Subject: Support of GO Bond District 11 Projects

Good afternoon,

We are expressing our full support of the following GO Bond District 11 projects:

- Expansion of 56th Avenue from Peoria to Pena Blvd. - vital
- Green Valley Ranch Indoor Pool
- Fire Station at 72nd and Tower Road
- Police District 5 Replacement

These projects all are essential to keeping up with the rapid growth, safety, accommodations, and lifestyles of the far northeast Denver communities.

If we are not able to personally attend the GO Bond Meeting today, please insure that our expression of support for these projects and our support for Councilwoman Stacie Gilmore's unending service to her District and to the City of Denver, are shared.

Thank you.

Lindsey Sr. and Nancy Strudwick
