Blueprint Denver 2019

- **Urban (U-)
Neighborhood Context**
 - Small multi-unit residential and mixed-use areas are typically embedded in 1-unit and 2-unit residential areas.
 - Block patterns are generally regular with alley access.

Blueprint Denver 2019

- **Low Residential**
 - Predominantly single- and two-unit uses
 - Accessory dwelling units are appropriate
- **Future Street Type**
 - South Vine Street: Local – characterized by residential use

Blueprint Denver 2019

Land Use & Built Form, Housing Policy 4: Diversify housing choice through the expansion of accessory dwelling units throughout all residential areas.

Strategy E: A citywide approach to enable ADUs is preferred. Until a holistic approach is in place, individual rezoning to enable ADUs in all residential areas, especially where proximate to transit, are appropriate. Unless there is a neighborhood plan supporting ADUs, rezonings should be small in area in order to minimize impact to the surrounding residential area.
