Subject: [EXTERNAL] 1290 Williams St: 2018I-00142 Zoning change from G-MU-20, UO-3 to PUD G23.
Date: Thursday, October 22, 2020 1:01:03 PM

Dear City Council,

I wish to express my support for this rezoning request.

As a former board member and current community member of Capitol Hill United Neighborhoods I worked for the past 3 years with other passionate neighbors on plans to ensure CHUN would continue to be a relevant and robust community organization well into the future.

This effort is one of the factors that will ensure the legacy of CHUN.

As the Park Service noted during the planning board meeting last month Chessman Park would benefit from activated edges.

I for one look forward to the day I can sit in a quiet space facing a world class park without speeding traffic interrupting the solitude and peace this particular space offers.

Thank you for your service to the city and for your efforts in this matter.

Sincerely,

Mark Cossin
