Contract Extension: Out of School Youth Services

- **Program Administrator:** Ability Connection Colorado
- **Current Term:** 07/01/21 – 06/30/22
- **Extension Request:** 06/30/22 - 08/31/22
- **Amount:** \$550,000 (\$0 added)
- **Service:**

For the past three years, Ability Connection Colorado has provided Workforce Innovation and Opportunity Act services for out-of-school youth on behalf of Denver Workforce Services. This has included customized employment and training services for eligible youth ages 16-24. This two-month extension will allow for additional time to transition customers to the current provider, Eckerd Connects without adding any additional dollars to the contract.

Contract: One-Stop Operator

- **Program Administrator:** Eckerd Connects
- **Term:** 07/01/2021 – 06/30/2023
- **Amount:** \$4,520,070
- **Service:**

Eckerd Connects will serve as both the one-stop operator and service provider, that employs vision, innovation, accountability, and efficient and effective utilization of resources in workforce development programming. As customers are engaged across multiple entry points, their individual needs shall be identified and addressed, and they will be provided with access to programs, services, and navigation to supplementary supports.

A photograph of the Denver City and County Building. The building is a large, light-colored stone structure with a prominent clock tower. A flagpole with the Denver flag is in the foreground on the left, and a small American flag is flying from the building's roof. The sky is blue with some clouds.

**Action requested: Your support as we move
Resolution 22-1031 and Resolution 22-1032 through
the City Council process. This investment on Denver's
part will have a positive and compounding impact on
our community.**

A wide-angle photograph of the Denver city skyline at sunset. The sky is a warm orange and yellow, with the city lights of skyscrapers like the 16th Street Mall and the Daniels & Fisher Tower reflecting on the buildings. In the background, the Rocky Mountains are visible under the same warm glow.
