Planning Board Recommendations

September 4

Recommended Approval

Planning Board makes the following additional recommendations about the DDDA Amended and Restated Plan of Development (“Amended Plan”), whether for immediate incorporation or future amendment so long as these recommendations do not jeopardize the approval of the DDDA Amended Plan.

1. The Project Selection General Parameters section on pages 21-22 should be amended to remove specific language concerning who (i.e. City’s Manager of Finance and Executive Director of Denver Economic Development) will undertake project evaluation and selection.
2. The Amended Plan should state that DDDA funds be leveraged to ensure that there are adequate resources, including staff capacity and subject matter expertise, to manage a program of this size and breadth and to help accelerate the deployment of project funds.
3. The Amended Plan should clarify that city projects are subject to the same selection criteria and processes as private projects.
