6. **General description of proposed ordinance including contract scope of work if applicable:**

To amend the existing contract to extend the term to 5 years and increase the amount to 5 million. All of Technology Services on call contracts have a 5 year term with a 5 million max contract amount. We use this vendor heavily for Accela support, so it is critical to amend so we can continue to contract for this skill set. Because we currently hit the max contract amount, we wanted to amend to sync up with our other on call vendor contracts.
