

AGREEMENT FOR PROFESSIONAL SERVICES

THIS AGREEMENT FOR PROFESSIONAL SERVICES (“Agreement”) is made and entered into as of the date stated on the City’s signature page below (the “**Effective Date**”) by and between the **CITY AND COUNTY OF DENVER**, a municipal corporation of the State of Colorado acting on behalf of its Department of Aviation (the “**City**”), and **ALL STAR STAFFING, LLC**, a Colorado limited liability company (“**Contractor**”) (collectively the “**Parties**”).

WITNESSETH:

WHEREAS, the City owns, operates, and maintains Denver International Airport (“**DEN**”); and

WHEREAS, the City desires to obtain professional ceiling, vent grill, louver, wall, and hard surface cleaning services; and

WHEREAS, the City has undertaken a competitive process to solicit and receive proposals for such services, and has selected the proposal submitted by Contractor; and

WHEREAS, Contractor’s proposal was selected for award of the Ceiling, Vent Grill, Louver, Wall, and Hard Surface Cleaning Services Project (the “**Project**”); and

WHEREAS, Contractor is qualified, willing, and able to perform the services, as set forth in this Agreement in a timely, efficient, and economical manner; and

NOW, THEREFORE, for and in consideration of the premises and other good and valuable consideration, the Parties agree as follows:

1. LINE OF AUTHORITY:

The Chief Executive Officer of the Department of Aviation or their designee or successor in function (the “**CEO**”), authorizes and directs all work performed under this Agreement. Until otherwise notified in writing by the CEO, the CEO has delegated the authority granted herein to the Airport Maintenance Division. The relevant Senior Vice President (the “**SVP**”), or their designee (the “**Director**”), will designate a Project Manager to coordinate professional services under this Agreement. Reports, memoranda, correspondence, and other submittals required of Contractor hereunder shall be processed in accordance with the Project Manager’s directions.

2. SCOPE OF WORK AND CONTRACTOR RESPONSIBILITIES:

A. Scope of Services. Contractor shall provide task-based professional services and deliverables for the City as designated by the CEO, from time to time and as described in the attached *Exhibit A* (“**Scope of Work**”), in accordance with the Task Orders, schedules and budgets set by the City. Without requiring amendment to this Agreement, the City may, through a Task Order or similar form issued by the CEO and signed by Contractor, make minor changes, additions, or deletions to the Scope of Work without change to the Maximum Contract Amount.

B. Task Orders. The Project Manager will issue task orders for work to be completed under this Agreement (“**Task Orders**”). The terms of each Task Order must include, not be limited to, information regarding schedule, staffing, and pricing. The Director may reduce or increase the scope of services and/or staffing required by a Task Order and the time and cost of performance shall be adjusted to reflect the time and cost resulting from the reduction or increase. In the City’s sole discretion, the Project Manager may elect to directly solicit or competitively procure the work under each Task Order.

C. Standard of Performance. Contractor shall faithfully perform the work required under this Agreement in accordance with the standard of care, skill, efficiency, knowledge, training, and judgment provided by highly competent professionals who perform work of a similar nature to the work described in this Agreement.

D. Time is of the Essence. Contractor acknowledges that time is of the essence in its performance of all work and obligations under this Agreement. Contractor shall perform all work under this Agreement in a timely and diligent manner.

E. Subcontractors.

i. In order to retain, hire, and/or contract with an outside subcontractor that is not identified in this Agreement for work under this Agreement, Contractor must obtain the prior written consent of the CEO. Contractor shall request the CEO’s approval in writing and shall include a description of the nature and extent of the services to be provided; the name, address and professional experience of the proposed subcontractor; and any other information requested by the City.

ii. The CEO shall have the right to reject any proposed outside subcontractor deemed by the CEO to be unqualified or unsuitable for any reason to perform the proposed services. The CEO shall have the right to limit the number of outside subcontractors and/or to limit the percentage of work to be performed by them.

iii. Any final agreement or contract with an approved subcontractor must contain a valid and binding provision whereby the subcontractor waives any and all rights to make any claim of payment against the City or to file or claim any lien or encumbrance against any City property arising out of the performance or non-performance of this Agreement and/or the subcontract.

iv. Contractor is subject to Denver Revised Municipal Code (“**D.R.M.C.**”) § 20-112, wherein Contractor shall pay its subcontractors in a timely fashion. A payment is timely if it is mailed to the subcontractor no later than seven (7) days after receipt of any payment from the City. Any late payments are subject to a late payment penalty as provided in the Denver Prompt Payment Ordinance (D.R.M.C. §§ 20-107 through 20-118).

v. This Section, or any other provision of this Agreement, shall not create any contractual relationship between the City and any subcontractor. The City’s approval of a subcontractor shall not create in that subcontractor a right to any subcontract. The City’s approval of a subcontractor does not relieve Contractor of its responsibilities under this Agreement, including the work to be performed by the subcontractor.

F. Personnel Assignments.

i. Contractor or its subcontractor(s) shall assign all key personnel identified in this Agreement, including Task Order(s), to perform work under this Agreement (“**Key Personnel**”). Key Personnel shall perform work under this Agreement, unless otherwise approved in writing by Director or their authorized representative. In the event that replacement of Key Personnel is necessary, the City in its sole discretion shall approve or reject the replacement, if any, or shall determine that no replacement is necessary.

ii. It is the intent of the Parties that all Key Personnel perform their specialty for all such services required by this Agreement. Contractor and its subcontractor(s) shall retain Key Personnel for the entire Term of this Agreement to the extent practicable and to the extent that such services maximize the quality of work performed.

iii. If, during the Term of this Agreement, the Project Manager determines that the performance of any Key Personnel or other personnel, whether of Contractor or its subcontractor(s), is not acceptable or that any such personnel is no longer needed for performance of any work under this Agreement, including Task Order(s), the Project Manager shall notify Contractor and may give Contractor notice of the period of time which the Project Manager considers reasonable to correct such performance or remove the personnel, as applicable.

iv. If Contractor fails to correct such performance, then the City may revoke its approval of the Key Personnel or other personnel in question and notify Contractor that such Key Personnel or other personnel will not be retained on this Project. Within ten (10) days of receiving this notice, Contractor shall use its best efforts to obtain adequate substitute personnel who must be approved in writing by the Project Manager. Contractor’s failure to obtain the Project Manager’s approval shall be grounds for Termination for Cause in accordance with this Agreement.

3. OWNERSHIP AND DELIVERABLES:

Upon payment to Contractor, all records, data, deliverables, and any other work product prepared by Contractor or any custom development work performed by Contractor for the purpose of performing this Agreement on or before the day of the payment, whether a periodic or final payment, shall become the sole property of the City. Upon request by the City, or based on any schedule agreed to by Contractor and the City, Contractor shall provide the City with copies of the data/files that have been uploaded to any database maintained by or on behalf of Contractor or otherwise saved or maintained by Contractor as part of the services provided to the City under this Agreement. All such data/files shall be provided to the City electronically in a format agreed to by the Parties. Contractor also agrees to allow the City to review any of the procedures Contractor uses in performing any work or other obligations under this Agreement, and to make available for inspection any and all notes, documents, materials, and devices used in the preparation for or performance of any of the scope of work, for up to three (3) years after termination of this Agreement. Upon written request from the City, Contractor shall deliver any information requested pursuant to this Section within ten (10) business days in the event a schedule or otherwise agreed-upon timeframe does not exist.

4. TERM AND TERMINATION:

A. Term. The Term of this Agreement shall commence on the Effective Date and shall expire three (3) years thereafter, unless terminated in accordance with the terms stated herein (the “**Expiration Date**”). The Term of this Agreement may be extended for two (2) additional one-year periods, on the same terms and conditions, by written notice from the CEO to Contractor. However, no extension of Term shall increase the Maximum Contract Amount stated below.

B. If the Term expires prior to Contractor completing the work under this Agreement, subject to the prior written approval of the CEO, this Agreement shall remain in full force and effect until the completion of any services commenced prior to the Expiration Date. Contractor has no right to compensation for services performed after the Expiration Date without such express approval from the CEO.

C. Suspension and Termination.

i. Suspension. The City may suspend performance of this Agreement at any time with or without cause. Upon receipt of notice from the Director, Contractor shall, as directed in the notice, stop work and submit an invoice for any work performed but not yet billed. Any milestones or other deadlines shall be extended by the period of suspension unless otherwise agreed to by the City and Contractor. The Expiration Date shall not be extended as a result of a suspension.

ii. Termination for Convenience. The City may terminate this Agreement at any time without cause upon written notice to Contractor.

iii. Termination for Cause. In the event Contractor fails to perform any provision of this Agreement, the City may either:

a. Terminate this Agreement for cause with ten (10) days prior written notice to Contractor; or

b. Provide Contractor with written notice of the breach and allow Contractor an Opportunity to Cure.

iv. Opportunity to Cure. Upon receiving the City’s notice of breach pursuant to Section 4(C)(iii)(b), Contractor shall have five (5) days to commence remedying its defective performance. If Contractor diligently cures its defective performance to the City’s satisfaction within a reasonable time as determined by the City, then this Agreement shall not terminate and shall remain in full force and effect. If Contractor fails to cure the breach to the City’s satisfaction, then the City may terminate this Agreement pursuant to Section 4(C)(iii)(a).

v. Compensation for Services Performed Prior to Suspension or Termination Notice. If this Agreement is suspended or terminated, the City shall pay Contractor the reasonable cost of only those services performed to the satisfaction of the CEO prior to the notice of suspension or termination. Contractor shall submit a final invoice for these costs within thirty (30) days of the date of the notice. Contractor has no right to compensation

for services performed after the notice unless directed to perform those services by the City as part of the suspension or termination process or as provided in Section 4(C)(vi) below.

vi. Reimbursement for Cost of Orderly Termination. In the event of Termination for Convenience of this Agreement pursuant to Section 4(C)(ii), Contractor may request reimbursement from the City of the reasonable costs of orderly termination associated with the Termination for Convenience as part of its submittal of costs pursuant to Section 4(C)(v). In no event shall the total sums paid by the City pursuant to this Agreement, including Sections 4(C)(v) and (C)(vi), exceed the Maximum Contract Amount.

vii. No Claims. Upon termination of this Agreement, Contractor shall have no claim of any kind against the City by reason of such termination or by reason of any act incidental thereto. Contractor shall not be entitled to loss of anticipated profits or any other consequential damages as a result of termination.

D. Remedies. In the event Contractor breaches this Agreement, Contractor shall be liable to the City for all costs of correcting the work without additional compensation, including but not limited to additional costs incurred by the City, its tenants, or its other contractors arising out of Contractor's defective work. These remedies are in addition to, and do not limit, the remedies available to the City in law or in equity. These remedies do not amend or limit the requirements of Section 8 and Section 9 otherwise provided for in this Agreement.

5. COMPENSATION AND PAYMENT:

A. Maximum Contract Amount. Notwithstanding any other provision of this Agreement, the City shall not be liable under any theory for payment for services rendered and expenses incurred by Contractor under the terms of this Agreement for any amount in excess of the sum of **Five Hundred Thousand Dollars and No Cents (\$500,000.00)** ("**Maximum Contract Amount**"). Contractor shall perform the services and be paid for those services as provided for in this Agreement, including Task Order(s), up to the Maximum Contract Amount.

B. Limited Obligation of City. The obligations of the City under this Agreement shall extend only to monies appropriated and encumbered for the purposes of this Agreement. Contractor acknowledges and understands the City does not by this Agreement irrevocably pledge present cash reserves for payments in future fiscal years, and this Agreement is not intended to create a multiple-fiscal year direct or indirect debt or financial obligation of the City. The City is not under any obligation to make any future encumbrances or appropriations for this Agreement nor is the City under any obligation to amend this Agreement to increase the Maximum Contract Amount above.

C. Payment Source. For payments required under this Agreement, the City shall make payments to Contractor solely from funds of the Airport System Fund and from no other fund or source. The City has no obligation to make payments from any other source.

D. Basis for Contractor's Fee. Contractor's fee is based on the rates as set forth in *Exhibit B* ("**Rates**"). The Project Manager, their sole discretion, may annually adjust the Rates on the anniversary of the Effective Date through a Task Order applicable to future work as further

provided in the Task Order.

E. Payment Schedule. Subject to the Maximum Contract Amount, for payments required under this Agreement, the City shall pay Contractor's fees and expenses in accordance with this Agreement. Unless otherwise agreed to in writing, Contractor shall invoice the City on a regular basis in arrears and the City shall pay each invoice in accordance with Denver's Prompt Payment Ordinance, D.R.M.C. § 20-107, *et seq.*, subject to the Maximum Contract Amount.

F. Invoices. Unless otherwise provided in a Task Order, Contractor shall submit to the City a monthly progress invoice containing reimbursable costs and receipts from the previous month for professional services rendered under this Agreement to be audited and approved by the City ("**Invoice**"). Each Invoice shall provide the basis for payments to Contractor under this Agreement. In submitting an Invoice, Contractor shall comply with all requirements of this Agreement and:

- i. Include an executive summary and status report(s) that describe the progress of the services and summarize the work performed during the period covered by the Invoice;
- ii. Include a statement of recorded hours that are billed at an hourly rate;
- iii. Include the relevant purchase order ("**PO**") number related to the Invoice;
- iv. Ensure that amounts shown on the Invoices comply with and clearly reference the relevant services, indicate the hourly rate and multiplier where applicable, and identify the allowable reimbursable expenses;
- v. For only those reimbursable costs incurred in the previous month, submit itemized business expense logs and, where billing is based upon receipts, include copies of receipts for all allowable reimbursable expenses;
- vi. Include the signature of an authorized officer of Contractor, along with such officer's certification they have examined the Invoice and found it to be correct; and
- vii. Submit each Invoice via email to ContractAdminInvoices@flydenver.com.
- viii. Late Fees. Contractor understands and agrees interest and late fees shall be payable by the City only to the extent authorized and provided for in the City's Prompt Payment Ordinance.
- ix. Travel Expenses. Travel and any other expenses are not reimbursable unless such expenses are related to and in furtherance of the purposes of Contractor's engagement, are in accordance with this Agreement, and Contractor receives prior written approval of the Director or their authorized representative.

G. Disputed Invoices. The City reserves the right to reject and not pay any Invoice or part thereof, including any final Invoice resulting from a Termination of this Agreement or any Task Order, where the Director or their authorized representative determines the amount invoiced

exceeds the amount owed based upon the work satisfactorily performed. The City shall pay any undisputed items contained in an Invoice. Disputes concerning payments under this provision shall be resolved in accordance with procedures set forth in Section 9.

H. Carry Over. If Contractor's total fees for any of the services provided under this Agreement are less than the amount budgeted for, the amount remaining in the budget may be used for additional and related services rendered by Contractor if the CEO determines such fees are reasonable and appropriate and provides written approval of the expenditure.

6. MWBE, WAGES AND PROMPT PAYMENT:

A. Minority/Women Business Enterprise.

i. This Agreement is subject to Article V of Chapter 28, D.R.M.C., designated as §§ 28-117 to 28-199 (the “**Goods and Services Ordinance**”); and any Rules and Regulations promulgated pursuant thereto. The contract commitment for MWBE participation established for this Agreement by the Division of Small Business Opportunity (“**DSBO**”) is 9%. Contractor shall comply the Equity, Diversity and Inclusion Plan attached as *Exhibit E* (“**EDI Plan**”) and as it may be modified in the future by DSBO. The EDI Plan shall constitute the Utilization Plan required by D.R.M.C. § 28-129.

ii. Under § 28-132, D.R.M.C., Contractor has an ongoing, affirmative obligation to maintain for the duration of this Agreement, at a minimum, compliance with the MWBE participation upon which this Agreement was awarded, unless there is a change in the work by the City under § 28-133, D.R.M.C. Contractor acknowledges that:

- (1) Along with the Utilization Plan requirements, Contractor must establish and maintain records and submit regular reports, as directed by DSBO, which will allow the City to assess progress in complying with the Utilization Plan and achieving the MWBE participation goal. The Utilization Plan is subject to modification by DSBO.
- (2) If contract modifications are issued under the Agreement, whether by amendment or otherwise, Contractor shall have a continuing obligation to promptly inform DSBO in writing of any agreed upon increase or decrease in the scope of work of such contract, upon any of the bases under § 28-133, D.R.M.C., regardless of whether such increase or decrease in scope of work has been reduced to writing at the time of notification of the change to the City.
- (3) If there are changes in the work that include an increase in scope of work under this Agreement, whether by amendment or otherwise, which increases the dollar value of the contract, whether or not such change is within the scope of work designated for performance by an MWBE at the time of contract award, such change or modification shall be immediately submitted to DSBO for notification purposes.
- (4) Those amendments or other modifications that involve a changed scope of work that cannot be performed by existing subcontractors shall be subject to the original goal on the contract. Contractor shall satisfy such goal with

respect to the changed scope of work by soliciting new MWBEs in accordance with §§ 28-133, D.R.M.C. Contractor must also satisfy the requirements under §§ 28-128 and 28-136, D.R.M.C., with regard to changes in MWBE scope or participation. Contractor shall supply to DSBO all required documentation under §§ 28-128, 28-133, and 28-136, D.R.M.C., with respect to the modified dollar value or work under the contract.

- (5) If applicable, for contracts of one million dollars (\$1,000,000.00) and over, Contractor is required to comply with § 28-135, D.R.M.C., regarding prompt payment to MWBEs. Payment to MWBE subcontractors shall be made by no later than thirty-five (35) days after receipt of the MWBE subcontractor's invoice.
- (6) Termination or substitution of an SBE subcontractor requires compliance with § 28-136, D.R.M.C.
- (7) Failure to comply with these provisions may subject Contractor to sanctions set forth in § 28-139 of the Goods and Services Ordinance.
- (8) Should any questions arise regarding DSBO requirements, Contractor should consult the Goods and Services Ordinance or may contact the designated DSBO representative at (720) 913-1999.

B. Prompt Pay of MWBE Subcontractors. For agreements of one million dollars (\$1,000,000.00) and over to which D.R.M.C. § 28-135 applies, Contractor is required to comply with the Prompt Payment provisions under D.R.M.C. § 28-135, with regard to payments by the Contractor to MWBE subcontractors. If D.R.M.C. § 28-135 applies, Contractor shall make payment by no later than thirty-five (35) days from receipt by Contractor of the subcontractor's invoice.

C. Prevailing Wage. To the extent required by law, and *Exhibit D* ("Prevailing Wage Schedule") attached hereto, Contractor shall comply with, and agrees to be bound by, all requirements, conditions and City determinations regarding the Payment of Prevailing Wages Ordinance, D.R.M.C. §§ 20-76 through 20-79, including, but not limited to, the requirement that every covered worker working on a City owned or leased building or on City-owned land shall be paid no less than the prevailing wages and fringe benefits in effect on the Effective Date of this Agreement.

i. Prevailing wage and fringe rates will adjust on, and only on, the anniversary of the Effective Date of this Agreement. Unless expressly provided for in this Agreement, Contractor will receive no additional compensation for increases in prevailing wages or fringe benefits.

ii. Contractor shall provide the Auditor with a list of all subcontractors providing any services under the Agreement.

iii. Contractor shall provide the Auditor with electronically-certified payroll records for all covered workers employed under this Agreement.

iv. Contractor shall prominently post at the work site the current prevailing wage and fringe benefit rates. The posting must inform workers that any complaints regarding the payment of prevailing wages or fringe benefits may be submitted to the Denver Auditor by calling 720-913-5000 or emailing auditor@denvergov.org.

v. If Contractor fails to pay workers as required by the Prevailing Wage Ordinance, Contractor will not be paid until documentation of payment satisfactory to the Auditor has been provided. The City may, by written notice, suspend or terminate work if Contractor fails to pay required wages and fringe benefits.

D. City Minimum Wage. To the extent required by law, Contractor shall comply with and agrees to be bound by all requirements, conditions, and the City determinations regarding the City's Minimum Wage Ordinance, D.R.M.C. §§ 20-82 through 20-84, including, but not limited to, the requirement that every covered worker shall be paid no less than the City Minimum Wage in accordance with the City's Minimum Wage Ordinance. By executing this Agreement, Contractor expressly acknowledges that Contractor is aware of the requirements of the City's Minimum Wage Ordinance and that any failure by Contractor, or any other individual or entity acting subject to this Agreement, to strictly comply with the foregoing D.R.M.C. Sections shall result in the penalties and other remedies authorized therein.

E. City Prompt Pay.

i. The City will make monthly progress payments to Contractor for all services performed under this Agreement based upon Contractor's monthly invoices or shall make payments as otherwise provided in this Agreement. The City's Prompt Payment Ordinance, D.R.M.C. §§ 20-107 to 20-118 applies to invoicing and payment under this Agreement.

ii. Final Payment to Contractor shall not be made until after the Project is accepted, and all certificates of completion, record drawings, reproducible copies, and other deliverables are delivered to the City, and the Agreement is otherwise fully performed by Contractor. The City may, at the discretion of the CEO, withhold reasonable amounts from billing and the entirety of the final payment until all such requirements are performed to the satisfaction of the CEO.

7. INSURANCE REQUIREMENTS:

A. Contractor shall obtain and keep in force all of the minimum insurance coverage forms and amounts set forth in *Exhibit C* ("**Insurance Requirements**") during the entire Term of this Agreement, including any extensions of the Agreement or other extended period stipulations stated in *Exhibit C*. All certificates of insurance must be received and accepted by the City before any airport access or work commences.

B. Contractor shall ensure and document that all subcontractors performing services or providing goods hereunder procure and maintain insurance coverage that is appropriate to the primary business risks for their respective scopes of performance. At minimum, such insurance

must conform to all applicable requirements of DEN Rules and Regulations Part 230 and all other applicable laws and regulations.

C. The City in no way warrants or represents the minimum limits contained herein are sufficient to protect Contractor from liabilities arising out of the performance of the terms and conditions of this Agreement by Contractor, its agents, representatives, employees, or subcontractors. Contractor shall assess its own risks and maintain higher limits and/or broader coverage as it deems appropriate and/or prudent. Contractor is not relieved of any liability or other obligations assumed or undertaken pursuant to this Agreement by reason of its failure to obtain or maintain insurance in sufficient amounts, duration, or types.

D. In no event shall the City be liable for any of the following: (i) business interruption or other consequential damages sustained by Contractor; (ii) damage, theft, or destruction of Contractor's inventory, or property of any kind; or (iii) damage, theft, or destruction of an automobile, whether or not insured.

E. The Parties understand and agree that the City, its elected and appointed officials, employees, agents and volunteers are relying on, and do not waive or intend to waive by any provisions of this Agreement, the monetary limitations and any other rights, immunities and protections provided by the Colorado Governmental Immunity Act, C.R.S. §§ 24-10-101 to 120, or otherwise available to the City, its elected and appointed officials, employees, agents and volunteers.

8. DEFENSE AND INDEMNIFICATION:

A. Contractor hereby agrees to defend, indemnify, reimburse and hold harmless the City, its appointed and elected officials, agents and employees for, from and against all liabilities, claims, judgments, suits or demands for damages to persons or property arising out of, resulting from, or relating to the work performed under this Agreement (“**Claims**”), unless such Claims have been specifically determined by the trier of fact to be the sole negligence or willful misconduct of the City. This indemnity shall be interpreted in the broadest possible manner to indemnify the City for any acts or omissions of Contractor or its subcontractors either passive or active, irrespective of fault, including the City’s concurrent negligence whether active or passive, except for the sole negligence or willful misconduct of the City.

B. Contractor’s duty to defend and indemnify the City shall arise at the time written notice of the Claim is first provided to the City regardless of whether Claimant has filed suit on the Claim. Contractor’s duty to defend and indemnify the City shall arise even if the City is the only party sued by claimant and/or claimant alleges that the City’s negligence or willful misconduct was the sole cause of claimant’s damages.

C. Contractor will defend any and all Claims which may be brought or threatened against the City and will pay on behalf of the City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation, including but not limited to time expended by the City Attorney Staff, whose costs shall be computed at the rate of two hundred dollars and no cents (\$200.00) per hour of City Attorney time. Such payments on behalf of the

City shall be in addition to any other legal remedies available to the City and shall not be considered the City's exclusive remedy.

D. Insurance coverage requirements specified in this Agreement shall in no way lessen or limit the liability of Contractor under the terms of this indemnification obligation. Contractor shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.

E. This defense and indemnification obligation shall survive the expiration or termination of this Agreement.

9. DISPUTES:

All disputes arising under or related to this Agreement shall be resolved by administrative hearing under the procedures described in D.R.M.C. § 5-17 and all related rules and procedures. The determination resulting from said administrative hearing shall be final, subject only to the right to appeal the determination under Colorado Rule of Civil Procedure, Rule 106.

Parties agree that the status of Contractor shall be an independent contractor retained on a contractual basis to perform professional or technical services for limited periods of time as described in § 9.1.1(E)(x) of the Charter of the City and County of Denver (the "**City Charter**"). It is not intended, nor shall it be construed, that Contractor or its personnel are employees or officers of the City under D.R.M.C. Chapter 18 for any purpose whatsoever.

B. Assignment. Contractor shall not assign, pledge or transfer its duties, obligations, and rights under this Agreement, in whole or in part, without first obtaining the written consent of the CEO. ii. Pursuant to Section 8, Contractor shall indemnify and defend the City from any and all claims, damages, suits, costs, expenses, liabilities, actions or proceedings resulting from, or arising out of, directly or indirectly, the performance of work under this Agreement which infringes upon any patent, trademark or copyright protected by law.

The City's assent, expressed or implied, to any breach of any one or more covenants, provisions or conditions of this Agreement shall not be deemed or taken to be a waiver of any other breach.

11. RECORD RETENTION AND OTHER STANDARD CITY PROVISIONS:

A. Diversity and Inclusiveness. The City encourages the use of qualified small businesses doing business within the metropolitan area that are owned and controlled by economically or socially disadvantaged individuals. Contractor is encouraged, with respect to the goods or services to be provided under this Agreement, to use a process that includes small businesses when considering and selecting any subcontractors or suppliers.

B. No Discrimination in Employment. In the event Contractor objects to disclosure, the City, in its sole and absolute discretion, may file an application to the Denver District Court for a determination of whether disclosure is required or exempted. In the event a lawsuit to compel disclosure is filed, the City may tender all such material to the court for judicial determination of the issue of disclosure. In both situations, Contractor agrees it will either waive any claim of privilege or confidentiality or intervene in such legal process to protect materials Contractor does not wish disclosed. Contractor agrees to defend, indemnify, and hold harmless the City, its officers, agents, and employees from any claim, damages, expense, loss, or costs arising out of Contractor’s objection to disclosure, including prompt reimbursement to the City of all reasonable attorney’s fees, costs, and damages the City may incur directly or may be ordered to pay by such court, including but not limited to time expended by the City Attorney Staff, whose costs shall be computed at the rate of two hundred dollars and no cents (\$200.00) per hour of City Attorney time.

Contractor shall cooperate with City representatives and City representatives shall be granted access to the foregoing documents and information during reasonable business hours and until the latter of three (3) years after the final payment under the Agreement or expiration of the applicable statute of limitations. When conducting an audit of this Agreement, the City Auditor shall be subject to government auditing standards issued by the United States Government Accountability Office by the Comptroller General of the United States, including with respect to disclosure of information acquired during the course of an audit. No examination of records and audits pursuant to this paragraph shall require Contractor to make disclosures in violation of state or federal privacy laws. Additionally, Contractor agrees until the expiration of three (3) years after the final payment under the Agreement, any duly authorized representative of the City, including the CEO, shall have the right to examine any pertinent books, documents, papers and records of Contractor related to Contractor's performance of this Agreement, including communications or correspondence related to Contractor's performance, without regard to whether the work was paid for in whole or in part with federal funds or was otherwise related to a federal grant program.

iii. In the event the City receives federal funds to be used toward the services performed under this Agreement, the Federal Aviation Administration ("FAA"), the Comptroller General of the United States and any other duly authorized representatives shall have access to any books, documents, papers and records of Contractor which are directly pertinent to a specific grant program for the purpose of making audit, examination, excerpts and transcriptions. Contractor further agrees that such records will contain information concerning the hours and specific services performed along with the applicable federal project number.

A conflict of interest occurs when, for example, because of the relationship between two individuals, organizations or one organization (including its subsidiaries or related organizations) performing or proposing for multiple scopes of work for the City, there is or could be in the future a lack of impartiality, impaired objectivity, an unfair advantage over one or more firms competing for the work, or a financial or other interest in other scopes of work.

ii. The City, in its sole discretion, shall determine the existence of a conflict of interest and may terminate this Agreement if such a conflict exists, after it has given Contractor written notice which describes such conflict. If, during the course of the Agreement, the City determines that a potential conflict of interest exists or may exist, Contractor shall have thirty (30) days after the notice is received in which to eliminate or cure the conflict of interest in a manner which is acceptable to the City.

iii. Contractor has a continuing duty to disclose, in writing, any actual or potential conflicts of interest including work the Contractor is performing or anticipates

performing for other entities on the same or interrelated projects or tasks. Contractor must disclose, in writing, any corporate transactions involving other companies that Contractor knows or should know also are performing or anticipate performing work at DEN on the same or interrelated projects or tasks. If Contractor, its officers, authorized officials, employees, agents, subcontractors or those under its control, fail or refuse to comply with said measures and such non-compliance results in a monetary penalty being assessed against the City, then, in addition to any other remedies available to the City, Contractor shall fully reimburse the City any fines or penalties levied against the City, and any attorney fees or related costs paid by the City as a result of any such violation. Contractor must pay this amount within fifteen (15) days from the date of the invoice or written notice. Any fines and fees assessed by the FAA or TSA against the City due to the actions of Contractor and/or its agents will be deducted directly from the invoice for that billing period.

B. MWBE Utilization Strategies

As a MWBE business we understand what it means to have an opportunity of being brought into impactful projects. For a MWBE business the opportunity can lead to business growth, wider exposure, a pool of resources to learn from and the ability to work alongside and network with other professionals in their industries. Ultimately, bringing in a MWBE business can improve diversity and inclusion on projects which in turn allows for more innovation.

In an effort to continuously partner up with MWBE businesses ALL STAR STAFFING LLC meticulously plans and purposefully recruits its subcontractors and vendors. At the initial phase of our recruitment for partnerships we identify all local and MWBE businesses by searching local and state lists of MWBE approved businesses. These sources include searching the City of Denver's Small Business Certification and Contract Management System and Directory.

If there is not a pre-approved list our team works effortlessly sourcing local vendors who represent the MWBE communities and once identified, we meet with the vendor to vet and determine if their beliefs align with ours. ALL STAR STAFFING LLC's MWBE utilization strategy is founded on the principle that opening up the opportunity for minority businesses to flourish will help bring together communities and in turn helps develop equity for everyone.

Technical Assistance & Support Services

C.

All Star Staffing will fulfill its MWBE commitment of 100% MWBE through self-performance. If either All Star Staffing is unable to provide the services outlined in their contract to fulfill this requirement, we will seek additional local MWBE subcontractors. ALL STAR STAFFING LLC is committed to helping those we partner with by providing the resources we know are essential to a business. With a team of diverse designers, project managers, technical leaders, marketing, and administration support we reassure our partners that all the resources we have are always available to them. We believe in passing knowledge on and working together side by side with our partners to be able to better serve our clients and their communities. To achieve success, we ensure our team are constantly checking in with our partners regarding quality control, deadlines, and target budgets. Our administration teams make sure all insurance policies are up to date and fully cover all parties involved and partners are paid in a timely manner as defined by DSBO's Ordinance. The success of our partners is our success.

D. Procurement Process

In order to maintain and develop equity during our procurement process ALL STAR STAFFING LLC has defined and developed policies and procedures that are continuously practiced internally and during the outsourcing process with vendors. Our equal opportunity statement defined in our Employee Guide and website clearly states that ALL STAR STAFFING LLC is an Equal Opportunity Employer. Employment opportunities at ALL STAR STAFFING LLC are based upon one's qualifications and capabilities to perform the essential functions of a particular job. All employment opportunities are provided without regard to race, religion, sex, pregnancy, childbirth or related medical conditions, national origin, age, veteran status, disability, genetic information, or any other characteristic protected by law. This Equal Employment Opportunity policy governs all aspects of employment, including, but not limited to, recruitment, hiring, selection, job assignment, promotions, transfers, compensation, discipline, termination, layoff, access to benefits and training, and all other conditions and privileges of employment. ALL STAR STAFFING LLC strongly urges the reporting of all instances of discrimination and harassment, and prohibits retaliation against any individual who reports discrimination, harassment, or participates in an investigation of such report. ALL STAR STAFFING LLC will take appropriate disciplinary action, up to and including immediate termination, against any employee who violates this policy. ALL STAR STAFFING LLC will provide the selected MWBE subcontractors a copy of our current Equal Opportunity Employer statement for review and confirm that the subcontractor will adhere to the same standards during the duration of the contract.

It is our responsibility to ensure all our partnerships whether they be with candidates, employed team members, subcontractors or vendors are diverse and equally offered. By cultivating a diverse community in the workplace and strengthening our inclusivity awareness we create a safe space for all to feel welcomed and accepted. When our employees feel seen and heard they allow for other cultures, people and communities to be seen, accepted and heard. ALL STAR STAFFING LLC believes that through supporting our team we see our team supporting others. We see this during our procurement process across the board. The first step of our procurement process is determining what the goal is.

Step two transitions into either the selection process of either a hiring need or vendor/subcontractor partnership. Understanding the impact, a new partner will bring to the team is extremely important during the decision-making process. That is why ALL-STAR STAFFING LLC conducts a breakdown of all candidates or businesses to identify companies

whose principles align with ours, what their production capabilities are, if they cultivate a diverse and inclusive team and if they practice in a more and ethical way. This process will be led by Dannielle Gallegos, Project Manager. Darlene Rodgers will qualify all potential partners and Monica Lopez, Controller, will verify that both ALL STAR STAFFING LLC and the selected MWBE contractor adheres to all DSBO requirements. This includes review and confirmation of the prompt payment requirement as defined by DSBO's Ordinance. After determining all of the above we move on with selecting the best suitable partnership.

E. Communication and Vendor Management

All Star Staffing LLC will manage all billing and accounting communications between DSBO and any MWBE partners. This process will be led by Dannielle Gallegos, Darlene Rodgers, Melissa Hessen, Jessica Smith, who's responsibilities include assuring all contract requirements are being fulfilled. All Star Staffing LLC will provide necessary on-boarding and training to inform the subcontractors of all scheduling, safety requirements, terms and conditions, performance expectations, document control, and dispute resolution practices within the subcontract. We will provide DSBO with confirmation of this on-boarding and any documentation related to the training upon request.

In the best interest of our partnerships, at the inception of the project, All Star Staffing LLC outlines the benchmarks, goals and timeline that needs to be met with our team, vendors, and subcontractors in order to deliver for our clients. The initial discussion of these metrics takes place with our team during the kick-off meeting, then once selected, we transition the discussions of our objectives to the team. Outlining project goals and benchmarks allows for better monitoring, control, and objectives to be met within the project timeframe. Every team member is encouraged and trained on how to properly track metrics to ensure client goals are met through consistent check ins with vendors and subcontractors via email, calls and site visits. Every week our internal team of designers meet to determine the status of the project, budget outline and vendor check in.

As the project progresses our team re-evaluates the project status to determine if changes need to be submitted that may alter schedule or budget. Efficiency, performance, quality control and communication are constantly audited in an effort to maintain our deliverable standards. Clear communication throughout the duration of the project with our vendors is key to ensuring project requirements are met and that any issue is appropriately overseen. Our internal technical team has set up a sophisticated online system that maintains online security measures, allowing documents and plans to be confidential and protected. All communication with clients, teams, vendors and subcontractors is kept confidential.

F. Past Performance

All Star Staffing LLC is dedicated to fostering an inclusive culture where our employees can grow and thrive. Our goal is that everyone feels valued, respected, seen and heard. By encouraging and welcoming each individual's interest, experiences, cultural backgrounds and traditions we provide a space for them to express themselves and simultaneously educate their peers. We believe that even the smallest things matter. At All Star Staffing LLC we've welcomed international holidays to be

celebrated, global vacations to be shared, fundraisers for causes to be supported and more that have added to the value of our diverse and inclusive mission.

All Star Staffing LLC believe in providing and nurturing each employee's strengths through leadership guidance, further education and hands-on experience. All Star Staffing LLC works closely with the Tribe Recovery, Family Tree, Urban Peak, Hispanic Contractors of Colorado, Hispanic Chamber of Commerce, La Raza to bring in interns who are mentored by senior staff. We believe in giving interns the opportunity to work on a variety of projects, attend client meetings, speak to vendors and continuously be included in discussions. We have developed key relationships with interns who ultimately rejoin All Star Staffing LLC after graduation. Our goal is to see their careers flourish and we make sure to help them do that by creating benchmarks throughout the year for the employee to meet. The key to maintaining a successful relationship with our employees is through open, honest and transparent communication. The more you allow an employee to be heard the more you'll instill the principle of allowing others to be heard. All Star Staffing LLC is not only working to develop leaders within our field but compassionate, inclusive leaders.

As a WBE business we are dedicated to working alongside other WBE, MWBE, small and local community businesses. To create a diverse, equitable and inclusive environment we strive to bring in different partnerships that share our philosophy. During the discovery phase of our partnerships, we interview each one to do a deeper dive into their mission statements, principles, practices, if they cultivate a diverse community and how involved are they in their own communities. An example of a successful, long-term relationship we have developed is with All Tech Janitorial, a local MWBE in Westminster, CO. Since 2015-2017 we have been working with them on several projects and notably Westin Hotel at DIA in 2015 where All Tech Janitorial was our mentor and All Stare was mentee and continue to partner with them whenever we conduct work in Denver. In 2022 All Star Staffing help worked with Guerra Executives, Ltd who worked as our project manager at Outlying window washing project and successfully helped her get certified MWBE. Being able to partner with our past and a local, MWBE is an invaluable experience for both our firm and the MWBE business. The ability you get to be able to work alongside a local business offers you an insight and a fresh perspective to better serve those in the community.

G. Proposer's Culture

ALL STAR STAFFING LLC's global mission is to create and connect communities around the world through art, design, and innovation by representing and telling the stories of their communities and cultures. In order to better serve these communities externally, we must internally create a diverse, equitable, and inclusive environment. ALL STAR STAFFING LLC actively supports MWBE firms and contractors by regularly engaging them in our project efforts. This includes early outreach to MWBE firms when pursuing projects and actively recruiting teams that meet or exceed contract requirements. ALL STAR STAFFING LLC takes active measures to assure all MWBE partners adhere to these same cultural standards. This includes having all partners review our current Diversity, Equity, and Inclusion document and confirm that they will adhere to the same standards during the contract.

ALL STAR STAFFING LLC is committed to cultivating an inclusive and diverse environment, where each employee is heard and respected. Together and through our "Diversity, Equity, and Inclusion" approach, we ensure that we are building a cross-cultural and

cross-functional collaborative team that enables ALL STAR STAFFING LLC to recruit and retain a diverse staff and pursue client and vendor partnerships with the same goal. In our efforts to support individuals from all backgrounds, we encourage different perspectives, thoughts, and cultures to be shared and experienced. It is through diversity and inclusion that our team of innovators will continue to work alongside one another creating design solutions that represent global communities. As a way to create an inclusive environment, we practice equitable pay, inclusive benefits, and monthly discussions groups that provide a space for our employees to share ideas on ways to bring our team together. The more we bring people together from different backgrounds the better we become as a company. This principle is also applied when creating partnerships with our vendors and subcontractors. Aligning our values with those of our vendors maintains a consistent mission which is to represent the communities we serve.

H. Future Initiatives

Within the next five years, we plan to expand our mentorship program to include pre-college students of underrepresented communities, recruit more professionals from minority groups, work on promoting our diverse staff into leadership roles and bring in more diversity and inclusive training. This includes active participation in the DSBO Equity & Empowerment Council (DEEC), providing an essential link between the City of Denver and the small business community. We will also register with the City of Denver Hispanic Chamber of Commerce and other chambers of commerce to assure all partnering opportunities are actively available to minority local businesses. ALL STAR STAFFING LLC is inspired through our work to continue providing a strong foundation where our team, partners, co-collaborators, and community feel heard, seen, respected, represented, and a part of our storytelling mission.
