Subject: [EXTERNAL] Support Denver Supervised Use Site
Date: Monday, November 26, 2018 3:39:52 PM

Denver City Council Members,

I am a District 10, Denver City, constituent, and I support Supervised Use Sites for Denver. I live very close to the capital. I love my neighborhood and my neighbors. However, things aren't all well and good. When I walk the streets of my neighborhood, I'm forced to keep an eye out for people nodding out on the street. I listen to stories from the Denver Central Library staff and the stress that they are under dealing with overdoses in their bathrooms. I see too many "For Customer only" signs up in the local establishments whose stories begin with "someone nearly died in our bathroom." This isn't okay. While a S.U.S isn't a silver bullet, it's definitely the right step toward keeping people alive and the community healthy. We need to do better for drug users, for ourselves, and for the community we live in.

Sensibly,

Luis Montoya 1145 N Sherman St, Apt 310
Denver, CO
80203
