- *Comprehensive Plan 2040*
- *Blueprint Denver: A Land Use and Transportation Plan (2019)*
- *Housing an Inclusive Denver (2018)*

2. Uniformity of District Regulations

3. Further Public Health, Safety and Welfare

Consistency with Adopted Plans: Comprehensive Plan 2040

Equity

- Equitable, Affordable and Inclusive Goal 2, Strategy A: Create a greater mix of housing options in every neighborhood for all individuals and families (p. 28).

Climate

- Environmentally Resilient Goal 8, Strategy A: Promote infill development where services and infrastructure already exist (p. 54).

Consistency with Adopted Plans: Blueprint 2019

Urban (U-) Neighborhood Context

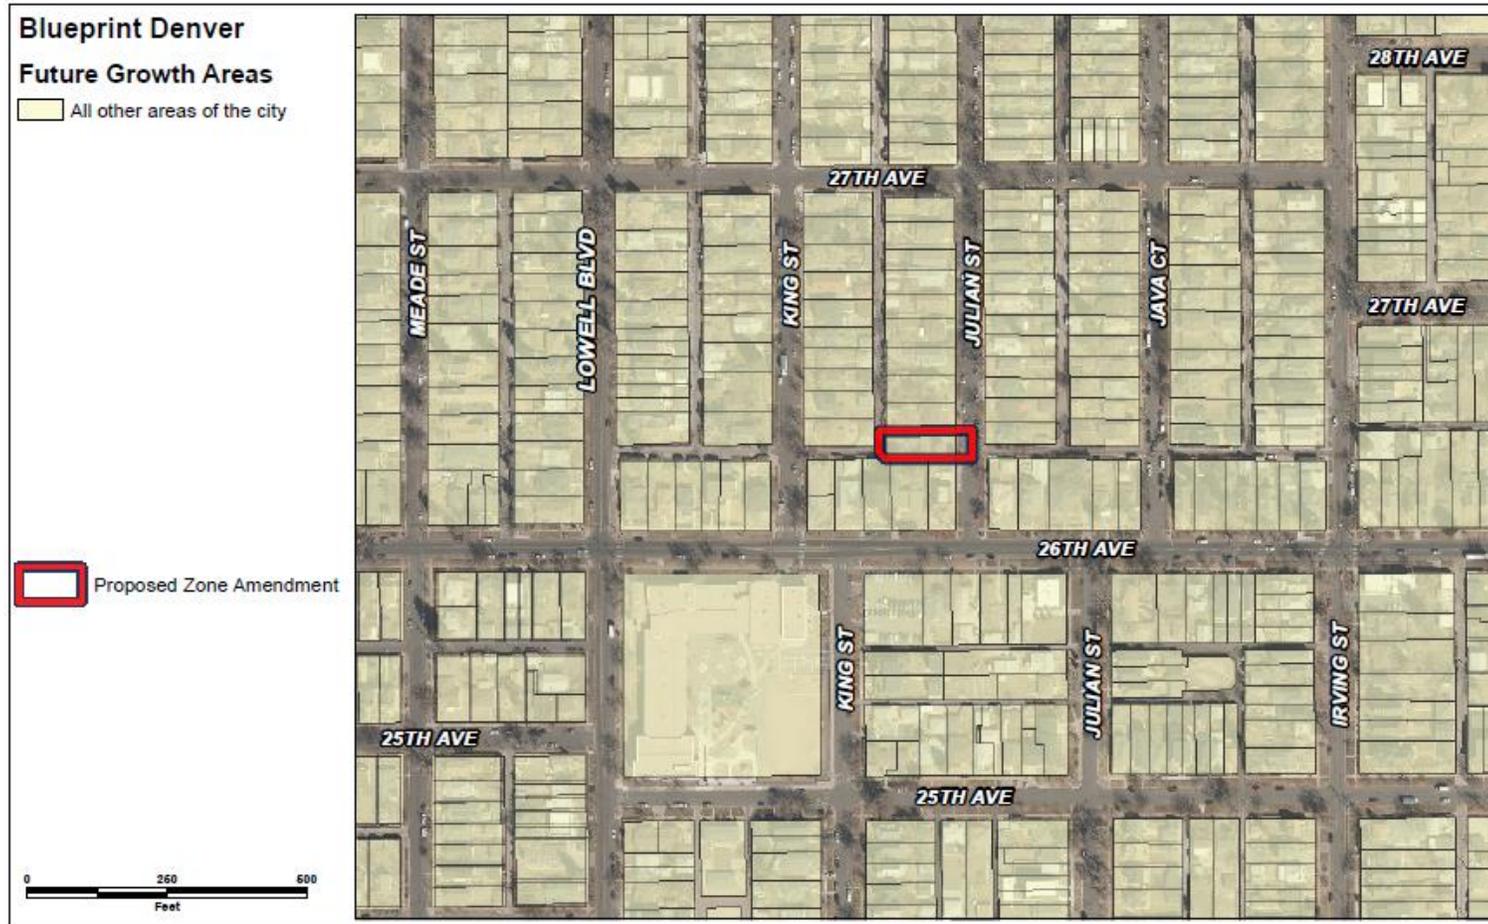

- Small multi-unit residential and mixed-use areas are typically embedded in 1-unit and 2-unit residential areas.
- Block patterns are generally regular with a mix of alley access.
- High degree of walkability, bikeability, and good access to transit with less reliance on cars.

Consistency with Adopted Plans: Blueprint 2019

- **Low Residential**
 - Predominantly single- and two-unit uses
 - Accessory dwelling units are appropriate
- **Future Street Type**
 - Julian Street: Undesignated Local
 - 26th Avenue: Residential Collector

Consistency with Adopted Plans: Blueprint 2019

- Growth Areas Strategy: All other areas of the city
 - 10% jobs by 2040
 - 20% housing by 2040

Consistency with Adopted Plans: Blueprint Denver

Policy 4: Diversify housing choice through the expansion of accessory dwelling units throughout all residential areas.

Strategy E: A citywide approach to enable ADUs is preferred. Until a holistic approach is in place, individual rezoning to enable ADUs in all residential areas, especially where proximate to transit, are appropriate. Unless there is a neighborhood plan supporting ADUs, rezonings should be small in area in order to minimize impact to the surrounding residential area.

Consistency with Adopted Plans: Housing an Inclusive Denver

- **Legislative and Regulatory Priorities, Recommendation 2:** “Expand and strengthen land-use regulations for affordable and mixed-income housing. Through Blueprint Denver and supplemental implementation actions such as zoning modifications, the City should support land-use regulations that incentivize affordable and mixed-use housing, including expanding the development of accessory dwelling units.”
- **Attainable Homeownership, Recommendation 1:** “Promote programs that help households maintain their existing homes. The City and its partners should target existing homeowner rehabilitation programs to residents in vulnerable neighborhoods, promote financial literacy education for prospective and existing homeowners, and promote the development of accessory dwelling units as a wealth-building tool for low and moderate-income homeowners.”
- The proposed map amendment to U-SU-B1 is consistent with these *Housing an Inclusive Denver* recommendations because it will expand the availability and allow the development of an accessory dwelling unit at this location.
