5. General description or background of proposed request. Attach executive summary if more space needed:

Earth Services provides services for the maintenance, jetting, and cleaning of grease and sand trap pretreatment devices and associated drain lines that service common use waste lines at DEN. Services include removal and disposal of any resulting waste materials to appropriately permitted and designated off-property facilities. Within this amendment, the DEN Concourse Expansion Program (CEP) will add nine (9) additional sand/oil interceptors and eight (8) additional grease interceptors, totaling seventeen (17) new traps for carrier and concessions shared usage. From a twelve (12) month average of invoiced amounts for this service, we can predict the costs associated with adding these new assets.
