5. General description or background of proposed request. Attach executive summary if more space needed:

Ordinance 1286, Series of 2021, established the Dental Self Insurance Internal Service Fund, No. 66200, to administer the City's self-insurance program. This ordinance established that the Fund would be appropriated, and the Fund's annual budget would be established in the Annual Appropriation Ordinance. The Dental Self Insurance program funds employee dental payments for participants who elect this benefit, and funds can only be used for this purpose. The primary revenue to this Fund is City and employee premium contributions and is based on the number of employees participating in this plan. The Medial Self Insurance Fund was amended via Ordinance 1941, series of 2023 to change from appropriated to revenue-based to align the budget with program revenue received. This is an administrative action to be consistent with the fund type for the City's self-insurance programs. This ordinance seeks to amend Ordinance 1286, series of 2021, Section 3 for the Dental Self Insurance Fund, from appropriated to revenue-based to align the budget with program revenue received.

This request is a companion to the annual Long Bill and allows for an administrative action needed to implement the 2026 budget as adopted.
