Dear Denver City Council:

Please support the Lopez/Espinoza GO Bond amendment to fund much needed and long overdue pedestrian improvements on Federal Blvd., Colfax Avenue, Central Street, and Morrison Road. The city and its citizens will greatly benefit from this amendment that voters in District 1 support!

We have lived in Highlands for over 16 years, and as you might imagine, we have seen tremendous changes in our neighborhood during that time. We have seen the tax base grow immensely, and hope that the City of Denver will reward the neighborhood for putting up with so much growth by improving the infrastructure in this area accordingly. The common CDOT and Denver easements are in pretty bad shape. This includes Central Street between 20th and Speer, the cloverleaf areas around I-25, Speer, 23rd, as well as the Bronco walk area. With more upkeep and maintenance, we can all be proud of how our city looks to both newcomers, longtime residents, and visitors Some of these areas are downright embarrassing.

We hope you will agree and allow amendments to the GO Bond to accomplish as many of these tasks as possible.

Regards,

John and Stina Stowell
