Subject: CPFAN do NOT represent me!
Date: Monday, April 20, 2015 1:25:18 PM

Hi City of Denver,
I am a long-time resident of City Park West and own a home in Whittier as well. I was recently made aware of City Park Friends and Neighbors group (CPFAN) and their claim to be representing the neighborhood. As a resident, I can tell you that I have never been approached by the group through any channels. I only hear about their activities AFTER they submit letters. Please know CPFAN does NOT represent either neighborhood and does NOT have my families support.

Sincerely,
Lori
