What skills do your bring to the Youth Commission? (please use additional page if needed)

Given the opportunity to be a part of the Mayor's Youth Commission I would have the capabilities to communicate with all people of all races, genders and social status, especially with my ability to speak English and Arabic. Also I am a very organized person who can stay calm under pressure. In fact pressure motivates me to work harder. Another skill I possess is the confidence and leadership abilities that the Youth Commission needs. Some may argue my best quality and skill that I can offer is my dedication from the things I care about. This Youth Commission will allow me to provide me an opportunity to care for the city that I have lived in for several years. I am also a very social person and can communicate and relate to anyone I have a conversation with and this is needed in the Mayor's Youth Commission because when tackling the issues in Denver communication is a vital piece in that.

Work / Extracurricular/ Volunteer Activities (Indicate past or present):

In the past I have done Mentorship in my middle school. I would take 10 new-coming students and show them around the school and helps them create strong bonds between teachers and students around Hamilton Middle School. Also I volunteered at Southmoor Elementary for the past 2 years. It was a great experience to give back to the school that had started me out in my future. Now I am a part of a Youth Group called Young Sudanese. It was designed to connect the Sudanese community in Colorado but also all the African immigrants that in the Colorado. Another activity I participated in was Student Council I aided Hamilton Middle School in organizing events like dances, plays, as well as concerts. This is had raised a lot of money for the school and was an excellent thing to be a part of.
