Subject: Support for Rezoning Welton to C-MX-5

Dear Denver City Council,

As a property holder within the boundary of City Council Case #2013-00048 addressing the rezoning of portions of Welton Street from 28th Street to Downing Street, I encourage you to pass this rezoning to establish consistency of C-MX-5 along the Welton Corridor.

Thank you for your assistance with this very important matter.

Regards,

Lynne Bruning
