# Review Criteria: Consistency with Adopted Plans

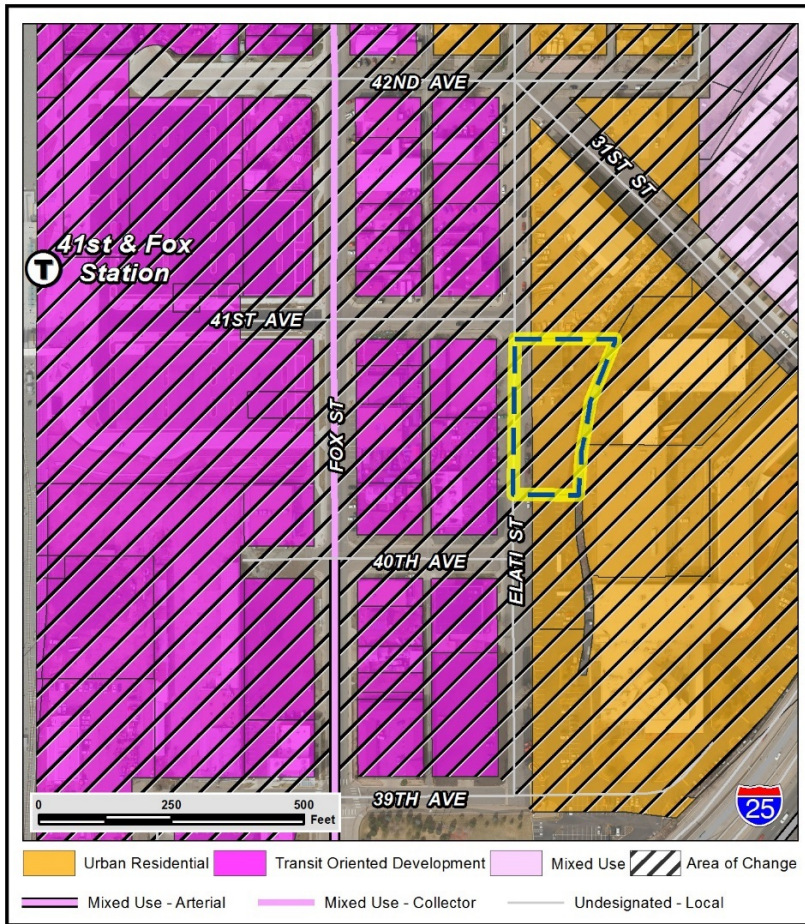

## Comprehensive Plan 2000

- Environmental Sustainability Strategy 2-F – *Conserve land by: promoting infill development* at sites where services and infrastructure are already in place. *Designing mixed-use communities* and reducing sprawl, so that residents can live, work and play within their own neighborhoods. *Creating more density at transit nodes.* (pg 39)
- Land Use Strategy 3-B – *Encourage quality infill development* that is consistent with the character of the surrounding neighborhood; that offers opportunities for increased density and more amenities; and that *broadens the variety of compatible uses.* (pg 60)
- Land Use Strategy 4-A - *Encourage mixed-use, transit-oriented development* that makes effective use of existing transportation infrastructure, supports transit stations, increases transit patronage, reduces impact on the environment, and *encourages vibrant urban centers* and neighborhoods. (pg 60)
- Denver’s Legacies Strategy 3-A – *Identify areas in which increased density and new uses are desirable* and can be accommodated. (pg 99)

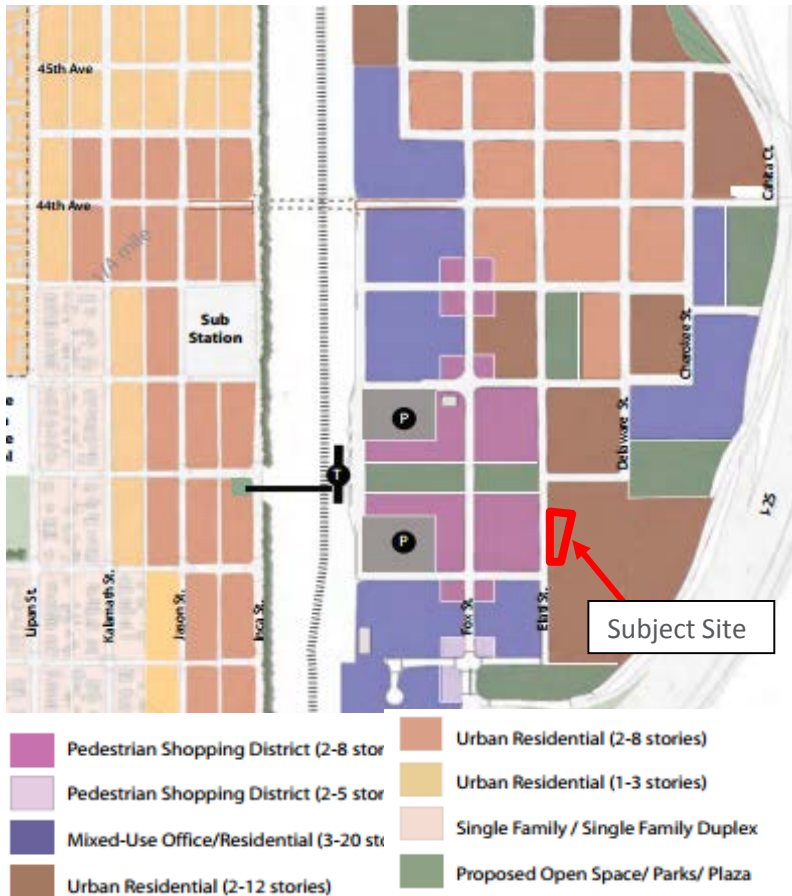

# Review Criteria: Consistency with Adopted Plans

## Blueprint Denver (2002)

- Land Use Concept:
  - Urban Residential
    - Higher density, primarily residential but may include complementary commercial uses
    - Ground-floor active uses, pedestrian-scaled facades and transparency
  - Area of Change
    - Channel growth where it is beneficial

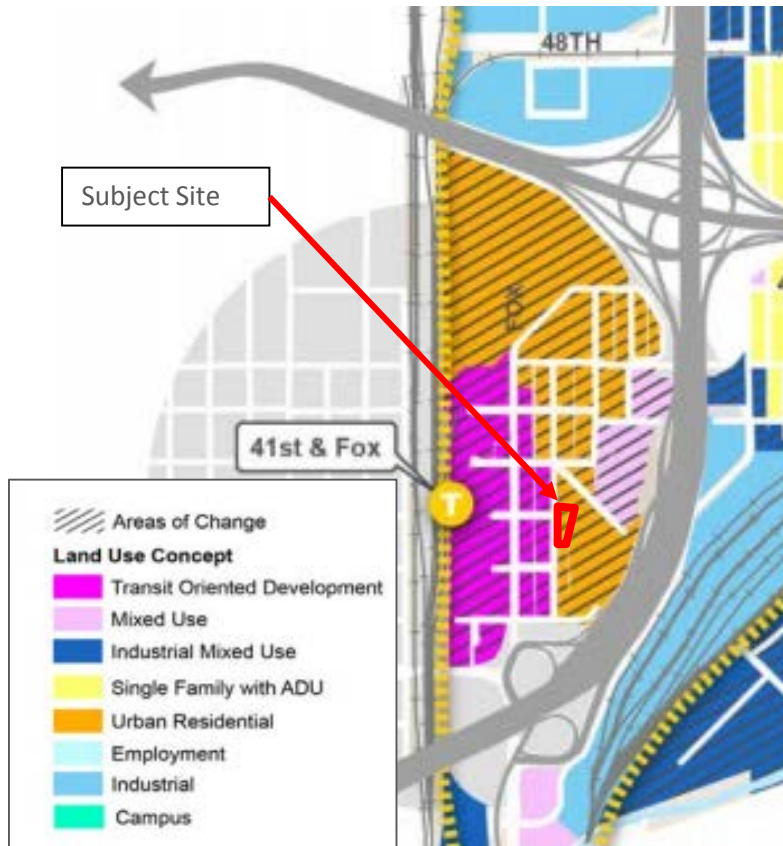

# Review Criteria: Consistency with Adopted Plans

## 41<sup>st</sup> and Fox Station Area Plan (2009)

- Land Use Concept:
  - Urban Residential
- Recommended Building Height
  - 2-12 stories
- Support shopping, commercial and office uses near station

# Review Criteria: Consistency with Adopted Plans

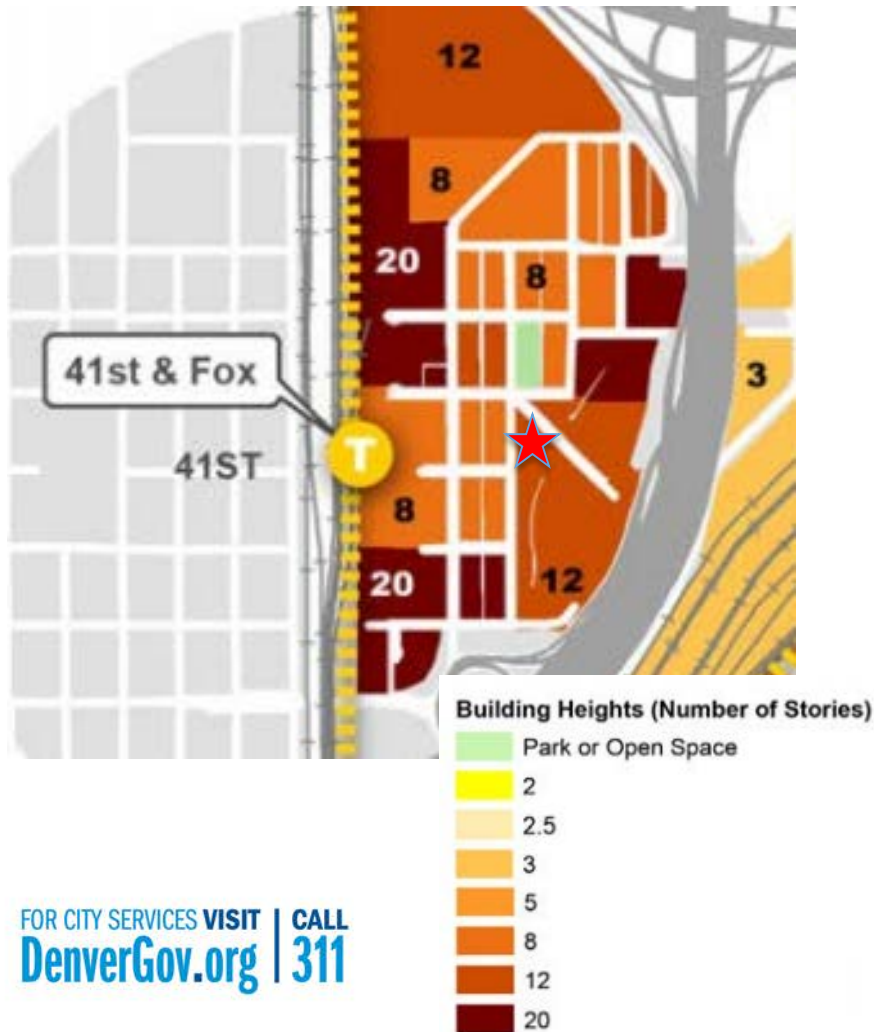

## Globeville Neighborhood Plan (2014)

Reinforces the recommendations from the 41<sup>st</sup> and Fox Station Area Plan

- Land Use Concept:
  - Urban Residential
- Area of Change

# Review Criteria: Consistency with Adopted Plans

## Globeville Neighborhood Plan (2014)

- Maximum recommended building height
  - 12 stories

Rezoning request to C-RX-12 is consistent with Globeville Neighborhood Plan

## Denver Zoning Code Review Criteria

1. Consistency with Adopted Plans
2. Uniformity of District Regulations
  - Request is consistent.
3. Further Public Health, Safety and Welfare
  - Implements adopted plans and policies for walkable development to support transit-oriented redevelopment
4. Justifying Circumstances
  - The land or its surrounding environs has changed or is changing to such a degree that it is in the public interest to encourage a redevelopment of the area or to recognize the changed character of the area
    - 41<sup>st</sup> and Fox commuter rail station to open in 2017
    - Ped and bicycle improvements recommended in 41<sup>st</sup> and Fox Plan have been implemented (bridge to Sunnyside, Inca Street multi-use path connection, etc.)
    - Redevelopment and proposals in area suggest transition from light industrial to denser, transit-oriented context
    - I-A UO-2 zoning does not reflect City's adopted vision reinforced in Globeville Neighborhood Plan

5. Consistency with Neighborhood Context, Zone District Purpose and Intent
  - Urban Center Neighborhood Context:
    - Multi-unit residential and mixed-use commercial; moderate to high building heights
    - Consistent building orientation, shallow setbacks, parking in the rear
    - High levels of multimodal access
  - C-RX zone districts promote safe, active, and pedestrian-scaled, diverse areas through building forms that activate the street edge. Uses are primarily residential with neighborhood-scaled commercial uses

CPD recommends approval, based on finding all review criteria have been met

1. Consistency with Adopted Plans
2. Uniformity of District Regulations
3. Further Public Health, Safety and Welfare
4. Justifying Circumstances
5. Consistency with Neighborhood Context, Zone District Purpose and Intent
