The remaining order of precedence is established in General Conditions Title 4.

1. SCOPE OF WORK:

A. Contractor shall furnish all labor and tools, supplies, equipment, superintendence, materials, and everything necessary for and required to do, perform, and complete all of the work described, drawn, set forth, shown, and included in the Scope of Work, attached as *Exhibit A*, the Task Orders issued pursuant to this Contract, and the Contract Documents (the “**Work**”).

B. Task Orders. The Project Manager will issue task orders for Work to be completed under this Contract (“**Task Orders**”), and the Task Order process as specified in *Exhibit J*. The terms of each Task Order may include, but are not limited to, information regarding schedule, staffing, and pricing. All Task Orders must be competitively procured and bids for such Task Orders shall be submitted as required by the City, including as specified in *Exhibit J*.

2. TERM OF CONTRACT:

A. The term of this Contract shall commence on the Effective Date and shall expire three (3) years from the Effective Date (“**Term**”), unless terminated in accordance with the terms stated herein (the “**Expiration Date**”). The Term of this Contract may be extended for two (2) periods of one (1) year each, on the same terms and conditions, by written notice from the CEO to Contractor. However, no extension of the Term shall increase the Maximum Contract Amount stated below. If, at the Expiration Date, there remains any outstanding Work to be completed under a validly issued Task Order, the Senior Vice President of Design, Engineering and Construction (the “**SVP**”), in their sole discretion, may direct Contractor to complete the Work in accordance with the terms and conditions of the Task Order and this Contract.

B. Contractor agrees to begin the performance of the Work required under this Contract or any individual Task Order within ten (10) days after being notified to commence Work by the **SVP** and agrees to fully complete the Work described in each Task Order in its entirety within the time frame established for the Task Order. This period of performance for each Task Order is also referred to as “**Contract Time**.” Contractor is not authorized to commence work prior to its receipt of each Task Order or Notice to Proceed, if one is provided for in a Task Order.

3. TERMS OF PAYMENT:

A. The City agrees to pay Contractor for the performance and completion of all of the Work required by the Scope of Work, each authorized Task Order and the Contract Documents, and Contractor and the City shall not be liable under the terms of this Contract for an amount in excess of a total amount of **Twenty-Five Million Dollars and No Cents (\$25,000,000.00)** (the “**Maximum Contract Amount**”). Contractor acknowledges that this Contract is an On-Call Contract and there is no obligation for the City to issue any Task Orders under this Contract.

B. In no event will the City’s entire liability under this Contract exceed the Maximum Contract Amount, as adjusted by duly authorized Change Orders in accordance with this Contract. The Parties specifically agree that any performance by Contractor hereunder shall not subject the City to any cost, charge, or fee not specified in this Contract.

4. VERIFIED STATEMENT OF CLAIMS:

Colorado Revised Statutes (“**C.R.S.**”) § 38-26-107 requires that, in the event any person or company files a verified statement of amounts due and unpaid in connection with a claim for labor and materials supplied on this project, the City shall withhold from payments to Contractor sufficient funds to insure the payment of any such claims. Should the City be made a party to any lawsuit to enforce such unpaid claims or any lawsuit arising out of or relating to such withheld funds, Contractor agrees to pay to the City its costs and a reasonable attorney’s fee incurred in any such lawsuit. Because the City Attorney Staff does not bill the City for legal services on an hourly basis, Contractor agrees a reasonable fee shall be computed at the rate of two hundred dollars and no cents (\$200.00) per hour of City Attorney time.

5. DISPUTES:

All disputes arising under or related to this Contract shall be resolved by administrative hearing under the procedures described in *Exhibit F*, as modified by *Exhibit E*, if any, and the Denver Revised Municipal Code (“**D.R.M.C.**”) § 5-17 and all related rules and procedures, including but not limited to DEN Rule 250. The determination resulting from said administrative hearing shall be final, subject only to Parties’ right to appeal the determination under Colorado Rule of Civil Procedure, Rule 106.

6. DEFENSE AND INDEMNIFICATION:

A. To the fullest extent permitted by law, Contractor hereby agrees to defend, indemnify, reimburse and hold harmless City, its appointed and elected officials, agents and employees for, from and against all liabilities, claims, judgments, suits or demands for damages to persons or property arising out of, resulting from, or related to the work performed under this Contract that are due to the negligence or fault of Contractor or Contractor’s agents, representatives, subcontractors, or suppliers (“**Claims**”). This indemnity shall be interpreted in the broadest possible manner consistent with the applicable law to indemnify the City.

B. Contractor’s duty to defend and indemnify City arise at the time written notice of the Claim is first provided to the City regardless of whether suit has been filed and even if Contractor is not named as a Defendant.

C. Contractor will defend any and all Claims which may be brought or threatened against the City and will pay on behalf of the City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney’s fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation, including but not limited to time expended by the City Attorney Staff, whose costs shall be computed at the rate specified in Section 5. Such payments on behalf of the City shall be in addition to any other legal remedies available to City and shall not be considered the City’s exclusive remedy.

D. Insurance coverage requirements specified in this Contract shall in no way lessen or limit the liability of Contractor under the terms of this indemnification obligation. Contractor shall obtain, at its own expense, any additional insurance that it deems necessary for the City’s

protection in the performance of this Contract.

E. This defense and indemnification obligation shall survive the expiration or termination of this Contract.

7. WAIVER OF C.R.S. § 13-20-801, *et seq.*:

Notwithstanding any other provision of this Contract, Contractor specifically waives all of the provisions of C.R.S. §§ 13-20-801 *et seq.* as they may relate to Contractor's performance under this Contract. With respect solely to the City, in the event that defects in the Project are alleged, Contractor specifically waives C.R.S. §13-20-803 through and including §13-20-807.

8. LIQUIDATED DAMAGES:

If Contractor fails to achieve Substantial Completion of the Work pursuant to each Task Order within the Contract Time or fails to substantially complete the Work described in the Scope of Work or any Task Order within the time set forth in the Special Conditions or the applicable Task Order, the City will suffer substantial damages, which would be difficult to accurately determine. The Parties hereto have considered the possible elements of damages and have agreed that the amount of liquidated damages for Contractor's failure to substantially complete the Work pursuant to each Task Order within the Contract Time shall be specified in the Task Order. If Contractor shall fail to pay such liquidated damages promptly upon demand therefor, the Surety on its Performance Bond and Payment Bond shall pay such damages. Also, the City may withhold all, or any part of, such liquidated damages from any payment due Contractor. Additional provisions relating to liquidated damages are set forth in the Construction Contract General Conditions and Special Conditions.

9. INSURANCE REQUIREMENTS:

A. Contractor shall obtain and keep in force all of the minimum insurance coverage forms and amounts set forth in ***Exhibit C*** ("**Insurance Requirements**") during the entire Contract Time, including any extensions of the Contract or other extended period stipulations stated in ***Exhibit C***. All certificates of insurance must be received and accepted by the City before any airport access or work commences.

B. Contractor shall ensure and document that all subcontractors performing services or providing goods hereunder procure and maintain insurance coverage that is appropriate to the primary business risks for their respective scopes of performance. At minimum, such insurance must conform to all applicable requirements of DEN Rules and Regulations Part 230 and all other applicable laws and regulations.

C. The City in no way warrants or represents the minimum limits contained herein are sufficient to protect Contractor from liabilities arising out of the performance of the terms and conditions of this Contract by Contractor, its agents, representatives, employees, or subcontractors. Contractor shall assess its own risks and maintain higher limits and/or broader coverage as it deems appropriate and/or prudent. Contractor is not relieved of any liability or other obligations assumed or undertaken pursuant to this Contract by reason of its failure to obtain or maintain insurance in

sufficient amounts, duration, or types.

D. In no event shall the City be liable for any of the following: (i) business interruption or other consequential damages sustained by Contractor; (ii) damage, theft, or destruction of Contractor's inventory, or property of any kind; or (iii) damage, theft, or destruction of an automobile, whether or not insured.

E. The Parties understand and agree that the City, its elected and appointed officials, employees, agents and volunteers are relying on, and do not waive or intend to waive by any provisions of this Contract, the monetary limitations and any other rights, immunities and protections provided by the Colorado Governmental Immunity Act, C.R.S. §§ 24-10-101, *et seq.*, or otherwise available to the City, its elected and appointed officials, employees, agents and volunteers.

10. CONTRACT BINDING:

It is agreed that this Contract shall be binding on and inure to the benefit of the Parties hereto, their heirs, executors, administrators, assigns, and successors.

11. SEVERABILITY:

If any part, portion, or provision of this Contract shall be found or declared null, void, or unenforceable for any reason whatsoever by any court of competent jurisdiction or any governmental agency having authority thereover, only such part, portion, or provision shall be affected thereby and all other parts, portions, and provisions of this Contract shall remain in full force and effect.

12. ASSIGNMENT:

Contractor shall not assign, pledge or transfer its duties, obligations, and rights under this Contract, in whole or in part, without first obtaining the written consent of the CEO or their authorized representative. Any attempt by Contractor to assign or transfer its rights hereunder without such prior written consent shall, at the option of the CEO or their authorized representative, automatically terminate this Contract and all rights of Contractor hereunder.

13. APPROPRIATIONS:

Payment will be in accordance with the provisions of the Contract Documents, including Title 9 of the General Conditions, and will be made solely and exclusively from funds appropriated and otherwise lawfully made available for the purposes of this Contract from the Airport System Funds. The City has no obligation to make payments from any other fund or source or to make additional appropriations or allocations to such fund to satisfy such costs or other obligations.

14. APPROVALS:

In the event this Contract calls for the payment by the City of Five Million Dollars and no cents (\$5,000,000.00) or more, approval by the Denver City Council, acting by Resolution in

accordance with Section 3.2.6 of the Charter of the City and County of Denver, is and shall be an express condition precedent to the lawful and binding execution and performance of this Contract.

15. JOINT VENTURE:

If Contractor is a Joint Venture, the partners to the Joint Venture shall be jointly and severally liable to the City for the performance of all duties and obligations of Contractor which are set forth in the Contract.

16. NO DISCRIMINATION IN EMPLOYMENT:

In connection with the performance of work under the Contract, Contractor may not refuse to hire, discharge, promote, demote, or discriminate in matters of compensation against any person otherwise qualified, solely because of race, color, religion, national origin, ethnicity, citizenship, immigration status, gender, age, sexual orientation, gender identity, gender expression, marital status, source of income, military status, protective hairstyle, or disability. Contractor shall insert the foregoing provision in all subcontracts.

17. COORDINATION OF SERVICES:

Contractor agrees to perform its work under this Contract in accordance with the operational requirements of DEN, and all work and movement of personnel or equipment on areas included within the DEN site shall be subject to the regulations and restrictions established by the City or its authorized agents.

18. COMPLIANCE WITH ALL LAWS AND REGULATIONS:

A. Contractor and its subcontractor(s) shall perform all work under this Contract in compliance with all existing and future applicable laws, rules, regulations, and codes of the United States and the State of Colorado and with the City Charter, ordinances, Executive Orders, and rules and regulations of the City.

B. Contractor shall perform all work in compliance with Executive Order No. 123 regarding Sustainability as may be directed by the City, including the requirement that all new City buildings and major renovations will be certified to the applicable Leadership in Energy and Environmental Design (“**LEED**”) Gold Certification, with the goal of achieving LEED Platinum where economically feasible. Contractor also shall comply with all applicable DEN design and construction standards, including the DEN Design Standards Manuals, which are incorporated herein by reference. Current versions can be found at: <https://business.flydenver.com/bizops/bizRequirements.asp>.

19. PREVAILING WAGE REQUIREMENTS:

A. Contractor shall comply with, and agrees to be bound by, all requirements, conditions and determinations of the City regarding D.R.M.C. §§20-76 through 20-79 (“**Prevailing Wages Ordinance**”), including, but not limited to, the requirement that every covered worker working on a City-owned or leased building or on City-owned land shall be paid

no less than the prevailing wages and fringe benefits in effect on the date the bid or request for proposal was advertised. In the event a request for bids, or a request for proposal, was not advertised, Contractor shall pay every covered worker no less than the prevailing wages and fringe benefits in effect on the date funds for the Contract were encumbered.

Date bid or proposal issuance was advertised: July 17, 2024.

A. Prevailing wage and fringe rates will adjust on the yearly anniversary of the actual date of bid or proposal issuance, if applicable, or the date of the written encumbrance if no bid/proposal issuance date is applicable. Unless expressly provided for in this Contract, Contractor will receive no additional compensation for increases in prevailing wages or fringe rates.

B. Contractor shall provide the Auditor of the City and County of Denver (“**Auditor**”) with a list of all subcontractors providing any services under the Contract.

C. Contractor shall provide the Auditor with electronically-certified payroll records for all covered workers employed under the Contract in a manner specified by the Auditor.

D. Contractor shall prominently post at the work site the current prevailing wage and fringe rates. The posting must inform workers that any complaints regarding the payment of prevailing wages or fringe benefits may be submitted to the Auditor by calling 720-913-5000 or emailing auditor@denvergov.org.

E. If Contractor fails to pay workers as required by the Prevailing Wage Ordinance, Contractor will not be paid until documentation of payment satisfactory to the Auditor has been provided. The Auditor may enforce the Prevailing Wage Ordinance in a manner provided by law, including the Prevailing Wage Ordinance. The City also may, by written notice, suspend or terminate work if Contractor fails to pay required wages and fringe rates.

20. NON-EXCLUSIVE RIGHTS:

This Contract does not create an exclusive right for Contractor to perform the work described herein at DEN. The City may, at any time, award other contracts to other contractors or consultants for the same or similar services to those described herein. In the event of a dispute between Contractor and any other party at DEN, including DEN itself, as to the privileges of the parties under their respective contracts, DEN shall determine the privileges of each party and Contractor agrees to be bound by DEN’s decision.

21. CITY PROMPT PAYMENT:

A. Unless otherwise provided in this Contract, the City will make monthly progress payments to Contractor for all services performed under this Contract based upon Contractor’s monthly invoices and in compliance with the General Conditions, as they may be modified in this Contract. The City’s Prompt Payment Ordinance, D.R.M.C. §§ 20-107 to 20-118 applies to invoicing and payment under this Contract.

B. Final Payment to Contractor shall not be made until after the Project is accepted,

and all certificates of completion, record drawings and reproducible copies are delivered to the City, and the Contract is otherwise fully performed by Contractor. In addition to retention, the City may, at the discretion of the CEO, withhold reasonable amounts from billing and the entirety of the final payment until all such requirements are performed to the satisfaction of the CEO.

C. Prompt Pay of MWBE Subcontractors. For contracts of One Million Dollars (\$1,000,000.00) and over to which D.R.M.C. § 28-72 applies, Contractor is required to comply with the prompt payment provisions under D.R.M.C. § 28-72, with regard to payments by Contractor to MWBE subcontractors. Contractor shall make payment by no later than thirty-five (35) days from receipt by Contractor of the subcontractor's invoice.

22. OWNERSHIP AND DELIVERABLES:

Upon payment to Contractor, all records, data, deliverables, and any other work product prepared by Contractor or any custom development work performed by Contractor for the purpose of performing this Contract on or before the day of payment for such work shall become the sole property of the City. Upon request by the City, or based on any schedule agreed to by Contractor and the City, Contractor shall provide the City with copies of the data/files that have been uploaded to any database maintained by or on behalf of Contractor or otherwise saved or maintained by Contractor as part of the services provided to the City under this Contract. All such data/files shall be provided to the City electronically in a format agreed to by the Parties. Contractor also agrees to allow the City to review any of the procedures Contractor uses in performing any work or other obligations under this Contract, and to make available for inspection any and all notes, documents, materials, and devices used in the preparation for or performance of any of the scope of work, for up to six (6) years after termination of this Contract. Upon written request from the City, Contractor shall deliver any information requested pursuant to this Section within ten (10) business days in the event a schedule or otherwise agreed-upon timeframe does not exist.

23. COLORADO OPEN RECORDS ACT:

A. Contractor acknowledges that the City is subject to the provisions of the Colorado Open Records Act ("CORA"), C.R.S. §§ 24-72-201 *et seq.*, and Contractor agrees that it will fully cooperate with the City in the event of a request or lawsuit arising under such act for the disclosure of any materials or information which Contractor asserts is confidential or otherwise exempt from disclosure. Any other provision of this Contract notwithstanding, all materials, records, and information provided by Contractor to the City shall be considered confidential by the City only to the extent provided in CORA, and Contractor agrees that any disclosure of information by the City consistent with the provisions of CORA shall result in no liability of the City.

B. In the event of a request to the City for disclosure of such information, time and circumstances permitting, the City will make a good faith effort to advise Contractor of such request in order to give Contractor the opportunity to object to the disclosure of any material Contractor may consider confidential, proprietary, or otherwise exempt from disclosure. In the event Contractor objects to disclosure, the City, in its sole and absolute discretion, may file an application to the Denver District Court for a determination of whether disclosure is required or exempted. In the event a lawsuit to compel disclosure is filed, the City may tender all such material

to the court for judicial determination of the issue of disclosure. In both situations, Contractor agrees it will either waive any claim of privilege or confidentiality or intervene in such legal process to protect materials Contractor does not wish disclosed. Contractor agrees to defend, indemnify, and hold harmless the City, its officers, agents, and employees from any claim, damages, expense, loss, or costs arising out of Contractor's objection to disclosure, including prompt reimbursement to the City of all reasonable attorney's fees, costs, and damages the City may incur directly or may be ordered to pay by such court, including but not limited to time expended by the City Attorney Staff, whose costs shall be computed at the rate of two hundred dollars and no cents (\$200.00) per hour of City Attorney time.

24. EXAMINATION OF RECORDS AND AUDITS:

A. Any authorized agent of the City, including the Auditor or their representative, has the right to access and the right to examine, copy and retain copies, at City's election in paper or electronic form, any pertinent books, documents, papers and records related to Contractor's performance pursuant to this Contract, provision of any goods or services to the City, and any other transactions related to this Contract. Contractor shall cooperate with City representatives and City representatives shall be granted access to the foregoing documents and information during reasonable business hours and until the latter of three (3) years after the final payment under the Contract or expiration of the applicable statute of limitations. When conducting an audit of this Contract, the Auditor shall be subject to government auditing standards issued by the United States Government Accountability Office by the Comptroller General of the United States, including with respect to disclosure of information acquired during the course of an audit. No examination of records and audit pursuant to this paragraph shall require Parties to make disclosures in violation of state or federal privacy laws. Parties shall at all times comply with D.R.M.C. § 20-276.

B. Additionally, Contractor agrees until the expiration of six (6) years after the final payment under this Contract, any duly authorized representative of the City, including the CEO or their representative, shall have the right to examine any pertinent books, documents, papers and records of Contractor related to Contractor's performance of this Contract, including communications or correspondence related to Contractor's performance, without regard to whether the work was paid for in whole or in part with federal funds or was otherwise related to a federal grant program.

C. In the event the City receives federal funds to be used toward the services performed under this Contract, the Federal Aviation Administration ("FAA"), the Comptroller General of the United States and any other duly authorized representatives shall have access to any books, documents, papers and records of Contractor which are directly pertinent to a specific grant program for the purpose of making audit, examination, excerpts and transcriptions. Contractor further agrees that such records will contain information concerning the hours and specific services performed along with the applicable federal project number.

25. COMPLIANCE WITH DENVER WAGE LAWS:

To the extent applicable to Contractor's provision of Work hereunder, Contractor shall comply with, and agrees to be bound by, all rules, regulations, requirements, conditions, and City

determinations regarding D.R.M.C. §§ 58-1 through 58-26, City's Minimum Wage and Civil Wage Theft Ordinances ("**Wage Ordinances**"), including, but not limited to, the requirement that every covered worker shall be paid all earned wages under applicable state, federal, and city law in accordance with the foregoing D.R.M.C. Sections. By executing this Contract, Contractor expressly acknowledges that Contractor is aware of the requirements of the City's Ordinances and that any failure by Contractor, or any other individual or entity acting subject to this Contract, to strictly comply with the foregoing D.R.M.C. Sections shall result in the penalties and other remedies authorized therein.

26. COMPLIANCE WITH MINORITY/WOMEN BUSINESS ENTERPRISE REQUIREMENTS:

A. This Contract is subject to D.R.M.C. Article III, Divisions 1 and 3 of Chapter 28, designated as §§ 28-31 to 28-40 and 28-51 to 28-90 (the "**MWBE Ordinance**") and any Rules or Regulations promulgated pursuant thereto. Contractor's goal commitment to MWBE participation for this Contract is 20% as stipulated in the Division of Small Business Opportunity's ("**DSBO**") Commitment to MWBE Participation Form submitted by Contractor.

B. Under D.R.M.C. § 28-68, Contractor has an ongoing, affirmative obligation to maintain for the duration of this Contract, at a minimum, compliance with the MWBE participation upon which this Contract was awarded, unless the City initiates a material modification to the scope of work affecting MWBEs performing on this Contract through change order, contract amendment, force account, or as otherwise described in D.R.M.C. § 28-70. Contractor acknowledges that:

(i) If directed by DSBO, Contractor is required to develop and comply with a Utilization Plan (also known as the "**MWBE EDI Plan**"), attached hereto as ***Exhibit K***, in accordance with D.R.M.C. § 28-62(b). Along with the Utilization Plan requirements, Contractor must establish and maintain records and submit regular reports, as directed by DSBO, which will allow the City to assess progress in complying with the Utilization Plan and achieving the MWBE requirement. The Utilization Plan is subject to modification by DSBO.

(ii) If change orders or any other contract modifications are issued under the Contract, Contractor shall have a continuing obligation to immediately inform DSBO in writing of any agreed upon increase or decrease in the scope of work of such contract, upon any of the bases discussed in D.R.M.C. § 28-70, regardless of whether such increase or decrease in scope of work has been reduced to writing at the time of notification.

(iii) If change orders or other amendments or modifications are issued under the Contract that include an increase in the Scope of Work of this Contract, whether by amendment, change order, force account or otherwise, which increases the dollar value of the Contract, whether or not such change is within the scope of work designated for performance by an MWBE at the time of contract award, such change orders or contract modification shall be immediately submitted to DSBO for notification purposes.

(iv) Those amendments, change orders, force accounts or other contract modifications that involve a changed scope of work that cannot be performed by existing project subcontractors are subject to the original contract goal. Contractor shall satisfy the goal with respect to such changed scope of work by soliciting new MWBEs in accordance with D.R.M.C. § 28-70. Contractor must also satisfy the requirements under D.R.M.C. §§ 28-60 and 28-73 with regard to changes in scope or participation, including termination or substitution of an MWBE subcontractor. Contractor shall supply to the DSBO Director all required documentation described in D.R.M.C. §§ 28-60, 28-70, and 28-73 with respect to the modified dollar value or work under the Contract.

(v) Failure to comply with these provisions may subject Contractor to sanctions set forth in D.R.M.C. § 28-76 of the MWBE Ordinance.

(vi) Should any questions arise regarding specific circumstances, Contractor should consult the MWBE Ordinance or may contact the Project's designated DSBO representative at (720) 913-1999.

27. **WORKFORCE REQUIREMENTS:**

A. To the extent applicable, Contractor shall comply with the requirements of D.R.M.C. Article XI, Chapter 28 (the "**Workforce Ordinance**"). If the City determines that a Task Order issued pursuant to this Contract will be Ten Million Dollars (\$10,000,000) or more, the Task Order will be subject to the Workforce Ordinance. Contractor shall also comply with any implementing rules and regulations promulgated by the Denver Construction Careers Program of the Denver Economic Development and Opportunity agency and Contractor's, approved Workforce Plan (collectively "**Workforce Requirements**").

B. All costs arising out of or related to compliance with Workforce Requirements are included in Contractor's Proposal, attached hereto as **Exhibit L**. Contractor is not entitled to additional compensation, change orders or modifications for complying with Workforce Requirements. Contractor's Workforce Commitment Form is attached hereto as **Exhibit M**.

28. **SENSITIVE SECURITY INFORMATION:**

Contractor acknowledges that, in the course of performing its Work under this Contract, Contractor may be given access to Sensitive Security Information ("**SSI**"), as material is described in title 49 of the Code of Federal Regulations ("**C.F.R.**"), Part 1520. Contractor specifically agrees to comply with all requirements of the applicable federal regulations, including but not limited to, 49 C.F.R. Parts 15 and 1520. Contractor understands any questions it may have regarding its obligations with respect to SSI must be referred to DEN's Security Office.

29. **DEN SECURITY:**

A. Contractor, its officers, authorized officials, employees, agents, subcontractors, and those under its control, shall comply with safety, operational, or security measures required of Contractor or the City by the FAA or Transportation Security Administration ("**TSA**"). If Contractor, its officers, authorized officials, employees, agents, subcontractors or those under its

control, fail or refuse to comply with said measures and such non-compliance results in a monetary penalty being assessed against the City, then, in addition to any other remedies available to the City, Contractor shall fully reimburse the City any fines or penalties levied against the City, and any attorney fees or related costs paid by the City as a result of any such violation. Contractor must pay this amount within fifteen (15) days from the date of the invoice or written notice. Any fines and fees assessed by the FAA or TSA against the City due to the actions of Contractor and/or its agents will be deducted directly from the invoice for that billing period.

B. Contractor is responsible for compliance with Airport Security regulations, 49 C.F.R. Part 1542 (Airport Security) and 14 C.F.R. Part 139 (Airport Certification and Operations). Any and all violations pertaining to Parts 1542 and 139 resulting in a fine will be passed on to and borne by Contractor. The fee/fine will be deducted from the invoice at time of billing.

30. FEDERAL RIGHTS:

A. This Contract is subject and subordinate to the terms, reservations, restrictions and conditions of any existing or future contracts between the City and the United States, the execution of which has been or may be required as a condition precedent to the transfer of federal rights or property to the City for airport purposes, and the expenditure of federal funds for the extension, expansion or development of the Airport System. It also is subject to the terms below and in *Appendix No. 1* to this Contract.

(i) General Civil Rights: Contractor agrees to comply with pertinent statutes, Executive Orders and such rules as are promulgated to ensure that no person shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participating in any activity conducted with or benefiting from Federal Assistance. This provision binds Contractor and subcontractors from the bid solicitation period through the completion of the Contract. This provision is in addition to that required of Title VI of the Civil Rights Act of 1964.

(ii) Federal Fair Labor Standards Act: This Contract incorporates by reference the provisions of 29 C.F.R. Part 201, the Federal Fair Labor Standards Act (“**FLSA**”), with the same force and effect as if given in full text. The FLSA sets minimum wage, overtime pay, recordkeeping, and child labor standards for full and part-time workers. Contractor agrees to incorporate by reference the provisions of FLSA in all contracts and subcontracts resulting from this Contract. - h. The Contractor should have made sure that seniority practices and job classifications do not have a discriminatory effect.
- i. The Contractor should have made certain that all facilities are not segregated by race.
- j. - k. The Contractor should have solicited bids for subcontracts from available minority and female subcontractors engaged in the trades covered by these Bid Conditions, including circulation of minority and female contractor associations.

NOTE:

The Director and the Division of Small Business Opportunity will provide technical assistance on questions pertaining to minority and female recruitment sources, minority and female community organizations, and minority and female news media upon receipt of a request for assistance from a contractor.

3. NON - DISCRIMINATION:

In no event may a contractor utilize the goals and affirmative action steps required in such a manner as to cause or result in discrimination against any person on account of race, color, religion, sex, marital status, national origin, age, mental or physical handicap, political opinion or affiliation.

4. COMPLIANCE AND ENFORCEMENT:

In all cases, the compliance of a contractor will be determined in accordance with its obligations under the terms of these Bid Conditions. All contractors performing or to perform work on projects subject to these Bid Conditions hereby agree to inform their subcontractors in writing of their respective obligations under the terms and requirements of these Bid Conditions, including the provisions relating to goals of minority and female employment and training.

B. CONTRACTORS SUBJECT TO THESE BID CONDITIONS:

In regard to these Bid Conditions, if the Contractor meets the goals set forth therein or can demonstrate that it has made every good faith effort to meet these goals, the Contractor shall be presumed to be in compliance with Article III, Division 2 of Chapter 28 of the Revised Municipal Code, the implementing regulations and its obligations under these Bid Conditions. In the event, no formal sanctions or proceedings leading toward sanctions shall be instituted unless the contracting or administering agency otherwise determines that the contractor is violating the Equal Opportunity Clause.

1. Where the Office of Contract Compliance finds that a contractor failed to comply with the requirements of Article III, Division 2 of Chapter 28 of the Revised Municipal Code or the implementing regulations and the obligations under these Bid Conditions, and so informs the Manager, the Manager shall take such action and impose such sanctions, which include suspension, termination, cancellation, and debarment, as may be appropriate under the Ordinance and its regulations. When the Manager proceeds with such formal action it has the burden of proving that the Contractor has not met the goals contained in these Bid Conditions. The Contractor's failure to meet its goals shall shift to it the requirement to come forward with evidence to show that it has met the good faith requirements of these Bid Conditions.
2. The pendency of such proceedings shall be taken into consideration by the Department of Transportation and Infrastructure in determining whether such contractor can comply with the requirements of Article III, Division 2 of Chapter 28 of the Revised Municipal Code, and is therefore a "responsible prospective contractor".
3. The Division of Small Business Opportunity shall review the Contractor's employment practices during the performance of the contract. If the Division of Small Business Opportunity determines that the Contractor's Affirmative Action Plan is no longer an acceptable program, the Director shall notify the Manager.

C. OBLIGATIONS APPLICABLE TO CONTRACTORS:

It shall be no excuse that the union with which the Contractor has a collective bargaining agreement providing for exclusive referral failed to refer minority or female employees. Discrimination in referral for employment, even if pursuant to provisions of a collective bargaining agreement, is prohibited by the National Labor Relations Act, as amended, Title VI of the Civil Rights Act of 1964, as amended, and Article III, Division 2 of Chapter 28 of the Revised Municipal Code. It is the policy of the Department of Transportation and Infrastructure that contractors have a responsibility to provide equal employment opportunity, if they wish to participate in City and County of Denver contracts. To the extent they have delegated the responsibility for some of their employment practices to a labor organization and, as a result, are prevented from meeting their obligations pursuant to Article III, Division 2, Chapter 28 of the Revised Municipal Code, such Contractors cannot be considered to be in compliance with Article III, Division 2, Chapter 28 of the Revised Municipal Code, or its implementing rules and regulations.

D. GENERAL REQUIREMENTS:

Contractors are responsible for informing their subcontractors in writing regardless of tier, as to their respective obligations. Whenever a Contractor subcontracts a portion of work in any trade covered by these

Bid Conditions, it shall include these Bid Conditions in such subcontracts and each subcontractor shall be bound by these Bid Conditions to the full extent as if it were the prime contractor. The Contractor shall not, however, be held accountable for the failure of its subcontractors to fulfill their obligations under these Bid Conditions. However, the prime contractor shall give notice to the Director of any refusal or failure of any subcontractor to fulfill the obligations under these Bid Conditions. A subcontractor's failure to comply will be treated in the same manner as such failure by a prime contractor.

1. Contractors hereby agree to refrain from entering into any contract or contract modification subject to Article III, Division 2, Chapter 28 of the Revised Municipal Code with a contractor debarred from, or who is determined not to be a "responsive" bidder for the City and County of Denver contracts pursuant to the Ordinance.
2. The Contractor shall carry out such sanctions and penalties for violation of these Bid Conditions and the Equal Opportunity Clause including suspension, termination and cancellation of existing subcontracts and debarment from future contracts as may be ordered by the Manager pursuant to Article III, Division 2, Chapter 28 of the Revised Municipal Code and its implementing regulations.
3. Nothing herein is intended to relieve any contractor during the term of its contract from compliance with Article III, Division 2, Chapter 28 of the Revised Municipal Code, and the Equal Opportunity Clause of its contract with respect to matters not covered in these Bid Conditions.
4. Contractors must keep such records and file such reports relating to the provisions of these Bid Conditions as shall be required by the Office of Contract Compliance.

INTRODUCTION

The City and County of Denver’s Department of Aviation (DEN) has initiated a contractor performance review process for the General Construction Contracts. DEN’s Design, Engineering, and Construction division will evaluate and record the contractor’s overall performance to determine whether the contractor is fulfilling its obligations on the current contract and to assess the contractor’s suitability to perform future GC-related work for DEN.

CONTRACTOR PERFORMANCE REVIEWS

The City will periodically conduct performance reviews of the Contractor throughout the contract term. The reviews will assess the Contractor's adherence to the criteria for evaluation as deemed relevant by the City.

PROPOSALS AND EXECUTION

TASK ORDER OVERVIEW

The Airport maintains various on-call professional service and construction contracts to deliver various projects on an as-needed basis. The Task Order scopes of work are defined on an individual basis and may include modifications and additions to existing airport facilities and systems and may involve various disciplines depending on the scope of the contract, including structural; mechanical; electrical; plumbing; life safety; fire alarm; fire protection; controls and automation; telecommunications; interior finishes; demolition; and site surveying. Conducting this construction work may include pre-construction planning; scheduling; cost estimating; permitting; quality control planning and management; safety planning and management; coordination with DEN stakeholders; participation in construction update meetings; and closeout activities. In addition to the types of projects described above, the Contractor may be tasked to participate in the design construction of a project by providing construction administration services.

Should a Task Order scope of work require a discipline that is not currently represented on the Contractor's team, the Contractor will be requested to add that discipline as part of the team for that specific Task Order scope of work. The Contractor will identify a specialty sub Contractor or subcontractor for the required discipline and will submit the subcontractor's qualifications, personnel pay classifications, and agreed hourly billing rates for approval by DEN.

The term "Task Order" when it is used in this Agreement includes all the work associated with the proposal preparation and construction management for any and all construction services as requested by the Senior Vice President (SVP) of Design, Engineering and Construction (DEC) or the designated DEC representative.

TASK ORDER REQUEST FOR PROPOSAL

The SVP of DEC or the designated DEC representative will issue to the Contractor a Task Order Request for Proposal (RFP) for each specific Task Order scope of work. If the work produces a product used for construction, the City may also issue a construction budget. The Contractor will prepare and submit a fee proposal and its Task Order schedule within 14 days of receipt of the signed Task Order Request for Proposal unless an alternate delivery duration is defined by the DEC Project Manager in the Task Order RFP. Task Order RFPs are not guaranteed to result in an executed Task Order.

For each Task Order RFP, the City will review the corresponding narrative, fee proposal, and Task Order schedule provided in response. The Contractor will not begin work on any Task Order scope of work without having received a fully executed Notice to Proceed. In the event of approval of the Contractor's fees and schedule, the Contractor will perform such work within the time agreed and for the compensation that is approved by the SVP of DEC or the designated DEC representative.

TASK ORDER PROPOSAL

The Contractor shall provide a fee and services proposal that includes the following:

1. A narrative of the understanding of the requested Task Order, including all assumptions, exclusions, requested expenses, and breakdown of scope of work performed by all subcontractors.
2. A schedule identifying all phases of scope of work.
3. A proposed fee, either as a time-and-materials, not-to-exceed, or as a lump sum/fixed amount for the duration of the scope of work (unless otherwise specified in the RFP), inclusive of all annual billable rate adjustments. The fee structure for the proposal will be identified and defined in the Task Order RFP.
4. A maximum sub-Contractor markup of five percent (5%).
5. An accompanying Task Order Fee Proposal Spreadsheet. When the schedule for the proposed work spans more than one calendar year, the billable rates established as part of the contract execution for the effective calendar year of the work (in the Labor Rates and Classifications Exhibit) will be used to determine the proposed fee. These rates include the initial billable rates established during the calendar year of the Contract execution, and an annual 3% rate escalation each calendar year thereafter for the life of the Contract. New calendar year rates are effective on January 1st of each year.

Fees for proposal preparation will not be reimbursed.

LUMP SUM VERSUS TIME AND MATERIALS, NOT TO EXCEED PROPOSALS

The Task Order RFP will indicate whether the Contractor is required to submit a Lump Sum proposal or a Time & Materials, Not to Exceed proposal for requested services and scope of work. Any additional proposal documentation required will be defined in the RFP. The cost of the Task Order scope of work will be provided as part of the proposal in the Fee Proposal Spreadsheet which will be provided with the RFP.

1. Lump Sum Proposal - The written proposal will be related to levels of effort and a clear scope of work provided at the time of the issuance of a Request for Proposal (RFP). The Contractor's fee will be provided as a lump sum (fixed price) amount for the entirety of the scope of work, which will be invoiced monthly as a percent-complete of the lump sum (fixed price) for the previous billing period.
2. Time and Materials Proposal - The written proposal will be related to projected hours and associated costs related to delivering the scope of work as needed.
 - a. For construction tasks, a Time and Materials Proposal will be required to be submitted along with a General Contractor Task Order Pricing Request Worksheet.
 - b. For professional service tasks, a Time and Materials Proposal will be required to be submitted along with a Professional Service Task Order Fee Proposal Worksheet that includes fully burdened rates.
