Application for Zone Map Amendment

1790 South Humboldt Street, Denver CO 80210

Consistency with Adopted Plans:

The proposed zoning amendment for 1790 South Humboldt Street is consistent with the City of Denver's adopted plans, particularly as it relates to Comprehensive Plan 2040, Blueprint Denver, and Housing an Inclusive Denver. With respect to these adopted plans, the proposed rezoning amendment meets the following criteria:

- 1) Revise city regulations to respond to the demands of Denver's unique and modern housing needs. Our request for a rezoning is consisting with and a real-life response to the city revising its regulations to respond to the demands of Denver's unique housing needs in which we will provide affordable, diverse housing types. It will also create multigenerational living opportunities.
- 2) Diversify housing options by exploring opportunities it integrates missing middle housing into low- and low-medium residential areas. Approving our rezoning request will create an affordable home for those struggling to find affordable housing in Denver.
- 3) Incentivize the preservation and reuse of existing smaller and affordable Homes. Our existing home is a ~2900 sq. ft house built in 1942. Approving our rezoning request will help preserve our home and maintain the character of the neighborhood.
- 4) Diversify housing choices through the expansion of accessory dwelling units throughout all residential areas. Allowing an ADU where they have not been allowed will diversify housing choices in our neighborhood.
- 5) Remove barriers to constructing accessory dwelling units and create context-sensitive form standards. Our lot is 9360 sq. ft and our house uses 1815 sq. ft of land, so we would have enough room on our lot to construct a reasonable sized ADU if permitted.
- 6) Increase the development of affordable housing and mixed-income housing, particularly in areas near transit, services and amenities. Our home is very near to the Washington Park and DU Ritchie rec centers, 4 blocks from the DU rail station, just 1 block from Franklin St., which will soon have a bike lane to various parts of Denver, 3 blocks from multiple bus stops, and within 5 blocks of a Safeway, Walgreens, and numerous restaurants. It is easily walkable to amenities and transit.
- 7) Expand family friendly housing throughout the city. My proposed rezoning will create a multigenerational family housing opportunity. As covered in points 2 and 3, our proposed amendment will assure the preservation of my home as it currently exists. It will also create a one bedroom, one bath dwelling unit. A situation perfect for a family with a working adult child or an aging parent.

Uniformity of District Regulations

The proposed official map amendment results in regulations and restrictions that are uniform for each kind of building throughout each district having the same classification and bearing the same symbol or designation on the official map, but the regulations in one district may differ from those in other

districts. The proposed amendment of our current zoning of U-SU-C to U-SU-C1 is only a minor zoning adjustment. Our lot size of 9,360 S.F. exceeds the minimum requirement for an ADU.

Further Public Health, Safety and Welfare

The proposed official map amendment furthers the public health, safety and general welfare of the city. The proposed amendment of our current zoning would further the public health, safety and general welfare of the city by providing an additional and affordable unit of housing where there is currently only one unit of housing. As mentioned previously, our property is located near various major public transit hubs, which are linked to commercial centers. There is significant potential for a new resident to help the city and state's goal of reducing carbon emissions by using public transit and from proximity.

Justifying Circumstances

Since the date of the approval of the existing zone district, there has been a change to such a degree that the proposed rezoning is in the public interest. Such a change may include:

- Changed, or changing conditions in a particular area, or in the city generally; or
- A City adopted plan; or
- That the City adopted the Denver Zoning Code and the property retained Chapter 59 zoning.

We believe our proposed amendment to our current zoning is justified best by the second bullet point. With the adoption of Blueprint Denver 2019 and its stated noble goal of, "increasing the development of affordable housing and mixed-income housing, particularly in areas near transit, services and amenities," succinctly communicates our justification.

- Our property's proximity to public transportation,
- Its proximity to the Cherry Creek and Denver Tech Center business districts,
- Its proximity to Asbury Elementary and Grant Beacon Middle Schools,
- Its proximity to the University of Denver, and
- Its proximity to Washington Park.

Additionally, the infrastructure required for an additional unit of housing in our neighborhood already exists. Having another resident using the existing infrastructure just increases the City's return on investment.

Consistency with Neighborhood Context, Zone District Purpose, and Intent

The proposed rezoning is consistent with the description of the applicable neighborhood context and with the stated purpose and intent of the proposed Zone District. The University Neighbors neighborhood is an "Urban" neighborhood as defined by Article 5 of the Denver Zoning Code, June 2010. Urban neighborhoods are characterized by single-unit and two-unit residential areas. While our block consists of single units, we are within 6 blocks to the east, south, and west of two-unit, multi-unit, and PUD zoning. There are also two non-conforming ADUs within two blocks west of our property.
