Dear City Council,

Please do not cut (1) the Alameda Underpass Reconstruction, nor (2) the Jewell Pedestrian and Bike Bridge from the 2017 GO Bond funding. Both are critical projects, and both projects are LONG overdue. They are projects that will not be able to move forward without bond funding, and we do not want to see the projects in our area de-prioritized in favor of projects in other districts. Thank you in advance for your consideration.

Best,
Scott Rathbun
