I live at 8794 MLK Blvd. please put my comments into the record.
I am writing to vehemently oppose the re-zoning at MLK and CPB.

This will be a nightmare for parking in the neighborhood. This should not be re-zoned. This intersection is already dangerous and will be worse if the rezoning is allowed. This will negatively impact property values and I am very concerned about the already increasing crime in the neighborhood.

I will be watching this vote very carefully. I encourage you to help fight this.
