EXHIBIT D, STATEMENT OF WORK

Project Summary

The Denver Police Department in partnership with the National Law Enforcement Foundation will contract with at Childcare Concierge Provider to help find 24/7 childcare providers for our officers. The Denver Police Department intends to create this program to allow officers to choose the childcare facility that best fits their needs. The Childcare Concierge Provider will ensure each childcare provider is vetted and meets the licensing requirements set forth by the State of Colorado. By choosing this new program path, the Denver Police Department intends to have a larger impact department wide. Creating a Childcare Concierge Program addresses one of the barriers many families face when working in law enforcement, childcare access. This new project plan will also contract with a childcare camp provider to help fill in gaps for school breaks that impact childcare access for many law enforcement families. The Camps will be held during Spring Break, Summer Break, and Winter Break.

Project Description

Police have a critical role in helping economies and communities thrive. The community's quality of life is directly impacted by the quality of police; ability to attract the best workforce to serve by making the profession attractive to recruits, especially women. The lack of accessible childcare is destroying numerous critical workforces, but none more than law enforcement. Police families struggle to find accessible, affordable, safe, quality childcare during their shift work. We need to build a secure, customized childcare concierge program with extended hours to meet the needs of demanding shift work. Our model provides childcare coverage with 24/7 childcare providers to our law enforcement officers and their families, with an emergency call-out option for officers. Law enforcement significantly impacts the community and economic development by preventing crime, creating a sense of safety and security, engaging in community policing, managing crises effectively, and supporting urban renewal initiatives. By working collaboratively with community members and businesses, the police can help to create a positive economic environment that benefits everyone. They are facing the following issues:

1. **Reduced Public Safety:** A shortage of officers results in longer response times, reduced patrols, and decreased police visibility in the community. This can make the community more vulnerable to crime and negatively impact public safety and economic development.
2. **Reduced Trust:** When residents see a shortage of police officers, they may feel like the police are not doing enough to protect them, eroding trust and confidence in law enforcement.
3. **Decreased Community Policing:** Community policing relies on building strong relationships between officers and the community they serve.
4. **Strained Relationships & Increase Stress:** When there is a recruiting and retaining crisis, it can strain the relationships between police officers and their colleagues, as well as with community members. The mental health and well-being of officers are vital to the community. Officers may have to

work longer hours and take on more responsibilities, which can increase stress and burnout. This, in turn, can impact their ability to serve the community effectively.

Childcare	\$500,000	<p>DPD will contract with a childcare concierge provider who will connect available 24/7 childcare providers to officers in need of childcare services.</p> <p>\$250,000/year x 2 years = \$500,000</p> <p>The concierge provider will only connect 24/7 childcare providers with officers. The discounted rate is given by each participating 24/7 childcare provider to the officer and their families directly. The discounted service rate is something the 24/7 childcare providers work out with the Concierge Service provider to participate in this program and be referred to officers. DPD will not be required to pay for the difference in the discounted service rate, officers will be required to pay the agreed upon discounted service rate with the childcare provider they chose.</p>
Childcare Camps	\$200,000	<p>DPD will contract with a childcare camp provider to offer camps during spring break, summer break, and winter break for law enforcement families. The cost for the camps will be free of charge to law enforcement families.</p> <p>\$100,000/year x 2 years = \$200,000</p> <p>Our plan would be that the camps would be during day shifts, to copy that of a regular school day. The goal would be to hold a weeklong camp during spring and winter break and offer two-week camps during summer. Since summer break is longer, we would like to host 2-3, 2-week camps to ensure we reach as many families as we can. Each family will only be able to attend one-two week summer camp. This option is for children who usually attends school and do not require the concierge service. We estimated this to be free, but there could be a small, discounted fee for each law enforcement family. If the grant project is approved, DPD will create an oversight board to make the final decision for these types of grant activities based on department interest.</p>
