Subject:	Please include the Buchtel and Colorado Intersections Improvement project on the list for funding in the 2017 GO Bond
Date:	Sunday, June 11, 2017 6:41:57 AM

To all Denver City Council Members,

Please add "**Buchtel and Colorado Intersection Improvements (including Colorado Station Bike/Ped Access)"** to the list of projects included for funding in the 2017 Denver GO Bond. This project proposed by Council members Paul Kashmann and Kendra Black was selected for funding by the Transportation and Mobility GO Bond Task Force, but was deleted by the Executive Committee at their final meeting last week.

These are all dangerous intersections. It is difficult for us to reach the two light rail stations close to our neighborhood by biking or walking, which is why many of us choose to drive instead. Improvements to these intersections would greatly enhance the safety in crossing them. Plus, the protected bike lane would enable a through connection to the pedestrian/bike bridge across I-25.

Thank you,
Kathy Lees
