CONSTRUCTION OF DRAINAGE AND FLOOD CONTROL IMPROVEMENTS FOR  
MARSTON LAKES NORTH AT BOWLES DITCH  
CITY AND COUNTY OF DENVER

Agreement No. 21-05.14  
Project No. 107056

THIS AGREEMENT, by and between URBAN DRAINAGE AND FLOOD CONTROL DISTRICT D/B/A MILE HIGH FLOOD DISTRICT (hereinafter called "DISTRICT") and CITY AND COUNTY OF DENVER, a municipal corporation duly organized and existing under and by virtue of the Constitution of the State of Colorado (hereinafter called "CITY") and collectively known as "PARTIES";

WITNESSETH:

WHEREAS, DISTRICT, in a policy statement previously adopted (Resolution No. 14, Series of 1970 and Resolution No. 11, Series of 1973) expressed an intent to assist public bodies which have heretofore enacted floodplain regulation measures; and

WHEREAS, PARTIES participated in a joint planning study titled "Marston Lake North Drainageway Major Drainageway Plan Conceptual Design Report" by Olsson Associates, dated May 2012 (hereinafter called "PLAN"); and

WHEREAS, PARTIES now desire to proceed with the construction of drainage and flood control improvements for Marston Lake North at Bowles Ditch (hereinafter called "PROJECT"); and

WHEREAS, DISTRICT has adopted at a public hearing a Five-Year Capital Improvement Program (Resolution No. 67, Series of 2020) for drainage and flood control facilities in which PROJECT was included in the 2021 calendar year; and

WHEREAS, DISTRICT has heretofore adopted a Special Revenue Fund Budget for calendar year 2021 subsequent to public hearing (Resolution No. 64, Series of 2020) which includes funds for PROJECT; and

WHEREAS, DISTRICT's Board of Directors has authorized DISTRICT financial participation for PROJECT (Resolution No. 20, Series of 2021); and

WHEREAS, the City Council of CITY and the Board of Directors of DISTRICT have authorized, by appropriation or resolution, all of PROJECT costs of the respective PARTIES.

NOW, THEREFORE, in consideration of the mutual promises contained herein, PARTIES hereto agree as follows:

1. SCOPE OF THIS AGREEMENT

This Agreement defines the responsibilities and financial commitments of PARTIES with respect to PROJECT.

2. SCOPE OF PROJECT

PROJECT shall include construction by CITY of the drainage and flood control improvements as set forth in the final design and vegetation establishment.

3. PUBLIC NECESSITY

PARTIES agree that the work performed pursuant to this Agreement is necessary for the health, safety, comfort, convenience, and welfare of all the people of the State, and is of particular benefit to the inhabitants of PARTIES and to their property therein.

4. PROJECT COSTS AND ALLOCATION OF COSTS

- A. DISTRICT acknowledges that (i) CITY does not by this Agreement irrevocably pledge present cash reserves for payments in future fiscal years, and (ii) this Agreement is not intended to create a multiple-fiscal year direct or indirect debt or financial obligation of CITY. It is understood and agreed that any payment obligation of CITY hereunder, whether direct or contingent, shall extend only to funds duly and lawfully appropriated and encumbered by the Denver City Council for the purpose of this Agreement, and paid into the Treasury of CITY.
- B. PARTIES agree that for the purposes of this Agreement PROJECT costs shall consist of and be limited to construction of improvements.
- C. It is understood that PROJECT costs as defined above are not to exceed \$2,500,000 without amendment to this Agreement.
- D. Based on total PROJECT costs, the maximum percent and dollar contribution by each party shall be:

	<u>Percentage Share</u>	<u>Maximum Contribution</u>
DISTRICT	50.00%	\$1,250,000
CITY	50.00%	\$1,250,000
TOTAL	100.00%	\$2,500,000

5. MANAGEMENT OF FINANCES

As set forth in DISTRICT policy (Resolution No. 11, Series of 1973, Resolution No. 49, Series of 1977, and Resolution No. 37, Series of 2009), the funding of a local body's one-half share may come from its own revenue sources or from funds received from state, federal or other sources of funding without limitation and without prior DISTRICT approval.

Within 30 days of request for payment by CITY, DISTRICT shall remit to CITY 50% of these costs attributed to PROJECT, up to DISTRICT's full share of \$1,250,000. CITY shall provide a periodic accounting of PROJECT funds as well as a periodic notification to DISTRICT of any unpaid obligations.

6. OWNERSHIP OF PROPERTY AND LIMITATION OF USE

PARTIES acknowledge that CITY owns the property on which PROJECT is constructed either in fee or non-revocable easement and shall be responsible for same. It is specifically understood that the right-of-way is being used for drainage and flood control purposes. The properties upon which PROJECT is constructed shall not be used for any purpose that shall diminish or preclude its use for drainage and flood control purposes. CITY may not dispose of or change the use of the

properties to diminish or preclude its use for drainage and flood control purposes without approval of DISTRICT, which shall not be unreasonably withheld.

If, in the future, CITY disposes of any portion of or all of the properties acquired upon which PROJECT is constructed pursuant to this Agreement; changes the use to diminish or preclude its use for drainage and flood control purposes of any portion or all of the properties upon which PROJECT is constructed pursuant to this Agreement; or modifies any of the improvements located on any portion of the properties upon which PROJECT is constructed to diminish or preclude its use for drainage and flood control purposes pursuant to this Agreement; and CITY has not obtained the written approval of DISTRICT prior to such action, CITY shall take any and all action necessary within their legal authority to reverse said unauthorized activity and return the properties and improvements thereon, acquired and constructed pursuant to this Agreement, to the ownership and condition they were in immediately prior to the unauthorized activity at no expense to DISTRICT. However, CITY shall not be responsible for the actions of third parties that would violate the provisions of this Paragraph who may have legal rights in the property as long as CITY has taken reasonable action to stop those actions. In the event CITY breaches the terms and provisions of this Paragraph 7 and does not voluntarily cure as set forth above, DISTRICT shall have the right to pursue a claim against CITY for specific performance of this portion of the Agreement.

7. MANAGEMENT OF CONSTRUCTION

- A. Costs. Construction costs shall consist of those costs as incurred by the most qualified contractor(s) including detour costs, licenses and permits, utility relocations, and construction related engineering services as defined in Paragraph 4 of this Agreement.
- B. Construction Management and Payment
  - 1. CITY, with the concurrence of DISTRICT, shall administer and coordinate the construction-related work as provided herein.
  - 2. CITY, with concurrence of DISTRICT, shall select and award construction contract(s).
  - 3. CITY shall require the contractor to provide adequate liability insurance that includes DISTRICT. The contractor shall be required to indemnify DISTRICT. Copies of the insurance coverage shall be provided to DISTRICT upon request.
  - 4. CITY, with assistance of DISTRICT, shall coordinate field surveying; staking; inspection; testing; acquisition of right-of-way; and engineering as required to construct PROJECT. CITY, with assistance of DISTRICT, shall assure that construction is performed in accordance with the construction contract documents including approved plans and specifications and shall accurately record the quantities and costs relative thereto. CITY shall retain an engineer to perform all or a part of these duties.

5. DISTRICT, with concurrence of CITY, shall contract with and provide the services of the design engineer for basic engineering construction services to include addendum preparation; survey control points; explanatory sketches; revisions of contract plans; shop drawing review; as-built plans; and final inspection.
  6. PARTIES shall have access to the site during construction at all times to observe the progress of work and conformance to construction contract documents including plans and specifications.
  7. CITY shall review and approve contractor billings. CITY shall remit payment to contractor based on billings.
  8. CITY, with concurrence of DISTRICT, shall prepare and issue all written change or work orders to the contract documents.
  9. PARTIES shall jointly conduct a final inspection and accept or reject the completed PROJECT in accordance with the contract documents.
  10. CITY shall provide DISTRICT a set of reproducible "as-built" plans.
- C. Construction Change Orders. In the event that it becomes necessary and advisable to change the scope or detail of the work to be performed under the contract(s), such changes shall be rejected or approved in writing by the contracting officers. No change orders shall be approved that increase the costs beyond the funds available in PROJECT fund, including interest earned on those funds, unless and until the additional funds needed to pay for the added costs are committed by all PARTIES.
8. MAINTENANCE (Not Applicable)
- PARTIES agree that CITY shall own and be responsible for maintenance of the completed and accepted PROJECT. PARTIES further agree that DISTRICT, at CITY's request, shall assist CITY with the maintenance of all facilities constructed or modified by virtue of this Agreement to the extent possible depending on availability of DISTRICT funds. Such maintenance assistance shall be limited to drainage and flood control features of PROJECT. Maintenance assistance may include activities such as keeping flow areas free and clear of debris and silt, keeping culverts free of debris and sediment, repairing drainage and flood control structures such as drop structures and energy dissipaters, and clean-up measures after periods of heavy runoff. The specific nature of the maintenance assistance shall be set forth in a memorandum of understanding from DISTRICT to CITY, upon acceptance of DISTRICT's annual Maintenance Work Program. DISTRICT shall have right-of-access to right-of-way and storm drainage improvements at all times for observation of flood control facility conditions and for maintenance when funds are available.
9. FLOODPLAIN REGULATION
- CITY agrees to regulate and control the floodplain of Bear Creek within CITY in the manner prescribed by the National Flood Insurance Program and prescribed regulations thereto as a minimum.

PARTIES understand and agree, however, that CITY cannot obligate itself by contract to exercise its police powers. If CITY fails to regulate the floodplain of Bear Creek within CITY in the manner prescribed by the National Flood Insurance Program and prescribed regulations thereto as a minimum, DISTRICT may exercise its power to do so and CITY shall cooperate fully.

10. TERM OF AGREEMENT

The term of this Agreement shall commence upon execution and shall terminate three (3) years after the final payment is made to the construction contractor and the final accounting of funds on deposit at DISTRICT is provided to all PARTIES pursuant to Paragraph 5 herein, except for Paragraph 9. FLOODPLAIN REGULATION, Paragraph 6. OWNERSHIP OF PROPERTY AND LIMITATION OF USE, and Paragraph 8. MAINTENANCE, which shall run in perpetuity.

11. LIABILITY

Each party hereto shall be responsible for any suits, demands, costs or actions at law resulting from its own acts or omissions and may insure against such possibilities as appropriate.

12. CONTRACTING OFFICERS

Each representative shall coordinate all PROJECT-related issues between PARTIES, shall attend all progress meetings, and shall be responsible for providing all available PROJECT-related file information to the engineer upon request by DISTRICT or CITY. Said representatives shall have the authority for all approvals, authorizations, notices or concurrences required under this Agreement. However, in regard to any amendments or addenda to this Agreement, said representative shall be responsible to promptly obtain the approval of the proper authority.

13. RESPONSIBILITIES OF PARTIES

Technical information shall be presented to the public by the selected engineer. In any event DISTRICT shall have no responsibility for a public relations program, but shall assist CITY as needed and appropriate.

22. NO DISCRIMINATION IN EMPLOYMENT

In connection with the performance of work under this Agreement, PARTIES agree not to refuse to hire, discharge, promote or demote, or to discriminate in matters of compensation against any person otherwise qualified because of race, color, ancestry, creed, religion, national origin, gender, age, military status, sexual orientation, gender identity, marital status, or physical or mental disability and further agree to insert the foregoing provision in all subcontracts hereunder.
