Subject:	GO Bond Improvements, additional request for Central Street
Date:	Sunday, August 06, 2017 3:17:55 PM

Dear Denver City Council,

I am a resident of DIstrict 1 and member of the Planning and Community Development Committee for Highland United Neighbors, Inc.

The Central Street corridor is an important gateway to downtown and the thriving Highland neighborhood. However, the frontage along I-25 is a neglected strip of land that was never improved or cared for after improvements were made to the highway. This strip of land that was subject to an Intergovernmental Agreement between CDOT and Denver that was never funded by either government. Our committee, neighbors, and property owners have been working for years to find funding to finalize these improvements along Central Street from 15th to 20th Street.

Please support the Lopez/Espinoza GO Bond amendment to fund much needed and long overdue to finally bring this area to life and then maintain it. The city and its citizens will greatly benefit from this amendment.
