

All In Mile High Health Services Contract

Purpose of Contract

Contracting Process

HOST

- RFP for health services at AIMH sites
- Colorado Coalition for Homeless was awarded the contract as having the highest scoring bid and the most comprehensive approach to providing services

DDPHE

- Q4 2024, DPHE asked to take over management of contract, draft agreement by December
- December-February, negotiations and city review process completed
- March-April, final contracting and legislative processes initiated

Council

- DDPHE began having discussions with CMs regarding contract in February
- Briefings offered in April, also discussed as part of AIMH quarterly briefings
- Contract held at April 30 meeting, additional info shared and follow-up briefings offered

Data Reporting

HOST Contract

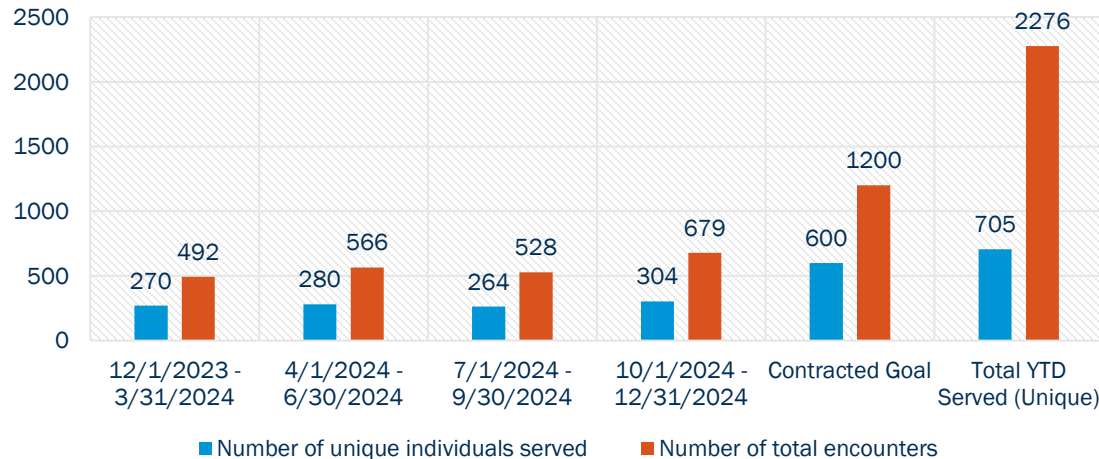

- # of clients contacted
- # of interactions relative to each type of health service
- Client demographic data

DDPHE Contract & Plans

- Continue data on client contacts, referrals, and demographics
- Data sharing will allow visibility on “follow-through”
- Analysis will allow development of evaluation metrics

CCH Health Contract Performance to Date

2024 Individuals Served and Service Encounters
(via CCH Contract)

Jan. 1 – March 7, 2025

- An additional 216 clients have been served with a total of 410 encounters
- Primary care is the #1 service provided, followed by mental health and non-psych behavioral health

Physical and Behavioral Health Service Delivery

- Virtual intake form to serve as a direct referral to CCH
- Clients assessed for acuity and triaged appropriately (CCH or Roads to Recovery)
- CCH to provide core services, referral for specialized and other follow-up treatment
- Additional on-site staff and a modified rotation of services

Services will include:

- CCH: Care-coordination and delivery - primary care, behavioral health, MAT/SUD treatment, psychiatry, and dental services for lower acuity clients
- Roads to Recovery: Intensive case management and treatment provision for those with high acuity Mental Health/ Substance Use Disorder as capacity allows

Next Steps

Continuous Improvement

Service type and staffing have continuously evolved over 18 months of contract

DDPHE began working w/ CCH to enhance service delivery in Q4 2024

Several process improvements within the city, by shelter providers, and by CCH have been incorporated in 2025

Contract and Data Sharing

DPHE began directly supporting the work January 2025

Base contract finalized in March and awaiting approval

Data sharing agreement in process upon contract approval

Analysis and Evaluation

Data sharing will allow DPHE visibility into follow-through

Analysis will allow continued refinement of scope of services

Analysis will also allow development of evaluation metrics to measure success

Timeline: Today – 2025
