

Nikki Mohaupt BIO

My husband and I have been residents of the Denver Metro area for 18 years. We are proudly raising two native Coloradoans.

I have been in the food and beverage hospitality industry for approximately 20 years. My husband and I own and operate Federal Bar & Grill in Denver. We have been open for 8 years in the Jefferson Park neighborhood. We are proud of our business and our neighborhood.

I have been an active board member of the Federal Boulevard BID. I bring a unique perspective to the BID. I have a lot of contact with the residents of the neighborhood and am able to have frank conversations with them about what they would like to see in the neighborhood. As an active business owner, I am also able to determine what the businesses in our area require for improvement.

As a parent, I have been very involved in our children's school. I was the PTA president for 2 years. I created the Fun Run fundraiser for the school that they still use to this day as their major (and only) fundraiser. I am still active in helping fundraise for Project Prepare, an after school enrichment program.
