Email: Brandon.Gainey@flydenver.com	Email: Rita.Aguilar@flydenver.com ; Jordan.Wells@flydenver.com ; Barry.Burch@flydenver.com

5. General description or background of proposed request. Attach executive summary if more space needed:

The Design, Engineering and Construction (DEC) Division of the airport seeks to establish a task order-based Project Delivery Support Services (PDSS) contract at Denver International Airport (DEN) for the initial term of five years with two, one year optional extensions. DEC serves to define, design, and construct major infrastructure and facility development and rehabilitation projects at DEN. In direct alignment with the Vision 100 Pillars of Growing Our Infrastructure and Maintaining What We Have, DEC augments its staffing needs through the engagement of multi-disciplined Consultants to be part of our project delivery teams. DEC has overall responsibility for managing all aspects of projects to produce the best quality, schedule, and budget framework possible to support DEN's strategic plan including Vision 100 and Operation 2045.

This request is for a competitively procured contract between qualified contractor(s) and Denver International Airport (DEN). In general, project delivery includes activities for general project management (including planning, design management, construction management, budget and schedule management); ensuring compliance with design and requirements of Authorities Having Jurisdiction (AHJ); determining and establishing construction standards and materials; working with consulting architects/engineers, contractors, and other agencies to explain and interpret DEN's design requirements, applicable codes, and specifications; providing professional/technical assistance and project updates to stakeholders, management, and City Council; assuring that projects meet established quality standards; working with DEN's Business Operations Division in publishing requests for proposals or other contract solicitations, and in selecting consultants and contractors for development projects; preparing and giving presentations; negotiating contracts; evaluating and negotiating time and cost changes; and performing additional duties as assigned. Project delivery may also include contract administration services; contract review and advisement; processing of payment application packages; creation of requests for information or requests for proposals; and analyzing, preparing, and presenting data-driven metrics and reporting.

6. **City Attorney assigned to this request (if applicable):** Ema Medić

7. **City Council District:** Council District 11

8. ****For all contracts, fill out and submit accompanying Key Contract Terms worksheet****

To be completed by Mayor's Legislative Team:

Resolution/Bill Number: _____

Date Entered: _____

Key Contract Terms

Type of Contract: Professional Services > \$500K

<i>Current Contract Amount (A)</i>	<i>Additional Funds (B)</i>	<i>Total Contract Amount (A+B)</i>
\$50,000,000.00	N/A	\$50,000,000.00
<i>Current Contract Term</i>	<i>Added Time</i>	<i>New Ending Date</i>
5 years	N/A	N/A

Scope of work:

Under this contract the selected Consultant shall provide comprehensive Project Delivery Support Services to DEC. These services are intended to be provided on a project-by-project basis through the issuance of a single task order for all requested services. Support staff provided under this contract will be assigned to projects on a project-specific task order basis and are expected to stay assigned to a project for the duration of the project assigned. Support staff may be assigned to multiple projects simultaneously, and the Consultant will manage the available resource capacity to ensure quality delivery of assigned responsibilities. The Define and Closeout phases of the project lifecycle will not be as significant portions of the project tasks assigned as the Deliver phase; however, all phases may be included in the responsibility of assigned Consultant staff. Consultant staff will be integrated within the applicable groups in DEC and will fall within the day-to-day supervision of the department supervisors for the services performed under this contract. This contract will be broken into multiple contracts with the intent of awarding three contracts.

Was this contractor selected by competitive process? Yes **If not, why not?**

Has this contractor provided these services to the City before? Yes No

Source of funds: Operations and Maintenance (O&M) and Capital

Is this contract subject to: W/MBE DBE SBE XO101 ACDBE N/A
