

DEPARTMENT OF AVIATION

CITY COUNCIL ORDINANCE REQUEST SUMMARY

GUN CLUB ON-RAMP TO PEÑA BOULEVARD

Purpose and Use of Agreement

The new Gun Club On-Ramp will provide direct access to Peña Boulevard inbound and the airport's terminal from the cell phone waiting lot and West Approach Development located at the intersection of Peña Boulevard and North Gun Club Road. The on-ramp eliminates 1.5 miles of travel on local surface roadways using the Jackson Gap on-ramp in the current condition. Jackson Gap Street has become increasingly congested, and construction of this new access to Peña Boulevard will reduce traffic volumes within the interchange, reducing delays for all users. This improvement benefits the public users, airport shuttle bus service, and rental car bus service, as well as facilitates additional real estate development along Gun Club Road.

Contract Description

Contract Project Name: Gun Club On-Ramp to Peña Boulevard, IFB No. 202366978

Term Including Options Years: Notice to Proceed (NTP) plus 341 calendar days.

Maximum Contract Liability: \$5,420,179.90

Project Area
