Subject: [EXTERNAL] Pitbulls in Denver

Dear Council Members:

Please do NOT allow pitbulls to live in Denver. I have seen firsthand the injuries they can inflict on other dogs (and have read about what they sometimes to do people). There are good reasons to keep these aggressive and often dangerous dogs out of our communities. People and pets would be at risk of injury and death from this breed of dog.

No doubt many people would NOT register them.

Thank you for considering my opinion on this matter.
