DSBO Goals Commitment: NA

Council District: Councilperson Jeanne Robb – District 10

Source of funds (CIP/BOND/GRANT/CDOT): BOND 37072/5011102/PF50005_400

Background: Amendment to existing contract for modifications to Jail Management system software - this amendment covers addition of an interface between JMS system and new Talyst medication delivery system. One of the most time consuming activities for medical staff is to prepare medication for the MAR (Medication Administration Record). The medication is prepared individually for each offender and each Med Pass. By installing the Talyst InsiteRX remote dispensing system, the DSD will be able to automate this process, enabling medical staff to concentrate on other duties and effecting overall staff savings.
