Dear Council Members,

Please consider this email as a request for the **Alameda Underpass Reconstruction Project** to be included in the 2017 GO Bond. As one of just a few major east-west arterials that cross I-25, the Platte River, and the Consolidated Main Line between Evans and downtown Denver, this is a critical junction and it is in desperate need of repair. For reasons of public safety as well as pedestrian, bike, and vehicular connectivity, this failing infrastructure needs to be urgently addressed and the 2017 GO Bond is the opportunity to do so. Thank you for your consideration of this request to prioritize the improvement of this important east-west connection in the context of the broader GO Bond package that is pending your deliberation.

Regards,

Dan Cohen
