EXECUTIVE SUMMARY

The purpose of the resolution is to set a public hearing to approve the Service Plan for a new metropolitan district located at near 39th and High adjacent to the 39th Avenue Greenway.

The purpose of the metro district is to finance, construct and maintain public improvements supporting commercial land uses. The Developer envisions a mixed-use, transit-oriented development including public spaces, office, retail, entertainment, and hotel uses. The Project is anticipated to involve both new construction and restoration of historic buildings at the site. The Project is expected to encompass over 700,000 square feet of commercial space with multiple tenants throughout the entire site creating a vibrant mixed-use community. Current plans by the Developer do not include any residential and has stated that no new zoning is required to build the current vision for the Project.

State law requires notice of a public hearing on the Service Plan be at least 20 days prior to a public hearing which will be at City Council on September 17th. A presentation in Finance and Governance Committee is scheduled on August 28th.

The ordinance requesting to approve the Service Plan will promptly follow this resolution. Staff is asking for the resolution setting the public hearing date to pass out of committee on consent since a presentation will be conducted as part of the ordinance approving the service plan. Below is a schedule illustrating the City Council process.
