Subject:	support for Packard Hill"s historic designation request
Date:	Wednesday, September 20, 2017 10:52:52 AM

Good morning:

I live in Potter-Highlands and am urging you to support this proposed district. When we moved into Potter-Highlands 20 years ago, I was worried that the historic designation would make for a restrictive, elitist, kind of haughty neighborhood. I was SO wrong, and am so thankful that I live in a neighborhood that values what it is and that has the tools to strive for a modicum of integrity in terms of the its character and history.

Thank you
