Subject: 1899 York St Landmark Designation
Date: Friday, June 24, 2016 2:58:34 PM

To whom it may concern,

My name is Ben Bymers, I live in Denver at 3371 West 34th Ave. and I am writing in support of landmark designation for 1899 York St. also in Denver. The house at this address is a unique example of early 20th century mission revival architecture and exists today in a largely unaltered and original state. I believe that preservation of historic structures is critical to maintaining Denver's character and heritage and giving 1899 York st landmark status will insure that this special house remains intact into the future.

Thank you,
Ben Bymers

I support the historical designation of 1899 York st. It is a beautiful historically significant structure with plenty of history to support designation.

Thanks.

To whom it may concern:

I reside at 2512 Williams St. and walk through the area surrounding City Park almost daily. This house is an architectural gem.

Please vote to award the house historic status. Now that historic buildings seem to be razed on a daily basis, the council's vote will serve to preserve this house for Denver citizens to enjoy and appreciate in years to come.

Thank you.

Dear Members of the Denver City Council,

I'm writing to encourage you to vote for the historic designation of 1899 York, a fantastic building that lends our city character -- and character, as I see it, is a precious resource that should not be squandered in the name of progress.

Many thanks,

Tamara Chapman

I am fully in support of the historic designation of 1899 York. I am fearful Denver is being too short sighted when tearing down buildings with not only historical significance, but architectural importance. We already live with the bad decisions of the 60s. Its important our city officials work hard to ensure Denver retains some charm by keeping these kinds of buildings. Having grown up in Denver, I am regularly horrified by how much our city officials allow to be torn down and replaced with non descript and poorly constructed buildings that don't offer any interest or value to the community. Denver needs to stop being so ambivalent towards revenues and plan better for a long term future of a beautiful community, not another Highlands Ranch skyline.

Sincerely,

Wende Nossaman
