# Proposed Lease - Saltbox

## WC Dahlia Street, LLC

Finance and Governance Committee  
January 3, 2023  
Resolution #22-1589

# Background and Proposed Use

- DEDO currently supports the Commons on Champa downtown for entrepreneurial services, however DEDO identified a need to provide more neighborhood-based small business and startup support.
- DEDO has already been supporting community partners and trusted voices who are doing work in this area, but do not have the physical space.
- In 2021, funding for the Entrepreneurship Center was included in the American Rescue Plan Act Round 1 allocations, with \$2 million to help secure a site for the center. Due to low inventory of available spaces for sale, the city is pursuing a lease agreement for the space. Saltbox was a desirable partner, and their location already had existing resources (including a photo studio lad, a podcast and recording room, etc.) that would be beneficial for businesses and entrepreneurs.
- The maximum contract value for the five-year term is \$637,102. The remaining funds from the \$2 million ARPA allocation will go toward furniture, equipment, programming, etc.

# Proposed Partner: Saltbox

- Founded in Atlanta in 2019 by minority entrepreneurs and with locations to date in six U.S. urban areas.
- Saltbox combines “human-centric” logistics, fulfillment, and warehousing operations for growing firms with an embedded coworking environment designed to meet the needs of a diverse and inclusive membership community of “new collar” e-commerce entrepreneurs.
- An innovative warehousing, logistics, and fulfillment center that provides coworking space as well as a wide array of technical and soft supports to enable its e-commerce members to interact, share resources and ideas, thrive, and grow.

# Proposed Data and Reporting
