RE: **Zoning Map Amendment Application #2012I-00015**
360 S Monroe
Rezoning from B-4 w/waivers to C-MX-8

Staff Report and Recommendation

Based on the criteria for review including legal basis evaluation and compliance with adopted City plans, Staff recommends approval for application #2012I-00015 for a rezoning from **B-4 w/waivers to C-MX-8**.

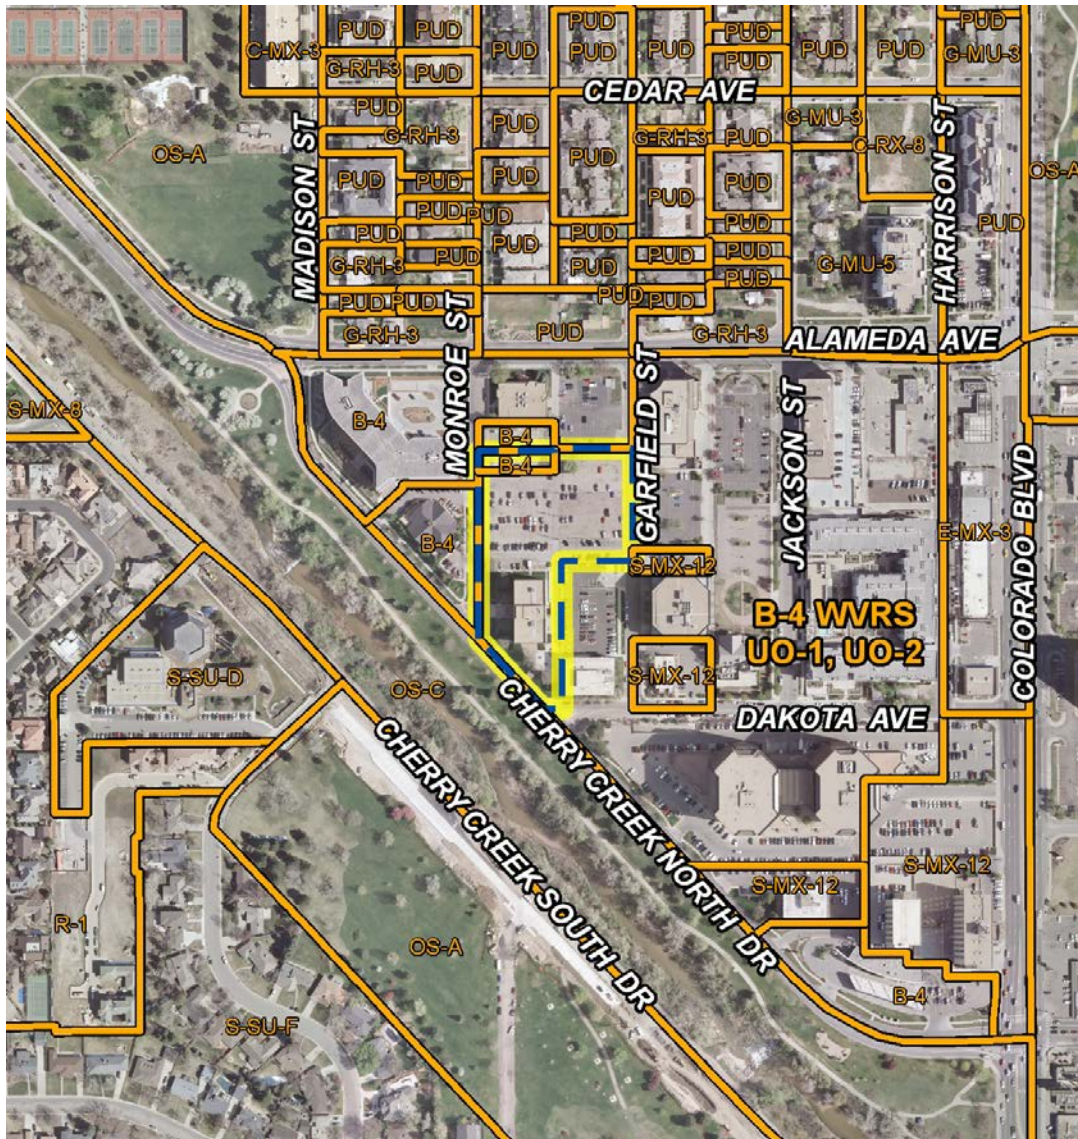

I. Scope of Rezoning

Application:	#2012I-00015
Address:	360 S Monroe
Neighborhood/Council District:	Council District #10
RNOs:	Cherry Creek Steering Committee, Harman Neighborhood Association, Inc., Inter-Neighborhood Cooperation
Area of Property:	2.4 Acres
Current Zoning:	B-4 w/waivers
Proposed Zoning:	C-MX-8
Applicant/Owner:	Giles I Company
Contact Person:	Phil Workman

II. Summary of Proposal

This map amendment is proposed to allow the construction of a multi unit project in the Cherry Creek Triangle.

III. Justifying Circumstances

The application is reviewed against Denver Zoning Code Section 12.4.10.14.A.4 which provides a justification statement which says the land or its surrounding environs has changed or is changing to such a degree that it is in the public interest to encourage a redevelopment of the area or to recognize the changed character of the area. The change or changing condition is associated with recommendations from adopted plans: Comprehensive Plan 2000, Blueprint Denver and the Cherry Creek Area Plan (2012).

IV. Existing Context

	Existing Zoning	Existing Land Use	Blueprint Denver
Site	B-4 w/waivers	Office and Parking	Mixed Use – Area of Change
North	B-4 w/waivers	Office	Mixed Use – Area of Change
South	B-4 w/waivers and OS-C	Office and Cherry Creek Greenway	Mixed Use – Area of Change
West	B-4 w/waivers	Office and Residential	Mixed Use – Area of Change
East	B-4 w/waivers	Office	Mixed Use – Area of Change

V. Summary of Agency Referral Responses

This rezoning has been reviewed for concurrence with the Denver Zoning Code and other applicable City Codes as utilized by the referral agencies listed below.

- Development Services - Survey: Approved
- Development Services – Transportation: Approved
- Denver Fire: Approved
- Denver Parks & Rec: Approved
- Asset Management: Approved

VI. Notice, Public Process & Public Comment

The property was posted for a period of 15 days announcing the Denver Planning Board public hearing, and written notification of the public hearing has been sent to all affected registered neighborhood organizations for Planning Board. Public outreach and discussion of the rezoning has been conducted by the applicant.

VII. Criteria for Review / Staff Evaluation

Pursuant to the Denver Zoning Code, Section 12.4.10.13, there are three criteria for review of all map amendments and two additional review criteria applied to non-legislative map amendments. The first three include:

1. Consistency with Adopted Plans
2. Uniformity of District Regulations and Restrictions
3. Public Health, Safety and General Welfare

These are explained in the following sections. The remaining two criteria include (*Justifying Circumstances* (explained in Section III above) and *Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements* (elements of the Denver Zoning Code).

- **Neighborhood Context:** The requested zone district is within the Urban Center Neighborhood Context, which consists of multi-unit residential and mixed-use commercial strips and commercial centers.
- **Zone District Purpose:** The Mixed Use districts are intended to promote safe, active, and pedestrian scaled, diverse areas through the use of multiple building forms that clearly define and activate the public street edge.

VIII. Consistency with Adopted Plans / Staff Evaluation

The proposal is consistent with adopted plans. Applicable plans for this site include:

- Denver Comprehensive Plan 2000
- Blueprint Denver
- Cherry Creek Area Plan (2012)

A. Consistency with the Denver Comprehensive Plan 2000

Comprehensive Plan 2000 recognizes continued residential development pressures and opportunities. CPD believes the requested PUD zone district is consistent with Comprehensive Plan 2000 because it will promote our dense residential neighborhoods.

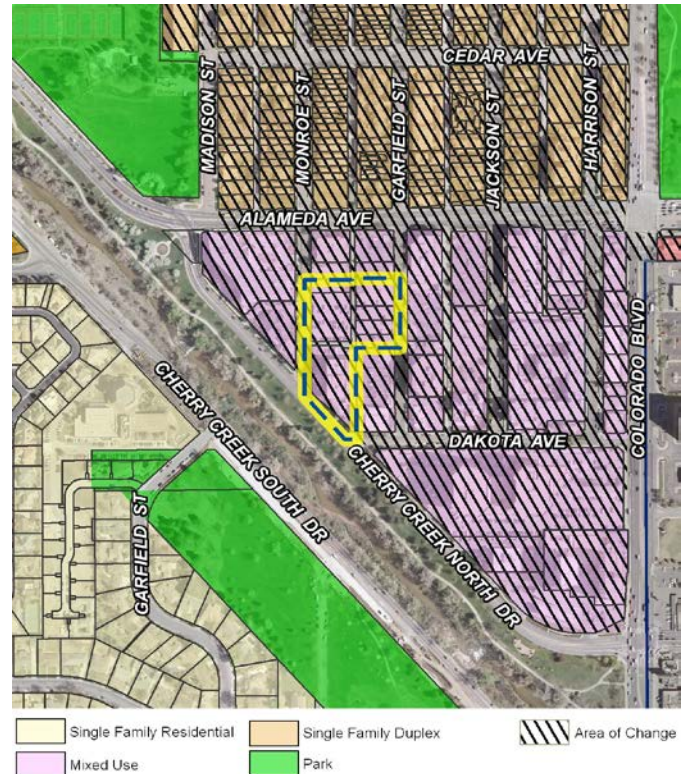

Applicable statements from the plan are listed below.

Land Use Strategies Summary:

- 1-C: Incorporate relevant recommendations from neighborhood, corridor and area plans.
- 1-H: Encourage development of housing that meets the increasingly diverse needs of Denver's present and future residents.
- 3-B: Encourage quality infill development that is consistent with the character of the surrounding neighborhood; that offers opportunities for increased density and more amenities.
- 4-B: Ensure that land-use policies and decisions support a variety of mobility choices.

B. Consistency with Blueprint Denver

This site is identified in Blueprint Denver as Mixed Use within an Area of Change (recommended as a Regional Center within the 2012 Cherry Creek Area Plan). Mixed Use is intended to contain both a sizable employment and housing base. Land uses are not necessarily mixed in each building or development but within the neighborhood, a mixture of uses should exist. This rezoning application is consistent with the adopted land use recommendations contained within Blueprint Denver.

C. Consistency with the 2012 Cherry Creek Area Plan

The proposed rezoning is consistent with the neighborhood plan. The plan recommends:

- Encourage positive change to create a vibrant, urban mixed-use district (p.76)
 - Cherry Creek Triangle remains an area of change, meaning growth and reinvestment should be encouraged.
 - New development should continued to include a mix of land uses, especially office and residential.
 - Adopt form-based and context based zoning for Cherry Creek Triangle properties to encourage predictable development patterns that reinforce the development quality of Cherry Creek Triangle.
- Create and identity for Cherry Creek Triangle (p.77)
 - Embrace Cherry Creek Triangle's prime location connecting the Cherry Creek Shopping District and the City of Glendale along the Cherry Creek Greenway.
 - Improve placemaking. New infill development should improve the public realm.

IX. Uniformity of District Regulations and Restrictions

The proposed rezoning to C-MX-8 will result in the uniform application of zone district, building form, use and design regulations to all buildings within the subject area.

X. Public Health, Safety and General Welfare

The proposed rezoning will bring the property into further compliance with Denver's Comprehensive Plan, Blueprint Denver, and the Cherry Creek Area Plan, allowing for redevelopment.

XI. Staff Recommendation

Based on the criteria for review as defined above, CPD Staff recommends **approval** for rezoning the property located at 360 S Monroe Street (Application #2012I-00015) to C-MX-8, as defined on the attached application map.

Re: 360 S Monroe St – Apartment Development Rezoning

Dear Mr. Buchanan:

The board of Cherry Creek East Association has reviewed conceptual development plans for the above referenced apartment project at 360 S. Monroe Street in the Cherry Creek Triangle area. As neighbors to the north, we support the application to rezone the property there to C-MX-8 and we believe that the proposed development is consistent with the vision of the newly adopted Cherry Creek Area Plan.

We are particularly supportive of the pedestrian and bike plaza concept at the corner of Cherry Creek Drive North and Monroe Street and the connectivity linkages proposed to the Cherry Creek Trail system; and an enhanced Garfield Street "urban trail" concept for linking this pedestrian/bike trail through the entire Cherry Creek area. Eventually this Urban Trail is envisioned to be linked all the way to City Park. As proposed in the Cherry Creek Area Plan we also support an enhanced pedestrian/bike crossing at E Alameda Parkway and Garfield Street as a part of the completion of the Alameda Parkway from Colorado Boulevard to Pulaski Park.

It has been our pleasure to be included and engaged in the conceptual development process on this project and we have every expectation that it will be a fine addition to the Cherry Creek Area.

Sincerely,

APPLICATION FOR ZONE MAP AMENDMENT

The Residences on Cherry Creek

360 South Monroe Street

Adherence to Review Criteria

The nature of the proposed map amendment is to permit redevelopment of a 2.4 acre parcel of land located south and adjacent to the Cherry Creek East neighborhood and just north of Cherry Creek Drive North. The property is located on the corner of Monroe Street and Cherry Creek Drive North and extends north toward Garfield Street. There is a portion of the property that extends from Monroe Street to Garfield Street. On the site currently is a 49,000 square foot 6 story office building built in 1972. There has been significant change in the immediate area as well as the adjacent Cherry Creek neighborhoods which have resulted in the need to rezone in order to meet market and community needs and wants.

This map amendment request is in order to provide a zone district (C-MX-8) which is in concert with the creation of a residential project with flexibility for future development.

The effect of the proposed amendment will allow the redevelopment of underutilized property which is in alignment with the vision of the Cherry Creek Neighborhood Plan. The successful rezoning will allow for a dynamic high quality project on the edge of Cherry Creek and bordering the City of Glendale.

Select Legal Basis for the Zone Map Amendment

The proposed C-MX-8 map amendment is in response to the changed and changing conditions in the immediate area as well as the immediately adjacent Cherry Creek area. The area is realizing renewed interest in residential and commercial redevelopment opportunities.

The following is a brief list of changed conditions in the immediate area:

- Identified in Blueprint Denver as an area of change, neighborhood center
- Passage of new zoning code which provides a wider palette than previously allowed in B-4 zoning.
- Recent development activity in immediately adjacent area; including Cherry Creek East, Cherry Creek North and City of Glendale.
- Cherry Creek Area plan currently being updated to reflect changes in conditions

The changed conditions coupled with the needs and desires of the community as identified in the Cherry Creek Plan process support the change in zoning classification.

The Denver Comprehensive Plan 2000 supports this application by outlining strategies this application achieves through rezoning approval.

- **Environmental Sustainability Strategy 2-F**

This proposed rezoning will redevelop in an area which is in the core city and which is currently being underutilized.

- Promoting infill development within Denver at sites where services and infrastructure are already in place
- Designing mixed use communities and reducing sprawl, so that residents can live, work and play within their own neighborhoods.

- **Land Use Strategy I-H**

This proposed rezoning will provide more than 290 residential housing units in the City and County of Denver

- Encourage development of housing that meets the increasingly diverse needs of Denver's present and future residents.

- **Land Use Strategy 3-A**

This proposed rezoning will invigorate an area which up until now has been an afterthought appendage of the greater Cherry Creek Neighborhood community.

- Complete neighborhood and area plans for parts of Denver where development or redevelopment is likely or desirable.

- **Mobility Strategy 3-C**

This proposed rezoning will jump start bicycle and pedestrian connections between Cherry Creek and the Cherry Creek pathway

- Provide safe and convenient pedestrian and bicycle facilities within urban centers and new development areas.

- **Legacies Strategy 3-A**

This proposed rezoning will provide density and residential housing options in a previously underserved area.

- Identify areas in which increased density and new uses are desirable and can be accommodated.

This application also supports the guiding principles of the land use and transportation vision of **Blueprint Denver**

This proposed rezoning is in an area of change as identified in Blueprint Denver. Additionally this application advances the guiding principles found below:

- Contribute to the urban design vision
- Preserve and enhance valued attributes of the area
- Contribute to the economic vision
- Expand transportation choices and pedestrian friendliness
- Protect and enhance environmental quality and Denver legacies

Cherry Creek Area Plan (2000)

There has been tremendous progress in the Alameda Triangle, most recently renamed the Cherry Creek Triangle sub area on the following goals in found in the Cherry Creek Area Plan.

- Increase integration of uses
- Form an association
- Improve the streetscape
- Provide pedestrian and bicycle crossings along Cherry Creek North Drive between Colorado Boulevard and Alameda

Based on the justification found in the aforementioned plans and the ongoing neighborhood and community cooperation for the proposed high quality infill development at this location; this map amendment is hereby submitted.
