**5. Describe the proposed ordinance, including what the proposed ordinance is intended to accomplish, who's involved**

**a. Scope of Work**

Increase contract capacity by \$698,471.20, bringing the on-call contract balance to \$750,000. T2's on-call contract capacity has rapidly decreased due to the peak in number of projects put out to bid as we enter the third year of bond implementation. Additionally, this contractor has been highly competitive in its bids via the on-call program, reducing the original contract amount of \$1.45 million to approximately \$52,000. Adding capacity will allow us to motivate this on-call to continue highly competitive bidding. Adding capacity will allow us to continue to work with this motivated, efficient and responsive contractor and to further encourage highly competitive bidding. This on-call contract expires February 2012. We anticipate issuing a new RFP in Summer 2011. MWBE goals 12%
