5. General description or background of proposed request. Attach executive summary if more space needed:

The Elevate Denver Bond companion ordinance (CB22-0291) contains a list of project descriptions by purpose for the projects to be undertaken with proceeds of general obligation bonds. During the implementation of the Elevate Denver Bond program, certain conditions have changed to necessitate a revision to a project description. This amendment is administrative in nature. The intent is to update the project name and does not affect the project scope of work officially authorized by voters.

The bill would revise Purpose 4 for the funding of public safety facilities such that the companion ordinance language is adjusted from "Police District 6 Station Replacement Building" to "Police District 6 Station Expansion and Renovation".
