicitations related to this project; providing details of small business initiatives, technical assistance and support services; such as, bonding assistance, mentoring programs, joint ventures, etc. that may be utilized on the project.

Creative Strategies to Incorporate New MWBE Partners

RS&H identifies team members in advance and works hard to establish valuable relationships with minority, women-owned, and small businesses. It is through respect and utilization for meaningful portions of work which add value, that RS&H has been able to continue the relationships that assist in building MWBE skills and capacity. As project task orders are issued under this on-call, RS&H holds discussions with the MWBE firms to determine who provides the best value. These discussions are conducted in-person to make certain a clear understanding of abilities and expectations is shared. Specific scopes of work can be intentionally limited in size to allow a small business to take on a small role and build capacity over time.

In light of our community’s much needed conversations surrounding past and current racial injustices, RS&H is even more committed to promoting the inclusion of MWBE firms. This is a professional commitment to endorse and promote the advancement of MWBE firms. To that end, RS&H has re-imagined how we can expand our professional networks to actively partner with these companies rather than passively await the partnership requests.

RS&H participates in industry networking events to continually develop relationships. When successful lower tiered MWBE partners and vendors are identified, we find opportunities on future contracts to use their services directly. As a result, RS&H maintains communications with a vast cadre of minority, women-owned, and small businesses that will quickly maximize involvement in contracts in a variety of work areas.

When needed, RS&H will also utilize the established Colorado Unified Certification Program (UCP) Directory of Certified Disadvantaged Business Enterprises (DBEs) and the City and County of Denver's MWBE directory as a foundation to conduct outreach as needed. RS&H contracts and commits work to minority, women-owned and small businesses that it solicits to directly.

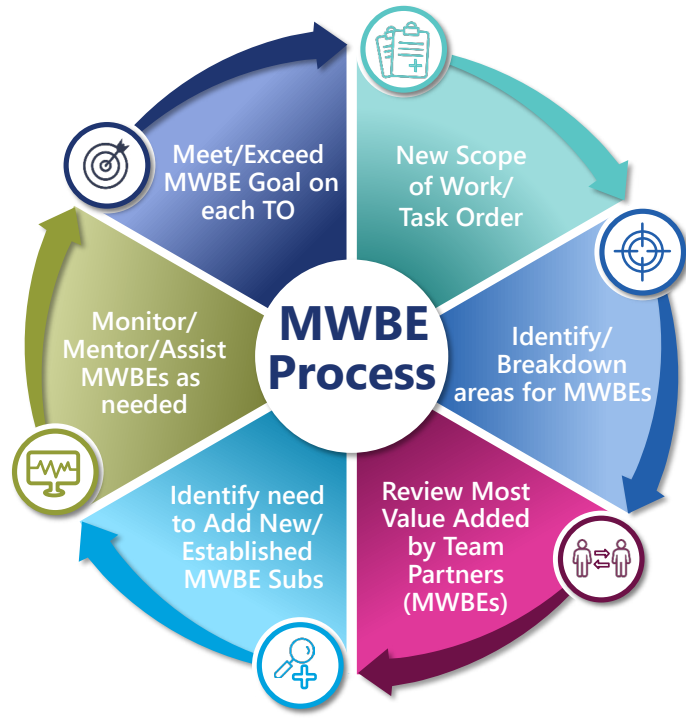

RS&H has already formed partnerships with certified minority and women owned businesses in advance and listed in our commitments in the "Commitment to MWBE Participation" and "IB-List of Proposed Subcontractors" forms. During the course of the contract, each task order will be reviewed to identify potential areas for MWBE participation. If areas are limited or provided, the Contract/Program Manager and our Civil Rights Specialist will make an effort to fully communicate and reach out to existing partners as well as identify potential new opportunities for participation. Work breakdown or strategic outreach will be conducted as needed.

MWBE Process

RS&H uses several approaches to find and select our teaming partners. We first approach firms we have past relationships with whom we believe will meet needs of the solicitation. We also solicit referrals from our extensive network of industry partners. RS&H utilizes our membership in a variety of professional organizations including the Women Transportation Seminar (WTS) and Airport Consultant Council (ACC) to seek out MWBE team members. RS&H also reviews existing MWBE directories maintained by the City and County of Denver. From these lists, the Contract/Program Manager will further narrow our search to specific companies who specialize in Airside and Landside Services that would be related to DEN's scope of work.

This contract represents an opportunity to contribute to the growth of MWBE firms from the Denver community. The MWBE firms that have partnered with RS&H to deliver this project offer the right mix of talent and depth of resources. Building the project will enhance the capabilities and resumes of these entities in ways that will support the growth of their businesses in the future.

After further research of their company’s credentials, the Contract/Program Manager contacted the most promising firm to discuss their capabilities and interest in being included on our team. We were also contacted by several minority and women owned firms expressing interest in joining our team. Team members are ultimately selected based on their technical qualifications to ensure their skills matched the anticipated work listed in the RFQ. Throughout the teaming process, the Contract/Program Manager maintains a database of these potential teaming partners. This database directory includes documentation of all correspondence, including award letters and MWBE certificates, relating to the teaming discussions.

We feel this is important to continuously grow the MWBE pool available to DEN. An example of this is demonstrated within this SOQ. Trace Consulting is an airside and landside firm that we have partnered with for this pursuit, however has not performed any work yet at DEN.

RS&H has established working relationships with many MWBE firms at DEN during the past assignments. These firms are often considered first for repeat teaming on future projects as we have established a working relationship together and strive to continue that on future projects, further mentoring and growing the MWBE partner. RS&H also looks for new MWBE firms to team with that have the skill sets required but haven’t worked at DEN yet.

They are expanding their service area from Arizona, and RS&H is partnering with them to help them establish their presence in Denver. Their skill set is a perfect match for this assignment, and we are excited to bring a new firm to DEN. Additionally, we are partnering with PK Electrical to expand their airfield electrical capabilities. PK has worked extensively on buildings projects, and we are going to partner with them to provide mentoring to them to expand their capabilities.

Communication process and involvement efforts of the MWBE subcontractors to ensure alignment of scheduling, safety requirements, owner direction, and performance expectations. Mediation processes should performance issues or prompt payment disputes arise.

Communication Process of MWBE Subcontractors

Professional communications and established relationships with subconsultant partners allow us to easily involve MWBE and small business partners in scopes of work. Small in-person or virtual group collaborations provide efficient methods of discussing owner directions, schedules, and performance objectives.

At the on-set of a project, the MWBE firm is provided a copy of our internal Project Management Plan, which outlines schedule requirements, safety requirements, owner direction and goals, and performance expectations. Further, our MWBE partners are included in weekly design coordination meetings where these items are discussed with the design team ensuring a continuous focus on these items that are required for a successful project outcome. RS&H's philosophy is to include the MWBE firms in the project coordination meetings so that we all function as one team, while allowing opportunities for mentorship along the way.

Mediation Processes

Dispute resolution is an important skill that requires honesty and integrity. RS&H endeavors to avoid disputes by enacting measures to avoid them in the first place. Our Standard Operating Procedures include proactive measures such as monitoring sub-consultant progress against schedule and budget and frequent clear communication of expectations via team meetings, phone calls, and emails.

When disputes occur, RS&H uses a tiered approach that attempts to resolve disputes informally before reverting to formal procedures. Our tiered approach attempts to resolve issues at the lowest level, typically between the team member and the project managers. If resolution cannot be reached at that level, the dispute is elevated to the Principal in Charge for intervention. In the event of informal resolution fails, RS&H encourages third party mediation.

As an example, a scenario is when a subconsultant submits work that is not up to the Client’s or RS&H’s quality standards. When this occurs, RS&H provides technical mentoring in the form of formal documentation of technical deficiencies as part of our quality control process. Then, we work to identify underlying issues and work with our partners to develop strategies to resolve them.

Examples where RS&H has been successful in promoting the participation of small, minority and women-owned businesses.

Examples Promoting Participation with Small, Minority, and Women-Owned Businesses

RS&H has a strong corporate commitment to the local disadvantaged business community. Over the past decade, RS&H has aggressively searched and worked with 122 MWBE firms resulting in more than \$55 million in fees being paid to RS&H’s MWBE partners. The firm’s formal policy and corporate culture is to involve MWBE firms in meaningful project task assignments to not only meet a fiscal commitment, but to truly mentor them in providing engineering services. This policy is pursued aggressively by DEN project managers as they continually seek qualified firms to supplement the team’s capabilities.

- ✓ DEN MWBE Goal: 25% | Current: 31.1%
- ✓ DFW MWBE Goal: 35% | Actual: 38.8%
- ✓ LAX MWBE Goal: 20% | Actual: 25.5%

RS&H has a long history of helping and promoting participation of MWBE firms both through on-call contracts as well as project-specific contracts. We strive to give meaningful work to MWBE partners to help them prosper and grow. We have helped them learn how to contract with the various airports, complete invoices, and expand their network of contacts. One measure of success is firms RS&H has helped grow to the point where they have graduated from the MWBE program. One specific example is RS&H's partnership with Shrewsberry & Associates, Inc. on DEN projects. Shrewsberry has participated in meaningful roles with RS&H on multiple projects at DEN, and other airports around the country. Shrewsberry has since graduated from the program. The following are five projects which we have promoted MWBE partners.

Project	MWBE Partner	Success
City and County of Denver Federal Boulevard 7th Avenue to Holden Place <i>Contract Goal: 12% Actual: 17.975%</i>	Pinyon, Yeh, Wilson & Romero, Clanton	Yeh has now graduated from the MWBE program
City and County of Denver Quebec Street 13th to 26th <i>Contract Goal: 20% Actual: 21.5%</i>	Pinyon, Apex, Clanton & Associates	Supported partners so they can take on roles to prime projects
City of San Antonio Airport On-Call Contract <i>Contract Goal: 33% Actual: 40.5%</i>	Gonzalez De La Garza & Associates, CNG Engineering	These firms have graduated and awarded contracts directly with the City of San Antonio.

Project	MWBE Partner	Success
City and County of Denver- DEN Services (201737650) On-Call Airfield Engineering Contract <u>Contract Goal: 25%</u> <u>Current Participation 31.1%</u>	Shrewsberry & Associates, Inc.; 105 West	Shrewsberry has participated in meaningful roles with RS&H on multiple projects at DEN. Shrewsberry has since graduated from the program.
Broward County Aviation Department On-Call Contract <u>Contract Goal: 29.7%</u> <u>Actual: 33.7%</u>	Keith and Associates, Inc.	Keith and Associates won a five-year FLL GEC contract as prime because of longtime RS&H mentorship.

Successful Project Mentorship: RS&H embraces our WMBE partners and treat them as an extension of our own staff. In the same way we mentor and provide on the job training to our own staff, we provide training and support to our partners. This training is often informal in the form of phone calls providing technical advice or tutorials on using new software or design aids. These can also be formal arrangements within a mentor-protégé program.

RS&H has participated in several formal programs over the years. One example is when RS&H led a Mentorship Program for the City of San Antonio General Engineering Consultant Contract where RS&H was the prime consultant. RS&H committed to mentoring two local Small Business Economic Development Advocacy program (SBEDA) firms, CNG Engineering and Gonzalez-De La Garza & Associates (GDA). These firms entered into a formal mentoring program run by the San Antonio’s Alamo Colleges.

San Antonio Mentor/Protégé graduation ceremony. RS&H led a Mentorship Program as part of the City of San Antonio General Engineering Consultant Contract .

As part of the program and through regular mentorship protégé meetings, RS&H staff worked closely with the firms to develop detailed work plans to assist with business development and other needs the protégés identified, such as: airport planning, airport-related design, and geographic information systems. In addition, the protégé firms were required to attend business classes through Alamo College. Upon graduation from the program, both firms have been successful in pursuing contracts with the City of San Antonio and leading projects as the prime consultant.

The City of San Antonio’s DBE goal for the General Engineering Contract was 33%, RS&H’s actual participation was 40.5% with several months still remaining in the contract. Through this program RS&H has been able to further develop community relationships, increase local participation, and strengthen project teams, which allowed the team to exceed contract goals and produce high quality work.

RS&H and PK Electrical plan to submit on the Denver Economic Development and Opportunity, Citywide Mentor Protégé Pilot Program 2021-22 when the application period opens. The goal will be to expand PK’s Airside Electrical Engineering experience and capabilities. Their experience to date in this realm has included Airside Electrical at General Aviation airports.

Exhibit G

BUILDING INFORMATION MODELING EXHIBIT

I. GENERAL

A. Purpose of Exhibit.

This Building Information Modeling Exhibit (“Exhibit”) establishes the Level of Development (“LOD”) for the Building Information Model (“Model”) for the Project. It is intended that such protocols will be memorialized in the Project’s Building Information Modeling Project Execution Plan (“BIMPxP”), which will be developed soon after execution of the Agreement to which this Exhibit is appended. The BIMPxP will be used to create and modify the Model throughout the life of the Project. The BIMPxP will be updated throughout the Project and is hereby incorporated into the agreement by reference.

B. Application of Exhibit.

This Exhibit is a Contract Document and is intended to supplement both the professional services agreement (“Design Agreement”) between the Denver International Airport (“Owner”) and the Owner’s Prime Design Consultant (“Consultant”), which this Exhibit is attached to. It is also intended that this Exhibit will apply to all project participants who receive Digital Data throughout the Project’s development. Project participants may be required to verify that they have incorporated this Exhibit into their respective agreements and have likewise agreed to the most recent version of the Project’s BIMPxP.

C. Necessity of the Model.

The Consultant recognizes that the Model is an indispensable deliverable under the Design Agreement and will be used by the City for future construction and maintenance projects. Failure to meet the LODs and/or deliver the model in accordance with the BIMPxP may result in a for cause termination of the Design Agreement.

II. RESPONSIBILITY FOR MODEL DEVELOPMENT

A. General

The Consultant is responsible for the Models content and coordination among the Contractor, subcontractors, subconsultants and any other project participants and is assigned the responsibility for detecting and correcting errors.

B. Subsidiary Models.

It is anticipated that the Contractor and its Subcontractors may use Digital Data from the Model to develop several subsidiary construction models or such other uses as described in the BIMPxP. Any subsidiary models developed by the Contractor or its team shall be for the Contractor’s own benefit and none of the subsidiary models shall be considered part of Contract Documents.

C. Responsibility for Model Content & Coordination among the Project Team.

1. Consultant’s Responsibility: The Consultant retains ultimate responsibility for the Model’s content as well as its development throughout the Project’s entire design and construction. These responsibilities are non-delegable. The Consultant shall further be responsible for incorporating all

appropriate Digital Data relating to the design's development into the Model. The Consultant will update the Model with Construction Information that it receives from the Contractor at intervals prescribed in the BIMPxP. (For purpose of this obligation, the term "Construction Information" includes, but is not limited to the identification, location and description of element properties of the Project's assets.) The Consultant will decide all issues involving design intent and will be responsible for coordinating the design efforts of its own subconsultants and integrating *design* comments from Owner.

2. Owner's Responsibility: Owner shall be responsible for and decide all issues involving the LOD for the various Model elements. The Owner will work with the Contractor to ensure that the format of the Digital Data it provides to the Consultant complies with the transfer protocols contained in the BIMPxP and Building Information Model Design Standards Manual ("BIM DSM").

D. Responsibility for detecting & correcting errors and revising the Model.

1. Design issues: The Consultant shall be responsible for detecting and remedying interferences within the Model including any designs developed by consultants hired separately by the Owner. Once a solution is developed, the Consultant shall promptly revise the Model as required by the BIM DSM.

2. Construction issues: When requested by the Owner, the Consultant will be responsible for working with the Contractor to detect and remedy any interferences within the Model including any construction coordination issues with the Owner. Once a solution is developed, the Consultant shall promptly coordinate any revisions to the Model with the Owner.

3. Design/Construction Reconciliation Issues: The Consultant shall be responsible for detecting and remedying differences within the Model regarding the location and disposition of Owner designated facility assets as laid out in BIM DSM. Once a solution is developed, the Design shall promptly revise the Model as required by the BIM DSM.

E. Deadlines for Model delivery

The BIMPxP will contain a schedule for the Model's delivery (the "Model Delivery Schedule"). The Model Delivery Schedule identifies the intermediate and final deadline(s) for delivering each phase of the Model to the Owner for review and approval. It is anticipated that the Consultant will furnish Owner with a copy of the Model at the end of the phases as set forth in the Design Agreement. It is likewise acknowledged that the date for each deadline (as well as the LOD designations themselves) may be subsequently amended or modified in the BIMPxP. However, the Consultant needs a baseline schedule in order to price its efforts. Thus to the extent the BIMPxP subsequently modifies the original Model Delivery Schedule and such modifications impact the Consultant's initial pricing assumptions, the Consultant may be entitled to additional compensation. Failure by the consultant to meet the timelines or model phases, may result in the Owner holding pay applications until the Model phase is achieved and approved by the owner.

F. Owner's review and input

Based upon the Consultant's submittals as described above, Owner shall review and provide comments to the Consultant and/or Contractor (depending upon the nature of Owner's comments) in a timely manner. The Consultant and/or Contractor shall take all necessary and reasonable steps to address

such comments. Based upon the input of all concerned, and with Owner's approval, the Consultant shall revise the Model as soon as reasonably possible.

G. Standard of Care

The Consultant shall perform its professional design services in accordance with the Standards of Performance described in the Agreement. With respect to the performance of the Consultant's Model Development services, the Consultant shall, at a minimum, conform to the requirements in this BIM Exhibit, the BIM DSM as well as the high standards of care and practice as outlined by the Colorado State Board of Licensure for Architects, Professional Engineers and Professional Land Surveyors and the relevant statutes and rule of the laws of the State of Colorado.

III. BIM PROJECT EXECUTION PLAN ("BIMPxP")

A. BIMPxP Contract Status.

The BIMPxP will be modified as the Project develops. Nevertheless, the Parties are expected to comply with the requirements BIMPxP throughout the Term of the Agreement.

B. Process for Development.

Soon after being retained, the Consultant and the Owner will jointly develop the initial draft of the Project's BIMPxP using the Owner's BIMPxP Template as a starting point. If the Consultant believes that the protocols created in a subsequently developed BIMPxP represents a change in the scope of its services and believes that such change warrants an adjustment in compensation, contract sum, schedule or contract time, the Consultant is required to notify the Owner in writing in accordance with the terms of the Agreement. A failure to provide the required notice shall result in a waiver of any claim(s) for adjustments in compensation, contract sum, schedule or contract time as a result of the subsequently developed protocols.

C. Elements of the BIMPxP

The Modeling protocols to be addressed in the BIMPxP shall:

1. Identify the Discipline Model Coordinator, Prime BIM Manager and when appropriate, the Construction BIM Manager and confirm their respective responsibilities per the roles described in the BIM Guidelines;
2. Define the various Authorized Uses and LOD for each Model and/or Model Element at prescribed Project milestones;
3. Identify the Project's construction classification systems per Owner's BIM Guidelines;
4. Define the process (and intervals) by which Project Participants will exchange and share the Model(s) and/or Model Element(s);
5. Define the process by which the Project Participants will identify, coordinate and resolve changes and updates to the Model(s) and/or Model Element(s); and
6. Include any other topics as may be required by the Owner.
7. Identify Technical Requirements, computer platform, software, etc.
8. Transmission protocols and procedures (CDs, e-mail, etc.)

Nothing contained in this Exhibit shall alter, diminish or be construed as a waiver by the Owner of such ownership rights.

The mere act of transmitting Digital Data or Confidential Digital Data does not convey any ownership right or legal interest in such data or in the software used to generate such data. Unless otherwise granted in a separate license, the Party receiving Digital Data or Confidential Digital Data (other than the Owner), may only use such data to design, construct, maintain, alter and/or add to the Project consistent with the terms of this BIM Exhibit, and nothing contained herein conveys any other right to use such data.
