Why I want to be a commissioner:

I would like to serve on the Mayor's Commission to help inspire youths to complete their dreams. First, with their education. Second, with inspirational, motivational talks of my experience growing up in Denver, and having mentors that guided me to do what is right at all times, even when having to let down someone that we thought was a friend to us. For example: I graduated from Manual High 1700 East 28th ave. I was in the Reserve Officer Training Corps program (Army) for most of my High school years. I had friends that are now on City Council or working in Law enforcement. Hopefully, I can reaffirm that it does not matter what part of town one lives in he/she can accomplish anything they desire with a positive attitude, especially when their are persons that believe in ones ability.
