City Council,

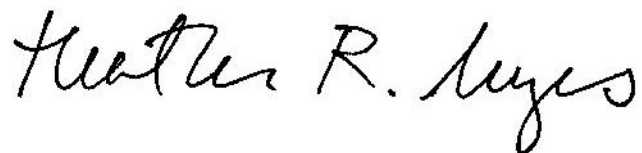

StudioCPG encourages your support of the **Westwood Neighborhood Plan**. The plan is a product of extensive public input and includes potential actions that will ensure that the vision of the Westwood Neighborhood will be implemented.

An important component of the plan is the Morrison Road Transformative Project. We have been working closely with BuCu West and the Westwood Neighborhood to explore design concepts for streetscape improvements along this entire corridor.

The Westwood Neighborhood Plan is a critical step necessary to ensure that future public and private sector projects contribute to the collective vision of the neighborhood.

I urge you to support the adoption of this document that establishes the foundation for future development.

Thank you,

Heather Noyes, Principal
