**EXECUTIVE SUMMARY**

**Contractor: Colorado Petroleum Storage Tank Fund  
(Revenue Contract) - Contract Control Number: RC 91008 - 3**

The City currently conducts remediation activities at the Fire Station 28 site as required by the Colorado Department of Labor and Employment, Division of Oil and Public Safety (OPS; OPS Event ID 4805). This requirement is due to a past release of petroleum product from a former underground storage tank. The Fund allows owners of leaking underground storage tanks to make applications to the Fund for reimbursement of remediation costs. The City periodically submits applications to the Colorado Petroleum Storage Tank Fund for reimbursement of City expenses incurred during remediation of petroleum contamination. To date, the City has received \$680,838.86 in connection with remediation activities at the City's Fire Station 28 site located at 4306 S. Wolff Street, Denver, Colorado. An application of \$142,123.58 will be made to the Fund upon approval of this ordinance, and future Fund applications are anticipated for this site.
