- d. **Affected Council District:** All
- e. **Benefits:** Long-term safety and knowledge of waste managed outside of the City's purview
- f. **Contract Amount (indicate amended amount and new contract total):**

**7. Is there any controversy surrounding this ordinance? (Groups or individuals who may have concerns about it?) Please explain.**

Not that we are aware of. Public Works has done an extensive stakeholder outreach and input process and has developed an ordinance that meets the City's needs while placing minimal burden on the haulers being licensed. The City will support small haulers with data requirements. Hauler licensing requirements are currently required by many surrounding communities and Denver's requirements are set at a lower level than many others.
