EXECUTIVE SUMMARY

The Intergovernmental Agreement (IGA) between the GID and CCD outlines the details the GID’s financial contribution of up to \$3 million to enhance the streetscape along Brighton Blvd from 29th to 44th St. The GID is committing to fund up to \$3m of enhancements to Brighton Blvd that go above and beyond the City’s reconstruction project. The GID will be providing the \$3m in the funds to the City, who will include the enhancement work into the broader Brighton Blvd. reconstruction project. The base street reconstruction project will be funded by ~\$26m in City funds. The city will track expenses of the streetscape enhancements separately from the main street reconstruction project to ensure the GID’s funds are used specifically for the streetscape enhancements. The IGA also outlines the GID’s responsibility for O&M of the streetscape and replacement of assets that were installed as part of the streetscape enhancement project.

The RiNo GID district advisory board, made up of both commercial and residential property owners within the GID, fully support the IGA and recommend approval.
