**5. General description or background of proposed request. Attach executive summary if more space needed:**

This set of On-call project management services contracts are to provide support and/or staff augmentation for project(s) as identified by the Department of Transportation and Infrastructure (DOTI). It is in the best interests of DOTI and the City at large to extend these contracts beyond the standard three (3) years. These six on-call agreements were procured together and awarded at the same time. By extending the SBE Project Management On-Call Agreements an additional two years and adding \$2,000,000.00 in capacity, DOTI can fill the need for these firms to continue to provide support for projects currently underway without disruption.

Meanwhile, DOTI in partnership with DSBO will conduct an analysis to provide a path forward for the next SBE procurement.
