Dear City Council Members,
I am a resident of the Athmar Park neighborhood, district 7 in SW Denver. Our community is divided from the larger city (and city services) by the river, I-25, and Santa Fe Blvd. There are little (to no) accommodations for a cyclist or pedestrian to cross these barriers and access the light-rail stations, grocery stores, Broadway business district, etc. There are however, 2 projects that can being to address this physical division. The Jewel St. pedestrian bridge, and restoration of the Alameda underpass. These projects will serve thousands of people, and in the case of the Underpass, highly increase safety and mobility. Please consider this when you are deciding to vote on the Go Bond. Thank you very much for you time today.
