EXECUTIVE SUMMARY

For the past year, the RiNo Art District (a 501 (c)6 non-profit neighborhood organization) has been working with developers, property owners, businesses and residents in the neighborhood, as well as with the City of Denver, to promote the development of a GID to support infrastructure enhancements and maintenance in the neighborhood, leveraging the significant investment being made by the City of Denver in RiNo.

The RiNo GID will cover nearly 200 acres, stretching from I-70 to approximately 29th Avenue north to south, and the railroad tracks, which border the neighborhood, west to east. The GID will include two different assessment mechanisms. The district as a whole will be assessed 4 mills on real commercial and residential property, generating approximately \$200,000 in revenue each year, which will be leveraged by other funding to create a substantial budget for investments in infrastructure priorities in the neighborhood – including lighting, green space, riverfront access and pedestrian accessibility – as well as maintenance. An additional assessment for property owners fronting Brighton Boulevard will generate \$3 million to enhance the \$26 million investment being made by the City of Denver to improve the street. That \$3 million will be raised through a one-time front footage charge of ~\$200 per linear foot and will be dedicated to pedestrian and landmark lighting, as well as street trees and plantings, and other enhancements to improve the safety and accessibility of Brighton Boulevard.

The RiNo neighborhood is also pursuing the creation of a Business Improvement District, which is being coordinated by a similar group of property owners. Given the close coordination of these two districts and the partnership the two will hold in the future, both districts are being moved through the city council process concurrently.

There will be a presentation on the RiNo GID and the RiNo BID at the Business Development Committee meeting on May 12th seeking Council Committee approval of the districts' preliminary budget and operations. The public hearings for both the BID and GID are scheduled for June 1st.
