5. General description or background of proposed request. Attach executive summary if more space needed:

The proposed Gas Station Limitations text amendment was initiated by City Council sponsors Diana Romero Campbell (District 4), Amanda Sawyer (District 5), Paul Kashmann (District 6). This text amendment proposes new zoning regulations that would prioritize the implementation of Denver's adopted plans and policies for walkable, mixed-use, sustainable development with affordable housing on and near transit corridors by significantly limiting where new gas stations can be established. If adopted, this text amendment would prohibit new gas stations within ¼ mile of an existing gas station, within ¼ mile of a rail transit station, and within 300-feet of low-intensity residential zone districts defined in the Zoning Code as Protected Districts. The sponsors requested a grace period for submittal of new site development plans requiring that any plan submitted for concept review prior to May 13, 2024 may proceed under existing rules, and any submitted after that date be reviewed under the new rules if adopted.

- Planning Board public hearing was noticed on 12/2/24
- Planning Board voted unanimously (5-0) to recommend approval of the Gas Station Limitations text amendment.
- Staff received approximately 90 written comments on the public review draft of the text amendment in advance of the Planning Board Hearing. Approximately 37% of written comments received before Planning Board indicated support, highlighting the sponsors' goals of preserving land for more transit-compatible uses on key street corridors and urban centers, while approximately 48% indicated opposition, citing concerns about property rights and fuel price competition. Other written comments did not clearly indicate support or opposition.
- Several industry representatives, most representing a newcomer brand in the Denver market, spoke in opposition to the proposed text amendment. A representative from the Colorado Wyoming Petroleum Marketers association cited that organization's general support for the amendments, citing robust outreach from the City Council sponsors.

To be completed by Mayor's Legislative Team:

Resolution/Bill Number: _____

Date Entered: _____

- The sponsors publicized the proposed amendments via social media, newsletters and presentations at Registered Neighborhood Organization meetings. Sponsors also sent a courtesy mailed notice to 18,000 property owners whose allowed uses may be impacted by the proposed text amendments.

We request an effective date of February 25, 2025 for this text amendment.

The sponsors request that a grace period for site development plan submittal stipulating that plans submitted for concept review prior to May 13, 2024 may proceed under previous rules, and those submitted after that date be reviewed under the new rules, if adopted.
