12 **County of Denver, without increasing taxes by this measure, reestablish the city’s**

14 **Assembly with their passage of Senate Bill 05-152, including the authority but not**
15 **obligation to provide high-speed Internet (advanced services), telecommunication**
16 **services, and cable television services, including any new and improved high**

18 **schools, libraries, non-profit entities and other users of such services either**
19 **directly or indirectly with public or private sector partners, as expressly permitted**
20 **by Article 27, Title 29 of the Colorado Revised Statutes.**

21
22 **WHEREAS**, in 2005, the Colorado General Assembly enacted article 27 of title 29 of the
23 Colorado Revised Statutes, know as Senate Bill 05-152 (“S.B. 152”), intended to limit local
24 government competition with the private sector in the provision of broadband (advanced services),
25 telecommunications, and cable television services by, among other things, requiring local
26 governments to secure voter approval before entering into or participating in the broadband business;

27 **WHEREAS**, without voter approval, S.B. 152 limits the ability of local governments to provide a
28 wide spectrum of broadband related services, beyond the direct provision of internet service to
29 customers, including offering free wi-fi in public buildings, community centers, or other facilities,
30 leveraging of government-owned fiber networks or infrastructure through sale or lease of these assets,
31 and partnering with other public entities or private businesses in a variety of ways to provide high-
32 speed internet service to local users;

33 **WHEREAS**, while the City and County of Denver currently has no plans to create a broadband
34 utility, voter approval of this ballot question would remove the City and County of Denver from the
35 restrictions of S.B. 152 and serve as an important step forward to position the City and County of
36 Denver to explore a variety of possible opportunities, without the constraints of S.B. 152, to partner
37 with public or private organizations to enhance the availability and affordability of high-speed internet

1 to users within the City and County of Denver or utilize City and County of Denver assets that may
2 become available in the future to serve the broadband needs of the City and County of Denver.

3
4 **BE IT ENACTED BY THE COUNCIL OF THE CITY AND COUNTY OF DENVER:**

5 **Section 1.** There is hereby submitted to the registered electors of the City and County of
6 Denver for their approval or rejection at a special municipal election held in conjunction with the
7 coordinated election on November 3, 2020, the following question:

11 Assembly with their passage of Senate Bill 05-152, including the authority but not obligation
12 to provide high-speed Internet (advanced services), telecommunication services, and cable
13 television services, including any new and improved high bandwidth services based on
14 future technologies, to residents, businesses, schools, libraries, non-profit entities and other
15 users of such services either directly or indirectly with public or private sector partners, as
16 expressly permitted by Article 27, Title 29 of the Colorado Revised Statutes?

27 schools, libraries, non-profit entities and other users of such services either directly or indirectly with
28 public or private sector partners, as expressly permitted by Article 27, Title 29 of the Colorado Revised
29 Statutes?

30
31 **Section 3.** The proper officials of the City and County of Denver as are charged with duties
32 relating to the election shall, before the election, issue such calls, make such certifications and
33 publications, give such notices, make such appointments, and do all such other acts and things in

1 connection with the submission of this ballot question to the registered electors of the City and
