6. General description/background of proposed ordinance including contract scope of work if applicable:

Energy Outreach Colorado (EOCE), (Contractor), shall provide home improvements, energy efficiency services, and energy assistance to mitigate construction dust and noise impacts related to the Central 70 Project construction and to improve specifically identified homes within Elyria-Swansea Neighborhood (ESN) in the City and County of Denver. Additional homes surrounding this area may also be served to the extent that funding is available. EOCE will additionally work with various partner entities to assess each of properties for the following: combustion efficiency and safety, general structural integrity of the home, air leakage, indoor air exhaust capabilities, thermal barrier performance, fire hazards, mold or moisture damage, electrical safety and base-load testing, and indoor air quality and moisture inspection. EOCE will consult with the owner and any renter on the final assessment results and recommended home improvement measures. EOCE intends to work with the following organizations to complete this Scope of work and if selected will contract with them individually:

- Denver Urban Renewal Authority (DURA)
- Mile High Youth Corps (MHYC)
- Energy Resource Center (ERC)
- Groundwork Denver
- Private Contractors in EOCE's Crisis Intervention Programs and Weatherization Programs

EOCE shall coordinate with the Colorado Department of Transportation (CDOT) and the City and County of Denver (the City or Denver) on all communications for this project and shall ensure that all materials prepared by EOCE are provided in English and Spanish. EOCE will engage with identified workforce development program and coordinate with program to provide job training opportunities, where possible. EOCE will report regularly to CDOT and the City on utility usage, assessment and construction updates as well as projected, measurable outcomes for the home improvements.
